

than 90 days, if it determines that the review is extraordinarily complicated. We determine that this review is extraordinarily complicated, pursuant to sections 751(c)(5)(C) (i) and (ii) of the Act, because there are a large number of issues, some of which are complex. The parties filed comments raising various issues which require additional time for analysis, including the relevance of recent World Trade Organization decisions and the Department's duty absorption analysis in the concurrent administrative review.

The Department's preliminary results of the sunset review of the antidumping duty order on certain hot-rolled carbon steel flat products from the Netherlands are currently scheduled for November 19, 2006 and the final results are currently scheduled for March 29, 2007. However, the Department will extend the deadlines in this proceeding for the above-stated reasons. As a result, the Department intends to issue the preliminary results of the full sunset review by February 12, 2007, and the final results of that review by June 22, 2007. These dates are 85 days from the original scheduled dates of the preliminary and final results of the sunset review.

This notice is issued in accordance with sections 751(c)(5)(B) and (C) of the Act.

Dated: November 16, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Federal Consistency Appeal by Boyer Towing, Inc. From an Objection by the Alaska Department of Natural Resources

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (Commerce).

ACTION: Notice of Appeal and request for comments—administrative appeal decision record.

SUMMARY: This announcement provides notice that Boyer Towing, Inc. ("Boyer Towing") has filed an administrative appeal with the Department of Commerce asking that the Secretary override the Alaska Department of Natural Resources (ADNR) objection to the construction of two proposed log raft mooring buoys inside of the small

cover locally referred to as the "Pothole," on the eastern shore of Woewodski Island in Wrangell Narrows, near Ketchikan, Alaska.

DATES: Public and federal agency comments on the appeal are due within 30 days of the publication of this notice.

ADDRESSES: Comments should be sent to Odin Smith, Attorney-Advisor, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. FOR FURTHER INFORMATION CONTACT: Odin Smith, Attorney-Advisor, NOAA Office of the General Counsel, 301-713-7392.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

Boyer Towing has filed a notice of appeal with the Secretary of Commerce pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR Part 930, Subpart H. Boyer Towing appealed an objection raised by the ADNR to a consistency certification contained within its application to the U.S. Army Corps of Engineers for a permit necessary to construct two log raft mooring buoys inside of the small cove locally referred to as the "Pothole," on the eastern shore of Woewodski Island in Wrangell Narrows, near Ketchikan, Alaska.

The Appellant requests that the Secretary override the State's consistency objections on grounds that the project is consistent with the objectives or purposes of the CZMA. To make the determination that the proposed activity is "consistent with the objectives or purposes" of the CZMA, the Secretary must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the activity to be conducted in a manner consistent with enforceable policies of Alaska's coastal management program. 15 CFR 930.121 (2005), *as amended*, 71 FR 787831 (Jan. 5, 2006).

II. Public and Federal Agency Comments

Written comments are invited on any of the issues that the Secretary must consider in deciding this appeal. Comments must be received within 30 days of the publication of this notice, and may be submitted to Odin Smith, Attorney-Advisor, NOAA Office of the General Counsel for Ocean Services, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. Comments will be made available to Boyer Towing and the State.

III. Appeal Documents

NOAA intends to provide the public with access to all materials and related documents comprising the appeal record during business hours, at the NOAA Office of the General Counsel for Ocean Services.

Limitation of Liability

Funding for programs listed in this notice is contingent upon the availability of Fiscal Year 2007 appropriations. Applicants are hereby given notice that funds have not yet been appropriated for the programs listed in this notice. In no event will NOAA or the Department of Commerce be responsible for proposal preparation costs if these programs fail to receive funding or are cancelled because of other agency priorities. Publication of this announcement does not oblige NOAA to award any specific project or to obligate any available funds.

Universal Identifier

Applicants should be aware that they are required to provide a Dun and Bradstreet Data Universal Numbering System (DUNS) number during the application process. See the October 30, 2002, Notice (67 FR 66177) for additional information. National Environmental Policy Act (NEPA)

NOAA must analyze the potential environmental impacts, as required by the National Environmental Policy Act (NEPA), for applicant projects or proposals which are seeking NOAA federal funding opportunities. Detailed

information on NOAA compliance with NEPA can be found at the following NOAA NEPA website: <http://www.nepa.noaa.gov/>, including our NOAA Administrative Order 216-6 for NEPA, http://www.nepa.noaa.gov/NAO216_6_TOC.pdf, and the Council on Environmental Quality implementation regulations, http://ceq.eh.doe.gov/nepa/regs/ceq/toc_ceq.htm. Consequently, as part of an applicant's package, and under the applicants description of their program activities, applicants are required to provide detailed information on the activities to be conducted, locations, sites, species and habitat to be affected, possible construction activities, and any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals, introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to coral reef systems).

In addition to providing specific information that will serve as the basis for any required impact analyses, applicants may also be requested to assist NOAA in drafting of an environmental assessment, if NOAA determines an assessment is required. Applicants will also be required to cooperate with NOAA in identifying feasible measures to reduce or avoid any identified adverse environmental impacts of their proposal. The failure to do so shall be grounds for not selecting an application. In some cases if additional information is required after an application is selected, funds can be withheld by the Grants Officer under a special award condition requiring the recipient to submit additional environmental compliance information sufficient to enable NOAA to make an assessment on any impacts that a project may have on the environment.

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of December 30, 2004 (69 FR 78389), are applicable to this solicitation.
