

in 2016 to better reflect the visitor's entry experience into the U.S. This was requested by the U.S. Department of Commerce Travel and Tourism Advisory Board to measure compliance with U.S. National Goals.

The revised Survey questionnaire reflects changes in various questions relating to: Trip purpose; Payment methods; Booking/Information sources; additional package components, health care/vaccinations, travel insurance information, additional transportation utilized, Assessment of the visitor's entry and overall experience; and intentions for further travel to the United States; Ethnicity/race. Several questions from the pre-existing 1996 questionnaire were eliminated to further streamline the survey.

II. Method of Collection

The survey instrument/questionnaire ('Survey of International Air Travelers', a/k/a SIAT) continues to be in paper format and is self-administered by the passenger who volunteers to take the survey, either while in the departure gate area or on-board the flight. The flights are selected randomly and this approach is described as 'cluster sampling.' The majority (90%) of the passenger surveys are collected in U.S. airport departure gate areas. About 10% of all the passenger surveys are collected during flight (on-board) post departure (Canada is not part of the program). U.S. and foreign flag airlines that volunteer to participate in the Survey program enable the collection either in U.S. departure gate areas or on-board flights.

NTTO is planning to change the format to electronic or to an equally statistically valid process once compelling results have been attained. To date there have been four 'e-Survey' tests: The first test in partnership with Global Distribution Systems (GDS), the second and third tests with major airlines in their respective boarding areas to leverage passenger's personal electronic devices (PED) and Wi-Fi capabilities in the airports and on-board certain flights, and the fourth test used 'tablet' devices to capture passenger responses in the airport gate areas. Other tests are planned in the foreseeable future based on the results of NTTO's recent request for information as preparation for the next contract cycle.

SUPPLEMENTARY INFORMATION:

Background

On November 7, 2017, Commerce published the *Preliminary Results*.¹ In the *Preliminary Results*, we determined that Ambica and Bhansali had no shipments of subject merchandise during the POR. Commerce gave interested parties an opportunity to comment on the *Preliminary Results*. We received no comments. Commerce conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Commerce has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the final results of this review is now March 12, 2018.²

Scope of the Order

The merchandise subject to the order is SSB. SSB means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including

² See Memorandum for The Record from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance, "Deadlines Affected by the Shutdown of the Federal Government" (Tolling Memorandum), dated January 23, 2018. squares), triangles, hexagons, octagons, or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut-to-length flat-rolled products (*i.e.*, cut-to-length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes, and sections.

Imports of these products are currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule (HTS). Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.

Final Determination of No Shipments

As noted in the *Preliminary Results*, Commerce received a claim of no shipments from Ambica and Bhansali. In the *Preliminary Results*, Commerce preliminarily found that Ambica and Bhansali did not have reviewable entries during the POR.

After issuing the *Preliminary Results*, Commerce received no comments from interested parties, and has not received any information that would cause it to alter its preliminary determination. Therefore, for these final results, Commerce continues to find that both Ambica and Bhansali had no shipments during the POR.

Assessment of Antidumping Duties

In accordance with Commerce's practice, for entries of subject merchandise during the POR for which Ambica or Bhansali did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Ambica and Bhansali will remain unchanged from the rate assigned to each company in the completed segment for the most recent period for each company; (2) for other producers and exporters covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the completed segment for the most recent period of this proceeding in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, then the cash deposit rate will be the rate established for the completed segment for the most recent period of this proceeding for the producer of subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 12.45 percent, the all-others rate established in the investigation.³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply

with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties
