

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. *Treating A Priority As Two Separate Competitions:* In the past, there have been problems in finding peer reviewers without conflicts of interest for competitions in which many entities throughout the country submit applications. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary competitions, applications may be separated into two or more groups and ranked and selected for funding within the specific group. This procedure will ensure the availability of a much larger group of reviewers without conflicts of interest. It also will increase the quality, independence and fairness of the review process and permit panel members to review applications under discretionary competitions for which they have also submitted applications. However, if the Department decides to select for funding an equal number of applications in each group, this may result in different cut-off points for fundable applications in each group.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* The goal of the State Personnel Development Grants (SPDG) Program is to reform and improve State systems for personnel preparation and professional development in early intervention, educational, and transition services in order to improve results for children with disabilities. Under the Government Performance and Results Act (GPRA), the Department has developed performance measures to assess the success of the program in meeting these goals. These measures are: (1) The percent of personnel receiving professional development through the SPDG program based on scientific- or evidence-based instructional practices; (2) the percentage of SPDG projects that have implemented personnel development/training activities that are aligned with improvement strategies identified in their State Performance Plan (SPP); (3) the percentage of professional development/training activities provided through the SPDG program based on scientific- or evidence-based instructional/behavioral practices; (4) the percentage of professional development/training activities based on scientific- or evidence-based instructional/behavioral practices, provided through the SPDG program, that are sustained through ongoing and comprehensive practices (e.g., mentoring, coaching, structured guidance, modeling, continuous inquiry, etc.); and (5) in States with SPDG projects that have special education teacher retention as a goal, the Statewide percentage of highly qualified special education teachers in State-identified professional disciplines (e.g., teachers of children with emotional disturbance, deafness, etc.) consistent with sections 602(a)(10) and 612(a)(14) of IDEA, who remain teaching after the first three years of employment.

Each grantee must annually report its performance on these measures in the project's annual performance report to the Department in accordance with section 653(d) of IDEA and 34 CFR 75.590.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purposes of this program are to (1) Help address State-identified needs for highly qualified personnel—in special education, related services, early intervention, and regular education—to work with infants or toddlers with disabilities, or children with disabilities; and (2) ensure that those personnel have the skills and knowledge—derived from practices that have been determined through research and experience to be successful—that are needed to serve those children.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute (see sections 662(d) and 681(d) of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2007 this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

National Outreach and Technical Assistance Center on Discretionary Awards for Minority Institutions

Background

Section 681(c)(2) of IDEA requires the Secretary to set aside funds to support one or both of the following activities:

(1) The provision of outreach and technical assistance to Historically Black Colleges and Universities (HBCUs) and to IHEs with minority enrollments of not less than 25 percent to promote their participation in certain

activities under IDEA; or (2) the provision of support to enable such institutions to assist other institutions and agencies in improving educational and transitional results for children with disabilities. Consistent with this requirement, this priority is aimed at: (1) Promoting the participation of HBCUs and IHEs with minority enrollments of not less than 25 percent in discretionary grant competitions conducted by the Department pursuant to section 662 of IDEA (the Personnel Development to Improve Services and Results for Children with Disabilities program); and (2) building the capacity of such institutions to prepare personnel to work effectively with children with disabilities from diverse backgrounds.

The current Technical Assistance Center funded by the Office of Special Education Programs (OSEP) under section 681(c)(2) provides technical assistance to IHEs in grant writing and disseminates specific information to aid HBCUs and other minority IHEs in developing applications for grants, cooperative agreements, and contracts. This priority will shift the focus of the center that will be funded from that of grant-writing technical assistance to assistance that will help HBCUs and minority IHEs build their capacity to prepare personnel to work effectively with children with disabilities from linguistically and culturally diverse backgrounds.

Priority: The purpose of the National Outreach and Technical Assistance Center on Discretionary Awards for Minority Institutions (Center) is to increase: (a) The participation of HBCUs and other institutions with a minority student enrollment of at least 25 percent in the Personnel Development to Improve Services and Results for Children with Disabilities program competitions authorized under section 662 of IDEA; and (b) the capacity of these institutions to prepare personnel to work with children with disabilities from diverse backgrounds.

To meet this priority, the Center must demonstrate that it will—

(a) Maintain contacts with HBCUs and other minority institutions;

(b) Prepare and disseminate grant-writing technical assistance materials that will enable HBCUs and other minority IHEs to become competitive applicants in competitions authorized under Subpart 2, section 662 of IDEA;

(c) Prepare and disseminate program development materials, such as: modules on a variety of research-based pedagogy and practices that are effective in preparing personnel to provide quality service to children with disabilities; and, a State by State

directory of resources that will provide special education needs by State, disability type, personnel supply and demand, etc. Other materials could include information on identifying competencies that are needed to work effectively with linguistically and culturally diverse populations and how to infuse those competencies into personnel preparation programs;

(d) Analyze the results of each applicable discretionary grant competition conducted by the Department under IDEA to determine which HBCUs and minority IHEs applied and whether they were successful, and submit this analysis to the Department;

(e) Provide support and guidance to faculty at HBCUs and other minority IHEs to enhance the capacity of these institutions to design and implement professional education programs that graduate highly qualified special educators; and

(f) Ensure that all program development and professional education program enhancements that the Center recommends to HBCUs and minority IHEs include research-based practices, and appropriate cultural competencies to improve outcomes for infants, toddlers, and children with disabilities.

Additionally, the Center must meet the following additional requirements:

(a) Develop a plan in the first three months that outlines a comprehensive technical assistance approach based on effective strategies;

(b) Establish, maintain, and meet with an Advisory Board at least once a year that includes individuals with disabilities, members from underrepresented groups, technical assistance providers and university personnel;

(c) Include a third party evaluator, approved by the Office of Special Education Programs (OSEP), that will conduct a rigorous evaluation of core Center activities, and determine the overall impact of its work;

(d) Budget for a three-day Project Directors' meeting in Washington, DC, the Technical Assistance and Dissemination Project Directors' meeting and at least 2 one-day planning meetings with the OSEP Project Officer and other appropriate staff in Washington, DC; and

(e) Budget five percent of the grant amount annually to support emerging needs, as identified jointly through consultation with the OSEP project officer.

Fourth and Fifth Years of Project: Finally, in deciding whether to continue funding the Center for the fourth and

fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), in addition to the following items:

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted in Washington, DC during the last half of the project's second year. Projects must budget for travel expenses associated with this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center;

(c) Evidence of changes in capacity at HBCUs or other relevant institutions; and

(d) Evidence of increased participation of HBCUs and IHEs with minority enrollments of not less than 25 percent in competitions conducted under section 662 of IDEA.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on a proposed priority. However, section 681(d) of IDEA makes the public comment requirements of the APA inapplicable to the priority in this notice.

Program Authority: 20 U.S.C. 1462, 1481(c)(2), and 1481(d).

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are time and date stamped. Your application must be fully uploaded and submitted, and must be date/time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. *Treating A Priority As Two Separate Competitions:* In the past, there have been problems in finding peer reviewers without conflicts of interest for competitions in which many entities throughout the country submit applications. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary competitions, applications may be separated into two or more groups and ranked and selected for funding within the specific group. This procedure will ensure the availability of a much larger group of reviewers without conflicts of interest. It also will increase the quality, independence and fairness of the review process and permit panel members to review applications under discretionary competitions for which they have also submitted applications. However, if the Department decides to select for funding an equal number of applications in each group, this may result in different cut-off points for fundable applications in each group.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department has developed measures that will yield information on various aspects of the technical assistance and dissemination activities currently being supported under Part D of IDEA. These measures will be used for the National Outreach and Technical Assistance Center on Discretionary Awards for Minority Institutions competition, and they focus on: the extent to which projects provide high quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice.

We will notify grantees if they will be required to provide any information related to these measures.

Grantees will also be required to report information on their projects' performance in annual reports to the Department (34 CFR 75.590).
