Other Agency Involvement

DOE and NYSERDA invite Federal, state, and local agencies with jurisdiction by law or special expertise to participate in the SEIS as cooperating or involved agencies. At this time, the U.S. Environmental Protection Agency (EPA), NRC, and NYSDEC will participate as cooperating agencies under NEPA. NYSDEC and NYSDOH will also participate as involved agencies under SEQRA with respect to NYSERDA's proposed actions.

Public Scoping Process

The purpose of scoping is to encourage public involvement and to solicit public comments on the proposed scope of the SEIS. DOE and NYSERDA invite interested parties to participate in the scoping process to help identify the range of reasonable alternatives and the environmental

issues to be analyzed. Written comments may be provided by any of the means described under **ADDRESSES**, or orally at public scoping meetings. Both oral and written comments will be considered and given equal weight by DOE and NYSERDA regardless of how submitted. Comments must be provided by April 23, 2018, to ensure consideration in preparation of the Draft SEIS. DOE and NYSERDA will consider late comments to the extent practicable.

DOE and NYSERDA will hold three public scoping meetings on the West Valley SEIS on the following dates:

- Monday, March 19, 2018, from 6:00 p.m. to 9:30 p.m. at the West Valley Volunteer Hose Company, Inc., Firemen's Memorial Hall and Training, 9091 Route 240, West Valley, NY 14171, in the Main Hall.
- Tuesday, March 20, 2018, from 6:00 p.m. to 9:30 p.m. at Erie Community College, City Campus, Post Office Building, 121 Ellicott Street, Buffalo, NY 14203, in the Minnie Gillette Auditorium.
- Wednesday, March 21, 2018, from 6:00 p.m. to 9:30 p.m. at the Cattaraugus Council Chambers, 12837 Route 438, Irving, NY 14081.

Further information about these meetings is available on the SEIS website at www.SEISWestValleySite.com and will be announced in the local media.

Requests to speak at the public meeting should be made to the DOE Document Manager (see **ADDRESSES**).

Speakers will be scheduled on a first-come, first-served basis. Individuals may sign up at the door to speak and will be accommodated as time permits. Written comments will also be accepted at the meeting. Speakers are encouraged to provide written versions of their oral comments for the record.

The meetings will be facilitated by a moderator. Time will be provided for meeting attendees to ask clarifying questions. Individuals requesting to speak on behalf of an organization must identify the organization. Each speaker will be allowed five minutes to present comments unless more time is requested and available. Comments will be recorded by a court reporter and will become part of the scoping meeting record.

SEIS Process and Schedule

DOE and NYSERDA will consider comments received during the public scoping period in defining the alternatives and issues to be analyzed in detail in the Draft SEIS, which is planned for issuance by the end of 2020. After the document is distributed to the public, EPA will publish a notice of

availability of the Draft SEIS in the **Federal Register**, and NYSERDA will publish notice of availability in the *State Environmental Notice Bulletin*, which will begin a 6-month public comment period. DOE and NYSERDA will announce how to comment on the Draft SEIS and will hold at least three public hearings during the public comment period, but no sooner than 15 days after EPA's notice of availability and NYSERDA's notice are published. In preparing the Final SEIS, which is planned for issuance in 2022, DOE and NYSERDA will respond to comments received on the Draft SEIS. DOE may issue its ROD no sooner than 30 days after EPA publishes a notice of availability of the Final SEIS. NYSERDA Findings and Decisions can be made no sooner than 10 days after the Notice of Completion of the Final SEIS is published. DOE and NYSERDA intend to complete the SEIS process to inform Phase 2 decisions in 2022.

Notice of Floodplain and Wetland Involvement: Because the proposed project may involve actions in floodplains and wetlands, in accordance with DOE's 10 CFR part 1022, the Draft SEIS will include a floodplain and wetland assessment, and, as appropriate, the Final SEIS or ROD will include a floodplain statement of findings.
