

the revised Policy will otherwise impact competition among Clearing Members or other market participants, or affect the ability of market participants to access clearing generally. As a result, ICE Clear Europe believes that any impact on competition is appropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed changes to the rules have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

III. Date of Effectiveness of the Proposed Rule Change

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and paragraph (f) of Rule 19b-4¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82731; File No. SR-NYSE-2018-06]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Section 902.11 of the Exchange's Listed Company Manual Concerning Fees Applicable to Acquisition Companies for Shares Issued in Connection With the Consummation of a Business Combination

February 16, 2018.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³

notice is hereby given that, on February 6, 2018, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Section 902.11 of the Exchange's Listed Company Manual (the "Manual") to provide that Acquisition Companies remaining listed after consummation of their Business Combination will not be required to pay listing fees in relation to any additional shares issued in connection with the consummation of the Business Combination. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

Section 102.06 of the Manual provides for the listing of companies ("Acquisition Companies" or "ACs") with no prior operating history that conduct an initial public offering of which at least 90% of the proceeds, together with the proceeds of any other concurrent sales of the AC's equity securities, will be held in a trust account controlled by an independent custodian until consummation of a business combination in the form of a merger, capital stock exchange, asset acquisition, stock purchase,

reorganization, or similar business combination with one or more operating businesses or assets (a "Business Combination") with a fair market value equal to at least 80% of the net assets held in trust (net of amounts disbursed to management for working capital purposes and excluding the amount of any deferred underwriting discount held in trust). A listed AC may remain listed upon consummation of its Business Combination, provided it meets the criteria specified in Section 802.01B of the Manual.

In the experience of the Exchange, an AC will frequently reconsider its listing venue in connection with the consummation of its Business Combination.⁴ The Business Combination is a transformative event in the life cycle of an AC, when it becomes an operating company instead of a blank check company. In connection with that transformation, an AC will frequently put in place a new management team and significantly change its board of directors and it will often have a significantly different shareholder base after the Business Combination than it had as an AC. In effect, an AC after its Business Combination is a completely different company and it is for this reason that the board and management of the company after the transaction would want to reconsider the positioning of the company in many respects, including its listing venue.

The market for the retention or transfer to another exchange of these companies is very competitive and a number of transfers to a new listing venue have occurred in recent times in connection with the completion of an AC's Business Combination. The listing rules of the Exchange,⁵ NYSE American⁶ and NASDAQ Global Market⁷ all provide for a waiver of all initial listing fees in connection with a transfer from another national securities exchange, so an AC moving its listing upon consummation of its Business Combination never has to pay any listing fees in connection with such transfer or the issuance of any new shares at the time of its Business Combination. By contrast, under current Exchange rules, an AC remaining listed on the Exchange upon consummation of

its Business Combination would have to pay additional listing fees in relation to any additional shares issued in connection with the Business Combination. These fees can be significant in many instances, as many ACs issue significant numbers of new shares to the shareholders of the target company in their Business Combination. In such instances, the AC is faced with the anomalous situation where there would be no listing fee burden associated with a transfer to another exchange but it would be required to pay significant additional listing fees if it remains on its incumbent exchange.

To eliminate this disparate treatment of companies listing after a Business Combination, the Exchange proposes to amend Section 902.11 of the Manual to provide that any AC remaining listed on the Exchange upon consummation of its Business Combination will not be subject to any additional listing fees with respect to any shares issued in connection with such Business Combination.⁸

The Exchange does not expect the revenues it forgoes as a result of the proposed waiver to negatively affect its ability to conduct its regulatory program.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Sections 6(b)(4)¹⁰ of the Act, in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges and is not designed to permit unfair discrimination among its members and issuers and other persons using its facilities. The Exchange also believes that the proposed rule change is consistent with Section 6(b)(5) of the Act, in particular in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and

facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is consistent with Sections 6(b)(4) and 6(b)(5) of the Act in that it represents an equitable allocation of fees and does not unfairly discriminate among listed companies. In particular, the Exchange notes that the proposed amendment is not unfairly discriminatory as it will result in an AC that remains listed on the Exchange after its Business Combination being treated the same as an AC that transfers to the Exchange from another listing venue or transfers to another listing venue at that time. The Exchange also believes the proposed rule change is not discriminatory with respect to listed operating companies, as operating companies generally do not have an event in their life cycle parallel to the Business Combination for an AC which would normally give rise to a reconsideration of the company's listing venue.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The proposed rule change does not impose any burden on competition, as it will have the effect of treating an AC that remains listed on the Exchange after its Business Combination the same for fee purposes as an AC that transfers to the Exchange from another listing venue or transfers to another listing venue at that time.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹¹ of the Act and subparagraph (f)(2) of Rule 19b-4¹² thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

⁴ The Exchange began to list ACs on a regular basis in the last year, so the practice of ACs changing listing venue at the time of their Business Combination has not yet involved any companies transferring away from the NYSE in those circumstances.

⁵ See Section 902.02 of the Manual.

⁶ See Section 140 of the NYSE American Company Guide.

⁷ See NASDAQ Marketplace Rule 5910(7) [sic].

⁸ The Exchange believes that it is appropriate to provide this waiver to an AC at the time of its Business Combination and not to an operating company that would also be subject to additional listing fees in connection with a share issuance subsequent to listing. In the Exchange's experience, there is generally no parallel to the Business Combination in the life cycle of an operating company which would cause it to reconsider its listing venue at the time it issued additional shares, so the anomaly the Exchange seeks to address in relation to ACs is not relevant to operating companies.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹³ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments
