SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53269; File No. SR-NASD-2006-018]

**Self-Regulatory Organizations;
National Association of Securities
Dealers, Inc.; Notice of Filing and
Immediate Effectiveness of Proposed
Rule Change and Amendment No. 1
Thereeto To Modify the Routing
Sequence for Directed Cross Orders**

February 10, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 2, 2006, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), submitted to the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. Nasdaq filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ which renders it effective upon filing with the Commission. On February 9, 2006, Nasdaq filed Amendment No. 1 to the proposed rule change.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

**I. Self-Regulatory Organization's
Statement of the Terms of Substance of
the Proposed Rule Change**

The proposed rule change is intended to explicitly add INET to the routing sequence for Directed Cross Orders in exchange-listed securities directed to the NYSE and to allow subscribers to determine whether they wish to route to market centers in addition to Brut, Nasdaq, and INET prior to the NYSE when the NYSE is the final destination of the order.⁵ The text of the proposed rule change is below. Proposed new language is in *italics*; deletions are in [brackets].⁶

(a) To Brut Orders—No Change

(b) Brut Cross Orders—

(1) No Change

(A)–(C) No Change

(D) A Brut Cross Order may also be designated as a Directed Cross Order. A Directed Cross Order is an order that is entered *into* the System during market hours and is executable against marketable contra-side orders in the System. The order also is eligible for routing to other market centers. After being processed in the Brut System and exhausting available liquidity in the Brut System, the order is automatically routed by Brut to the specific market center selected by the entering party for potential execution. Any portion of the Directed Cross Order that remains unfilled after being routed to the selected market center will be returned to the entering party. For Directed Cross Orders in exchange-listed securities directed to the New York Stock Exchange if, after being processed in the Brut System and exhausting available liquidity in the Brut System, such orders will be automatically routed to the Nasdaq Market Center *and INET* for potential execution and thereafter, *if instructed by the entering party*, to other market centers that provide automated electronic executions before being sent to the New York Stock Exchange. Directed Cross Orders in exchange-listed securities directed to the New York Stock Exchange shall remain at the *New York Stock E[ex]change*⁷ until executed or cancelled by the entering party.

**II. Self-Regulatory Organization's
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change**

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

⁷ See Amendment No. 1.

¹⁶ 17 CFR 200.30-3(a)(12).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Use of the Brut Directed Cross Order is purely voluntary. Brut processes the orders sent to it based on the order type selected by the entering party. In turn, the selection of a particular order type directs the Brut system as to how the user wants the order handled. This ability to choose among multiple order execution methods is consistent with today's open and competitive electronic market structure. In this structure, market participants, not markets, select the combination of order types and execution venues that best suit their trading goals.

Currently, the Directed Cross Order directed to the NYSE as the final destination checks for liquidity in INET, although INET is not specifically mentioned in the rule. The proposed rule change simply modifies the routing sequence to explicitly state that the order automatically routes to INET, as well as to Nasdaq, for potential execution.

Brut, Nasdaq, and INET are market centers that provide fast response times to orders, even by electronic standards. Nasdaq believes that the order type is widely used and benefits investors because the order is exposed to additional pools of liquidity for execution at the best price in the National Market System prior to reaching its final destination.

In addition, the proposed rule change would allow an entering party to determine whether it wants a Directed Order to check destinations in addition to Brut, Nasdaq, and INET. If the entering party opts not to allow additional routing, the order would route to NYSE after checking Brut, Nasdaq, and INET. Alternatively, the order would, upon instruction from an entering party, route to additional market centers prior to the NYSE when the NYSE is the final destination of the order. An entering party, in making the determination whether to check additional market centers, may take into consideration fees for removing liquidity and speed of execution. The new order will service best execution responsibilities of brokers who believe that other market centers may offer enough liquidity to justify the time and cost to attempt to access that liquidity.

2. Statutory Basis

Nasdaq believes that the proposed rule change, as amended, is consistent

with Section 15A of the Act,⁸ in general, and furthers the objectives of Section 15A(b)(6) of the Act,⁹ in particular, in that it is designed to foster coordination and cooperation with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Nasdaq has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹ Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder. As required under Rule 19b-4(f)(6)(iii), Nasdaq provided the Commission with written notice of its intent to file the proposed rule change at least five business days prior to filing the proposal with the Commission or such shorter period as designated by the Commission. Nasdaq has requested that the Commission waive 30-day delayed operational date provisions contained in the above rule, based upon a representation that the proposed rule filing would benefit investors and permit them to select the combination of order types and execution venues that best suit their trading goals, and should, therefore, be provided to investors as soon as

possible. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASD-2006-018 on the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASD-2006-018. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in

¹² The effective date of the original proposed rule change is February 2, 2006 and the effective date of Amendment No. 1 is February 9, 2006. For purposes of calculating the 60-day period within which the Commission may summarily abrogate the proposed rule change, as amended, under section 19(b)(3)(C) of the Act, the Commission considers the period to commence on February 9, 2006, the date on which Nasdaq submitted Amendment No. 1. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53261; File No. SR-PCX-2006-02]

Self-Regulatory Organizations; Pacific Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to streetTRACKS® Gold Shares Trading Hours

February 9, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 24, 2006, the Pacific Exchange, Inc. ("PCX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the PCX. The PCX has filed the proposed rule change, pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The PCX, through its wholly owned subsidiary PCX Equities, Inc. ("PCXE"), proposes to amend its rules governing the Archipelago Exchange ("ArcaEx"),

the equity trading facility of PCXE. With this filing, the Exchange proposes to expand the hours under PCXE Rule 7.34 that the streetTRACKS® Gold Shares ("Gold Shares") are eligible to trade on ArcaEx pursuant to unlisted trading privileges ("UTP"). The Exchange has designated this proposal as non-controversial and has requested that the Commission waive the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii) under the Act.⁵

The text of the proposed rule change is available on the Exchange's Internet Web site (<http://www.pacificex.com>), at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the PCX included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Commission previously approved a proposal to trade the Gold Shares pursuant to UTP during ArcaEx's core trading session from 9:30 a.m. Eastern Time ("ET") until 4:15 p.m. ET.⁶ The Exchange seeks to expand the Gold Shares' trading hours, proposing that they should be eligible to trade on ArcaEx during the early, core and late trading sessions (4 a.m. ET to 8 p.m. ET), in accordance with PCXE Rule 7.34.

In addition, the Exchange, via a link to the Trust's streetTRACKS® Gold Trustsm ("Trust") Web site (<http://www.streettracksgoldshares.com>), will provide at no charge, continuously updated bids and offers indicative of the spot price of gold on its own public Web site: (<http://www.pacificex.com>), and on ArcaEx's Web site at (<http://www.archipelago.com>).⁷ The Trust Web

site also provides an intraday calculation of the estimated Net Asset Value ("NAV") (also known as the Intraday Indicative Value or "IIV") of a Gold Share as calculated by multiplying the indicative spot price of gold by the quantity of gold backing each Gold Share. The indicative spot price and IIV per Gold Share are provided on an essentially real-time basis (updated at least every 15 seconds) and are available during ArcaEx's early, core and late trading sessions.⁸

In support of this proposed rule change, the Exchange states that the representations in the PCX Approval Order regarding trading in Gold Shares are applicable to all trading sessions, in particular:

1. The Exchange has appropriate rules to facilitate transactions in Gold Shares during all trading sessions.

2. The Exchange's surveillance procedures are adequate to properly monitor trading of the Gold Shares in all trading sessions.

3. The Exchange has distributed an Information Circular to Equity Trading Permit ("ETP") Holders prior to the commencement of trading of the Gold Shares on the Exchange that explains the terms, characteristics, and risks of trading such shares.

4. The Exchange will require ETP Holders with a customer who purchases newly issued Gold Shares in any trading session on ArcaEx to provide that customer with a product prospectus and has noted this prospectus delivery requirement in the Information Circular.

5. Because ArcaEx is trading Gold Shares pursuant to UTP, the Exchange will cease trading in the Gold Shares during all ArcaEx trading sessions if: (a) The primary market stops trading the Gold Shares because of a regulatory halt similar to a halt based on PCXE Rule 7.12 and/or a halt because dissemination of the IIV and/or the unaffiliated gold value has ceased or the Exchange no longer provides a hyperlink to the Trust's Web site; or (b) the primary market delists the Gold
