AFFAIRS**

38 CFR Part 21

RIN 2900-AK80

**Veterans and Dependents Education:
Topping-Up Tuition Assistance;
Licensing and Certification Tests; Duty
To Assist Education Claimants**

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the regulations governing various aspects of the education programs the Department of Veterans Affairs (VA) administers, in order to implement some provisions of the Veterans Benefits and Health Care Improvement Act of 2000, the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001, and the Veterans Claims Assistance Act of 2000 that affect those programs. Specifically, these statutory provisions include provisions for payment, under Survivors' and Dependents' Educational Assistance, the Post-Vietnam Era Veterans' Educational Assistance Program, and the Montgomery GI Bill—Active Duty, for the cost of taking tests for licensure or certification. They also include provisions for payment under the Montgomery GI Bill—Active Duty of the difference between the portion of tuition and expenses covered by tuition assistance programs administered by the various military departments and the actual charges made by educational institutions. In addition, this document proposes rules regarding the timing and the scope of assistance VA will provide to claimants under the education programs VA administers who file substantially complete applications for benefits, or who attempt to reopen previously denied claims. The proposed rule would make other changes in the education benefits regulations that are nonsubstantive changes for the purpose of clarity, technical changes, or restatements of statutory provisions.

DATES: Comments must be received on or before April 24, 2006.

SUPPLEMENTARY INFORMATION: Section 3689 of title 38 U.S.C., as added by section 122 of the Veterans Benefits and Health Care Improvement Act of 2000 (Pub. L. 106-419) and amended by section 308(d) of the Veterans Benefits Act of 2002 (Pub. L. 107-330), contains provisions that allow veterans and other eligible persons to receive educational assistance under Survivors' and Dependents' Educational Assistance (DEA), the Post-Vietnam Era Veterans' Educational Assistance Program (VEAP), and the Montgomery GI Bill—Active Duty (MGIB) to cover the costs of taking tests for licensure or certification. Section 3689 provides that both the tests and the organizations offering the tests must be approved for VA training before veterans or other eligible persons could be paid for the cost of these tests. Section 3689(a) further provides that the Secretary of Veterans Affairs may approve these tests and organizations or use the State approving agencies (SAAs) to carry out this responsibility. The proposed rule would reflect the Secretary's determination that the SAAs are fully capable of carrying out this responsibility for all tests and organizations except for those tests the Federal Government offers.

This proposed rule would contain provisions that VA believes are necessary to properly administer the provisions of 38 U.S.C. 3689 for payment of the cost of taking tests for licensure or certification. For example, VA believes that a testing organization should have the right to seek a review of an SAA's adverse decision. Although this isn't stated in the law, it would be provided in proposed § 21.4268(f). Under proposed § 21.4268(f), if an organization or entity offering a test disagrees with a decision made by an SAA, the organization or entity may seek a review of the SAA's decision by VA's Director of Education Service. The organization or entity would request

such review in writing to the SAA. Proposed § 21.4268(f)(2) would require that the request must be received by the SAA within 90 days of the date of the notice that the test or organization was not approved. Proposed § 21.4268(f)(3) would require that the review by the Director of Education Service would be based on the evidence of record and would not be *de novo* in character. Proposed § 21.4268(f)(4) would provide that VA's Director of Education Service, or Under Secretary of Benefits, may seek the advice of the Professional Certification and Licensure Advisory Committee as to whether or not the SAA's decision should be reversed. The Professional Certification and Advisory Committee was established under 38 U.S.C. 3689(e) to advise the Secretary with respect to the requirements of organizations and entities offering licensing and certification tests to individuals eligible for VA educational assistance under chapters 30, 32, 34, or 35 of title 38. Under proposed § 21.4268(f)(5), the decision made by the Director of Education Service, or Under Secretary for Benefits, would be the final administrative decision. Such decision would not be subject to further administrative review.

Similarly, section 3689 states that the veteran or eligible person should be paid, but doesn't state whether VA should make that payment before or after the individual takes the test. Under the proposed rule, this payment would be made as a reimbursement rather than an advance payment. VA believes this is necessary to simplify the process for applicants, to minimize the costs of administering these payments, and to reduce the possibility of overpayments. A veteran or eligible person may contact VA at 1-888-GIBill-1 (1-888-442-4551) to determine if the test he or she wants to take is approved for reimbursement.

In addition, 38 U.S.C. 3689(d) provides that "the organization or entity that offers such test is deemed to be an * * * "educational institution" * * * for [certain] purposes * * *." We propose to amend the definitions in various subparts of the education regulations in 38 CFR part 21 where appropriate to carry out this provision.

The payment of benefits under the MGIB is also affected by provisions in 38 U.S.C. 3014, as amended by section 1602 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Pub. L. 106-398). Specifically, the proposed rule would reflect those provisions, under which VA can, at the election of the individual, pay educational assistance to meet the portion of the charges of an

educational institution for education or training that are not paid by the Secretary of a military department under 10 U.S.C. 2007(a) or (c). Such payments by VA would be defined in the proposed rule as “tuition assistance top-up.” (The payments by the Secretary of a military department under 10 U.S.C. 2007(a) or (c) are commonly called “tuition assistance”.) The proposed rule would make clear how VA makes these payments and makes charges for them against each individual’s entitlement.

The Veterans Claims Assistance Act of 2000 (Pub. L. 106–475) (VCAA) included provisions amending 38 U.S.C. 5102 and 5103 and adding new sections 38 U.S.C. 5100 and 5103A pertaining to VA’s duty to assist claimants in obtaining evidence in support of claims for benefits. Upon receipt of a substantially complete application for benefits, VA’s duty under the VCAA is to make reasonable efforts to help the claimant obtain the evidence necessary to substantiate the claim. This effort is commonly referred to as the duty to assist. VA will refrain from providing assistance in obtaining evidence for a claim if the substantially complete application for benefits indicates that there is no reasonable possibility that any assistance VA would provide to the claimant would substantiate the claim. VA will discontinue providing assistance in obtaining evidence for a claim if the evidence obtained indicates that there is no reasonable possibility that further assistance would substantiate the claim.

Under 38 U.S.C. 5103A(e), VA is directed to prescribe regulations to carry out the provisions of section 5103A. In the **Federal Register** of August 29, 2001 (66 FR 45620), VA issued a final rule amending 38 CFR part 3, subpart A, to carry out those and other provisions of the VCAA with respect to claims for benefits that are governed by 38 CFR part 3 (including compensation, pension, dependency and indemnity compensation, burial benefits, monetary benefits ancillary to those benefits, and special benefits) (66 FR at 45629). Section 701 of the Veterans Benefits Act of 2003 (Pub. L. 108–183) further amended 38 U.S.C. 5102 and 5103.

This proposed rule’s provisions under the VCAA and the Veterans Benefits Act of 2003 would apply to the educational benefits programs administered by the Secretary (which currently are DEA, VEAP, MGIB, and the Montgomery GI Bill–Selected Reserve (MGIB–SR)) and would apply to claims filed on or after November 9, 2000.

VA is proposing to define a *substantially complete application* in

proposed § 21.1029(g). In regard to an individual’s first application for educational assistance administered by VA, we propose in (g)(1) to define a *substantially complete application* as an application that contains:

- The claimant’s name;
- His or her relationship to the veteran, if applicable;
- Sufficient information for VA to verify the claimed service, if applicable;
- The benefit claimed;
- The program of education, if applicable; and
- The name of the educational institution the claimant intends to attend, if applicable.

If an application is a subsequent application for educational assistance, and the claimant’s relationship to the veteran (if applicable) and sufficient information for VA to identify the claimed service (if applicable) are already on record with VA, under proposed § 21.1029(g)(2) a *substantially complete application* would be an application containing:

- The claimant’s name;
- The benefit claimed;
- The program of education, if applicable; and
- The name of the educational institution the claimant intends to attend, if applicable.

Although VA application forms for educational assistance request more information than is listed in the proposed definition, the information specified in proposed 38 CFR 21.1029(g) to make an application substantially complete is generally sufficient for VA to identify the benefit claimed, determine whether the claimant is potentially eligible for it, and identify, at least generally, the types of information or evidence that would be required to substantiate the claim. A substantially complete application will trigger VA’s duty to assist. A complete application would necessarily be a substantially complete application for purposes of VA’s assistance in developing the claim.

In addition, this proposed rule contains restatements of statute and would make technical changes and nonsubstantive changes for the purpose of clarity in the regulations governing various aspects of the education programs VA administers.

Paperwork Reduction Act of 1995

This proposed rule includes provisions constituting collections of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521) (“Act”) that would need approval by the Office of Management and Budget (OMB). Accordingly, under

section 3507(d) of the Act, VA has submitted a copy of this rulemaking action to OMB for review.

OMB assigns a control number for each collection of information it approves. VA may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments on the collections of information contained in this proposed rule should be submitted to the Office of Management and Budget, Attention: Desk Officer for the Department of Veterans Affairs, Office of Information and Regulatory Affairs, Washington, DC 20503, with copies sent by mail or hand delivery to the Director, Regulations Management (00REG1), Department of Veterans Affairs, 810 Vermont Ave., NW., Room 1068, Washington, DC 20420; fax to (202) 273–9026; or e-mail comments through

www.Regulations.gov. Comments should indicate that they are submitted in response to “RIN 2900–AK80.”

The Department considers comments by the public on proposed collections of information in—

- Evaluating whether the proposed collections of information are necessary for the proper performance of the functions of the Department, including whether the information will have practical utility;
- Evaluating the accuracy of the Department’s estimate of the burden of the proposed collections of information, including the validity of the methodology and assumptions used;
- Enhancing the quality, usefulness, and clarity of the information to be collected; and
- Minimizing the burden of the collections of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Under this heading, *Paperwork Reduction Act of 1995*, the collections of information referred to in this paragraph are described, under their proposed titles. The proposed amendments in 38 CFR 21.1030(b), 21.1030(c), 21.4209, 21.4250(b), 21.4252(h), 21.4258, 21.4259, 21.4268, and 21.7140 contain collections of information under the Act for which we are requesting approval by OMB. For the collections of information in three of these sections as proposed to be amended, §§ 21.4250, 21.4258, and 21.4259, SAAs are the respondents, as SAAs also are for a related collection of information in 38 CFR 21.4154, which

is currently approved under OMB control number 2900-0051. For administrative convenience, we are requesting OMB to approve under that OMB control number the information collections relating to those four sections of the regulations (see "State Approving Agency Reports and Notices, 38 CFR 21.4154, 21.4250(b), 21.4258, and 21.4259" and the proposed information collection approval parentheticals at the end of each of those sections in the proposed rule).

This proposed rule would also amend some provisions containing other collections of information that have existing approval by OMB. In particular, the collections of information in proposed 38 CFR 21.1030(a)(1), (b)(1), and (c)(1) are approved under OMB control numbers 2900-0154 (Application for VA Education Benefits) and 2900-0098 (Application for Survivors' and Dependents' Educational Assistance (Under Chapter 35, Title 38 U.S.C.)). The collections of information in proposed 38 CFR 21.1030(a)(2) are approved under OMB control numbers 2900-0074 (Request for Change of Program or Place of Training (For Veterans, Servicepersons, & Members of the Selected Reserve)) and 2900-0099 (Request for Change of Program or Place of Training Survivors' and Dependents' Educational Assistance (Under Provisions of Chapter 35, Title 38 U.S.C.)).

The proposed rule would reflect, in the information collection approval parenthetical at the end of § 21.4252, Courses precluded; erroneous, deceptive, or misleading practices, as proposed to be amended, an OMB control number for the information collection in § 21.4252(h) as proposed to be amended, for which we are requesting OMB approval, and the OMB control numbers for the currently approved collections of information in § 21.4252(j) and (l), which paragraphs and collections of information this document does not propose to amend. The collections of information in current § 21.4252(j) and (l) are approved under OMB control number 2900-0156 (Notice of Change in Student Status) and OMB control number 2900-0073 (Enrollment Certification), respectively. No changes would be made by this proposed rule to the currently approved collections of information in § 21.4252. The collections of information in § 21.5133, Certifications and release of payments, and in § 21.7152, Certification of enrollment, are approved under OMB control number 2900-0465 (Student Verification of Enrollment) and OMB control number 2900-0073, respectively. Although this

document proposes to amend certain provisions of §§ 21.5133 and 21.7152, including by adding descriptions of circumstances in which the respective section's collection of information would not apply, those amendments would not change the collections of information by VA under §§ 21.5133 and 21.7152.

We are proposing in § 21.7131 to make the technical correction of removing the information collection approval parenthetical. The approval under the OMB control number it contains, 2900-0607, was discontinued at VA's request, since VA no longer had a need to conduct that information collection.

This proposed rule includes information collection approval parentheticals at the end of certain sections. They display currently-approved OMB control numbers (OMB's approval of which is either current for information collections under those sections or requested in relation to this rulemaking to be modified to include those sections as proposed to be amended) and OMB control numbers shown as 2900-XXXX for information collections for which we are requesting newly-approved OMB control numbers in this rulemaking. We are also proposing in § 21.4154 to revise, with a technical change for the purpose of clarification, the information collection approval parenthetical in which we display OMB control number 2900-0051.

Title: Request for Reimbursement of Licensing or Certification Test Fee; 38 CFR 21.1030(b), 21.7140(c)(4).

Summary of collection of information: The collection of information in proposed §§ 21.1030(b) and 21.7140(c)(4) is necessary to apply 38 U.S.C. 3689 and 5101(a) to claims for educational assistance for licensing or certification tests under the various educational assistance programs VA administers. It would require that an individual must file a claim for educational assistance under the laws VA administers in order for VA to determine basic eligibility and to pay educational assistance to that individual for reimbursement of the cost of any licensing or certification test.

Description of need for information and proposed use of information: The information collection in proposed §§ 21.1030(b) and 21.7140(c)(4) is needed to enable VA to decide whether an individual is entitled to the educational assistance he or she is seeking for taking a licensing or certification test and, if VA determines that he or she should be paid, the amount to be paid to the claimant.

Description of likely respondents: Respondents would be veterans, servicemembers, and veterans' dependents who wish to receive educational assistance under DEA, VEAP, or the MGIB for reimbursement for taking an approved licensing or certification test.

Estimated number of respondents: 3,600.

Estimated frequency of responses: On occasion. When an individual wishes to receive educational assistance as a reimbursement of the cost of a licensing or certification test, the individual would need to file a claim for the benefit. Some claimants would file just one claim while others would file several from time to time as the situation may warrant.

Estimated total annual reporting and recordkeeping burden: 1,000 hours of reporting burden. VA estimates that there would be no recordkeeping burden.

Estimated average burden per response: 15 minutes.

Title: Application for Educational Assistance to Supplement Tuition Assistance; 38 CFR 21.1030(c), 21.7140(c)(5).

Summary of collection of information: The collection of information in proposed §§ 21.1030(c) and 21.7140(c)(5) is necessary to apply 38 U.S.C. 3014(b) and 5101(a) to claims for educational assistance under the MGIB to supplement tuition assistance provided under a program administered by the Secretary of a military department. Section 5101(a) requires that an individual must file a claim for a benefit under the laws VA administers in order for VA to pay that benefit to the individual.

Description of need for information and proposed use of information: The information collection in §§ 21.1030(c) and 21.7140(c)(5) is needed to enable VA to decide whether the claimant should be paid the educational assistance he or she is seeking to supplement the tuition assistance the claimant received and, if he or she should be paid, the amount to be paid.

Description of likely respondents: Respondents would be veterans, reservists, and servicemembers who wish to receive educational assistance under the MGIB for reimbursement for that portion of the cost of a course not covered by tuition assistance provided under a program administered by the Secretary of a military department.

Estimated number of respondents: 12,250.

Estimated frequency of responses: When an individual wishes to receive educational assistance for

reimbursement for that portion of the cost of a course not covered by tuition assistance, the individual would need to file a claim for the benefit. Some claimants would file just one claim while others would file several from time to time as the situation warrants.

Estimated total annual reporting and recordkeeping burden: 3,000 hours of reporting burden. VA estimates that there would be no recordkeeping burden.

Estimated average burden per response: 12 minutes.

Title: Availability of Educational, Licensing, and Certification Records; 38 CFR 21.4209.

Summary of collection of information: The collection of information in § 21.4209 as proposed to be amended is necessary so that VA can apply 38 U.S.C. 3690(c) and also verify that the payments of educational assistance under the various programs VA administers were correct. Section 21.4209 would require that educational institutions with courses and programs approved for VA training (including organizations or entities with licensing and certification tests approved) must make records available to Government representatives if they are needed to verify that the payments for these courses, programs, and tests are correct. The section would require that the educational institution retain these records for 3 years unless the Government Accountability Office (GAO) or VA asks that they be kept longer.

Description of need for information and proposed use of information: The information collection in proposed § 21.4209 is needed to enable VA to decide whether the payments in the educational assistance programs it administers have been correct.

Description of likely respondents: Respondents are educational institutions with course(s) and program(s) approved for VA training, and organizations or entities with licensing and/or certification test(s) approved for payment under those programs VA administers that allow for such payments.

Estimated number of respondents: 8,000 (this includes respondents who would retain records but make no reports or disclosures).

Estimated frequency of responses: Each year VA or SAA representatives would conduct a total of about 3,000 compliance or supervisory visits of the 8,000 respondents. There may be some overlap of visits by VA and the SAA, so some respondents would be visited annually, some twice a year, and some less frequently.

Estimated total annual reporting and recordkeeping burden: 6,000 hours. VA estimates that there will be no recordkeeping burden hours because these are records the institutions maintain in the normal course of their operations.

Estimated average burden per respondent: 2 hours per visit.

Title: Advertising, Sales, and Enrollment Materials, and Candidate Handbooks; 38 CFR 21.4252(h).

Summary of collection of information: The collection of information in proposed § 21.4252(h) is needed to implement 38 U.S.C. 3696(b), which requires that an educational institution maintain a complete record of all advertising, sales, or enrollment materials used by or on behalf of the educational institution during the preceding 12 months, and to implement 38 U.S.C. 3689, under which the requirements are applicable to organizations and entities offering licensing or certification tests. For organizations and entities offering licensing or certification tests, candidate handbooks are the equivalent of enrollment materials.

Description of need for information and proposed use of information: VA or the Federal Trade Commission (FTC) would use the materials in any investigation (as permitted under 38 U.S.C. 3696(c)) of whether the materials were erroneous, deceptive, or misleading.

Description of likely respondents: Educational institutions that offer courses approved for VA training and that advertise those courses, and organizations and entities that offer licensing or certification tests.

Estimated number of respondents: 8,000 (this includes respondents that would keep records but make no reports).

Estimated frequency of responses: Each year VA or SAA representatives would conduct a total of about 3,000 compliance or supervisory visits of the 8,000 respondents, during which the respondents would have to show their advertising and sales materials, and enrollment materials or candidate handbooks, to an employee of VA or the SAA. There may be some overlap of visits by VA and the SAA, so some respondents would be visited annually, some twice a year, and some less frequently.

Estimated total annual reporting and recordkeeping burden: 750 hours of reporting burden. VA estimates that there will be no recordkeeping burden, because these materials would be kept in the normal course of business.

Estimated average burden per respondent: 15 minutes per visit.

Title: Application for Approval of a Licensing or Certification Test and Organization or Entity; 38 CFR 21.4268.

Summary of collection of information: The collection of information in proposed § 21.4268 is necessary to apply 38 U.S.C. 3689. That section provides that an organization or entity offering licensing or certification tests that wishes to have its tests approved for VA payment, and to be itself approved, must make various certifications to VA and furnish information that the Secretary requires to determine whether payment may be made. Since the SAAs are, with limited exceptions, acting for VA in approving these tests and testing organizations or entities, an organization or entity must in general provide the information and make the certifications to the SAA with jurisdiction. This can best be done on an application for approval.

Description of need for information and proposed use of information: The SAAs (or occasionally VA) will use this information to decide if the licensing or certification tests and the organizations or entities offering them can be approved for payments under the appropriate education programs that VA administers.

Description of likely respondents: Organizations and entities that offer licensing or certification tests.

Estimated number of respondents: 950.

Estimated frequency of responses: Most organizations and entities would apply just once. However, if an approved organization or entity began offering a licensing or certification test that had not been approved, it would have to apply again.

Estimated total annual reporting and recordkeeping burden: 3,000 hours of reporting burden. VA estimates that there will be no recordkeeping burden. Although the proposed rule would require a certification that records will be retained, this requirement would not cause a recordkeeping burden because the records would be retained in the ordinary course of business.

Estimated average burden per response: 3 hours.

Title: State Approving Agency Reports and Notices; 38 CFR 21.4154, 21.4250(b), 21.4258, and 21.4259.

Summary of collection of information: The collections of information in §§ 21.4250(b), 21.4258, and 21.4259 as proposed to be amended are required to implement 38 U.S.C. 3673, 3678, 3679, and 3689. Section 38 U.S.C. 3673 instructs VA and the SAAs to cooperate and establish an exchange of

information pertaining to educational institutions to assure programs administered by VA are effectively and efficiently administered. Sections 3678 and 3679 provide that the SAAs must notify the educational institutions and VA of all approval and disapproval actions. Section 3689 provides that an organization or entity offering a licensing or certification test is deemed to be an "institution" or "educational institution" and that a licensing or certification test is deemed to be a "course" as those terms are applied under and for purposes of, among other sections, 38 U.S.C. 3673, 3678, and 3679. The information collections in §§ 21.4250(b), 21.4258, and 21.4259 as proposed to be amended are required notices regarding the approval or disapproval of courses. The information collection in § 21.4259 also includes suspension notices; the SAAs may suspend approval of the course for new enrollments while giving an educational institution 60 days to correct any deficiencies. The collection in § 21.4154 is required to implement 38 U.S.C. 3674. VA uses the reports described in § 21.4154 to determine reimbursement of expenses and allocation of payments.

Description of need for information and proposed use of information: The information in § 21.4154 is needed to determine reimbursement of expense the SAAs incur. VA also needs the information to obtain workload information to support budget requests in determining the amount of appropriations needed to adequately reimburse the SAAs. The information in §§ 21.4250(b), 21.4258, and 21.4259 as proposed to be amended is needed to notify educational institutions, training establishments, and organizations and entities that offer licensing or certification tests of the approval or disapproval of the courses or tests they offer. VA needs the information to determine whether or not payment of educational assistance is permitted for enrollment in courses, training programs, or to reimburse the cost of a licensing or certification test. Under 38 U.S.C. 3680, VA may not award educational assistance to any eligible veteran or eligible person if his or her education or training program is not approved. Similarly, under 38 U.S.C. 3689, VA may not award educational assistance for any licensing or certification test unless the requirements in section 3689 are met.

Description of likely respondents: SAAs.

Estimated number of respondents: 59.

Estimated frequency of responses: For reports, quarterly. For notices, on occasion, whenever an SAA approves,

disapproves, or suspends approvals under § 21.4250(b), 21.4258, or 21.4259 as proposed to be amended.

Estimated total annual reporting and recordkeeping burden: 37,647 hours of reporting burden. There is no recordkeeping burden because the records the SAAs would keep are records they would keep in normal operations.

Estimated average burden per respondent: 638 hours.

Executive Order 12866

Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). The Order classifies a rule as a significant regulatory action requiring review by the Office of Management and Budget if it meets any one of a number of specified conditions, including: having an annual effect on the economy of \$100 million or more, creating a serious inconsistency or interfering with an action of another agency, materially altering the budgetary impact of entitlements or the rights of entitlement recipients, or raising novel legal or policy issues. VA has examined the economic, legal, and policy implications of this proposed rule and has concluded that it is a significant regulatory action under Executive Order 12866 because it raises novel policy issues.

Regulatory Flexibility Act

The Secretary of Veterans Affairs hereby certifies that this proposed rule would not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Although this proposed rule would affect some small entities that are testing organizations or educational institutions, any economic impact on them would be minor. The portions of this proposed rule that could have an economic impact on these small entities are recordkeeping, reporting, and application for approval requirements, the burdens for which would be the minor ones discussed in this preamble under the heading *Paperwork Reduction Act of 1995*. Pursuant to 5 U.S.C. 605(b), this proposed rule, therefore, is exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any given year. This proposed rule would have no such effect on State, local, and tribal governments, or the private sector.

Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance numbers and titles for programs that would be affected by this proposed rule are 64.117, Survivors and Dependents Educational Assistance; 64.120, Post-Vietnam Era Veterans' Educational Assistance; and 64.124, All-Volunteer Force Educational Assistance. § 21.1031 VA responsibilities when a claim is filed.

(b) *VA has a duty to notify claimants of necessary information or evidence.*

(1) Except when a claim cannot be substantiated because there is no legal basis for the claim, or undisputed facts render the claimant ineligible for the claimed benefit, when VA receives a

complete or substantially complete application for educational assistance provided under subpart C, D, G, H, K, or L of this part VA will—

(i) Notify the claimant of any information and evidence that is necessary to substantiate the claim; and

(ii) Inform the claimant which information and evidence, if any, the claimant is to provide to VA and which information and evidence, if any, VA will try to obtain for the claimant.

(2) The information and evidence that VA, pursuant to paragraph (b)(1) of this section informs the claimant that the claimant must provide, must be provided within one year from the date of the notice. If VA does not receive such information and evidence from the claimant within that time period, VA may adjudicate the claim based on the information and evidence in the file.

(3) If the claimant has not responded to the request within 30 days, VA may decide the claim before the expiration of the one-year period prescribed in paragraph (b)(2) of this section, based on all the information and evidence in the file, including information and evidence it has obtained on behalf of the claimant. If VA does so, however, and the claimant subsequently provides the information and evidence within one year of the date of the request, VA must readjudicate the claim. If VA's decision on a readjudication is favorable to the claimant, the award shall take effect as if the prior decision by VA on the claim had not been made.

(4) If VA receives an incomplete application for benefits, it will notify the claimant of the information necessary to complete the application and will defer assistance until the claimant submits this information. If the information necessary to complete the application is not received by VA within one year from the date of such notice, VA cannot pay or provide any benefits based on that application.

(5) For the purpose of this paragraph, if VA must notify the claimant, VA will provide notice to:

(i) The claimant;

(ii) His or her fiduciary, if any; and

(iii) His or her representative, if any.

§ 21.1032 [Redesignated and amended]

5. Section 21.1032 is redesignated as § 21.1033, and in newly redesignated § 21.1033, paragraph (b) is removed and reserved.

6. New § 21.1032 is added to read as follows:

§ 21.1032 VA has a duty to assist claimants in obtaining evidence.

(a) *VA's duty to assist begins when VA receives a complete or substantially complete application.* (1) Except as provided in paragraph (d) of this section, upon receipt of a complete or substantially complete application for educational assistance under subpart C, D, G, H, K, or L of this part, VA will—

(i) Make reasonable efforts to help a claimant obtain evidence necessary to substantiate the claim; and

(ii) Give the assistance described in paragraphs (b) and (c) of this section to an individual attempting to reopen a finally decided claim.

(2) VA will not pay any fees a custodian of records may charge to provide the records VA requests.

(Authority: 38 U.S.C. 5103A)

(b) *Obtaining records not in the custody of a Federal department or agency.* (1) VA will make reasonable efforts to obtain relevant records not in the custody of a Federal department or agency. These records include relevant records from:

(i) State or local governments;

(ii) Private medical care providers;

(iii) Current or former employers; and

(iv) Other non-Federal governmental sources.

(2) The reasonable efforts described in paragraph (b)(1) of this section will generally consist of an initial request for the records and, if VA does not receive the records, at least one follow-up request. The following are exceptions to this provision concerning the number of requests that VA generally will make:

(i) VA will not make a follow-up request if a response to the initial request indicates that the records sought do not exist or that a follow-up request for the records would be futile.

(ii) If VA receives information showing that subsequent requests to the initial or another custodian could result in obtaining the records sought, reasonable efforts will include an initial request and, if VA does not receive the records, at least one follow-up request to the new source or an additional request to the original source.

(3) The claimant must cooperate fully with VA's reasonable efforts to obtain relevant records from non-Federal agency or department custodians. The claimant must provide enough information to identify and locate the existing records, including—

(i) The person, company, agency, or other custodian holding the records;

(ii) The approximate time frame covered by the records; and

(iii) In the case of medical treatment records, the condition for which treatment was provided.

(4) If necessary, the claimant must authorize the release of existing records in a form acceptable to the person, company, agency, or other custodian holding the records.

(Authority: 38 U.S.C. 5103A)

(c) *Obtaining records in the custody of a Federal department or agency.* (1) VA will make as many requests as are necessary to obtain relevant records from a Federal department or agency. These records include but are not limited to:

- (i) Military records;
- (ii) Medical and other records from VA medical facilities;
- (iii) Records from non-VA facilities providing examination or treatment at VA expense; and
- (iv) Records from other Federal agencies.

(2) VA will end its efforts to obtain records from a Federal department or agency only if VA concludes that the records sought do not exist or that further efforts to obtain those records would be futile. Cases in which VA may conclude that no further efforts are required include cases in which the Federal department or agency advises VA that the requested records do not exist or that the custodian of such records does not have them.

(3) The claimant must cooperate fully with VA's reasonable efforts to obtain relevant records from Federal department or agency custodians. At VA's request, the claimant must provide enough information to identify and locate the existing records, including—

- (i) The custodian or agency holding the records;
- (ii) The approximate time frame covered by the records; and
- (iii) In the case of medical treatment records, the condition for which treatment was provided.

(4) If necessary, the claimant must authorize the release of existing records in a form acceptable to the custodian or agency holding the records.

(Authority: 38 U.S.C. 5103A)

(d) *Circumstances where VA will refrain from or discontinue providing assistance.* VA will refrain from providing assistance in obtaining evidence for a claim if the substantially complete or complete application for benefits indicates that there is no reasonable possibility that any assistance VA would provide to the claimant would substantiate the claim. VA will discontinue providing assistance in obtaining evidence for a claim if the evidence obtained indicates that there is no reasonable possibility that further assistance would

substantiate the claim. Circumstances in which VA will refrain from or discontinue providing assistance in obtaining evidence include, but are not limited to:

(1) The claimant's ineligibility for the benefit sought because of lack of qualifying service, lack of veteran status, or other lack of legal eligibility;

(2) Claims that are inherently not credible or clearly lack merit; and

(3) An application requesting a benefit to which the claimant is not entitled as a matter of law.

(Authority: 38 U.S.C. 5103A)

(e) *Duty to notify claimant of inability to obtain records.* (1) VA will notify the claimant either orally or in writing when VA:

(i) Makes reasonable efforts to obtain relevant non-Federal records, but is unable to obtain them; or

(ii) After continued efforts to obtain Federal records, concludes that it is reasonably certain they do not exist or that further efforts to obtain them would be futile.

(2) For non-Federal records requests, VA may provide the notice to the claimant at the same time it makes its final attempt to obtain the relevant records.

(3) VA will make a record of any oral notice conveyed under paragraph (e) of this section to the claimant.

(4) The notice to the claimant must contain the following information:

- (i) The identity of the records VA was unable to obtain;
- (ii) An explanation of the efforts VA made to obtain the records;
- (iii) The fact described in paragraph (e)(1)(i) or (e)(1)(ii) of this section;
- (iv) A description of any further action VA will take regarding the claim, including, but not limited to, notice that VA will decide the claim based on the evidence of record unless the claimant submits the records VA was unable to obtain; and

(v) A notice that the claimant is ultimately responsible for obtaining the evidence.

(5) If VA becomes aware of the existence of relevant records before deciding the claim, VA will notify the claimant of the existence of such records and ask that the claimant provide a release for the records. If the claimant does not provide any necessary release of the relevant records that VA is unable to obtain, VA will ask that the claimant obtain the records and provide them to VA.

(6) For the purpose of this section, if VA must notify the claimant, VA will provide notice to:

- (i) The claimant;

- (ii) His or her fiduciary, if any; and
- (iii) His or her representative, if any.

(ii) If a State or political subdivision of a State offers a licensing or certification test, the State approving agency will deem the test to have met the requirements of paragraph (b) of this section.

However, a certification test approval is valid only in the State where the State approving agency has jurisdiction if—

(i) A State licensing agency recognizes the certification test as meeting a requirement for a license and has sought approval for that test; and

(ii) The State approving agency for the State where the licensing agency is located approves that test.

(d) *Approval of nongovernmental organizations or entities offering certification tests.* (1) In addition to complying with the requirements of paragraph (c) of this section, a nongovernmental organization or entity must meet the requirements of paragraph (d) of this section before a certification test it offers can be approved for payment of educational assistance to veterans and eligible persons who take the test. Except as provided in paragraphs (d)(3) and (d)(4) of this section, the organization or entity—

(i) Certifies to the State approving agency that the licensing or certification test offered by the organization or entity is generally accepted, in accordance with relevant government, business, or industry standards, employment policies, or hiring practices, as attesting to a level of knowledge or skill required to qualify to enter into, maintain, or advance in employment in a predetermined and identified vocation or profession;

(i) The test the organization or entity conducts as compared to the level of knowledge or skills that a license or certificate attests; and

(ii) The applicability of the test over such periods of time as the State approving agency decides is appropriate.

(3) The provisions of paragraph (d)(1)(ii) of this section will not prevent the approval of a test if the organization or entity has offered a reasonably related test for at least two years.

(4) The provisions of paragraph (d)(1)(iv) of this section will not prevent the approval of a test if the organization or entity—

(i) Offers a sample test or preparatory materials to a candidate for the test but does not otherwise provide preparatory education or training to the candidate; or
