## **Final Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**EFFECTIVE DATE:** The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street, SW, Washington, DC 20472, (202) 646–2756. SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the Federal Register.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR Part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

# National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

### Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

#### Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Report and Order—Repeal of Video Dialtone Rules, Cross Ownership Rules, and Section 214 Requirements

Service, (202) 857-3800, 1919 M Street,

# 1. Statutory Provisions

NW, Washington, D.C. 20554.

1. Subsection 302(b)(1) of the 1996 Act provides: "Subsection (b) of section 613 (47 U.S.C. 533(b)) [i.e., the telephone company-cable crossownership restriction] is repealed." In addition, subsection 302(a) of the 1996 Act adds new subsection 651(c) of the Communications Act, which provides that a common carrier shall no longer be required to obtain a certificate under Section 214 to establish or operate a system for the delivery of video programming. Finally, subsection 302(b)(3) of the 1996 Act states: "The Commission's regulations and policies with respect to video dialtone requirements issued in CC Docket No. 87-266 shall cease to be effective on the date of enactment of this Act." This provision also states: "This paragraph shall not be construed to require the termination of any video-dialtone system that the Commission has approved before the date of enactment of this Act." The conference report further provides that "[r]epeal of the Commission's video dialtone regulations is not intended to alter the status of any video dialtone service offered before the regulations required by this section become effective.

# 2. Discussion

2. In this order we modify our rules to conform to sections 302(b)(1) and 302(b)(3) of the 1996 Act, which repealed the telephone-cable crossownership restriction and eliminated our video dialtone rules and policies upon enactment. We also hereby terminate the docket in which our video dialtone rules and policies were promulgated (CC Docket No. 87-266). Further, we hereby revoke: (1) The Common Carrier Bureau's Memorandum Opinion and Order adopting subsidiary
