Defense Science Board Task Force on Information Warfare Defense

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: The Defense Science Board Task Force on Information Warfare Defense will meet in closed session on April 19, 1996 at Science Applications International Corporation, McLean, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will focus on protection of information interests of national importance through establishment and maintenance of a credible information warfare defensive capability in several areas, including deterrence. This study will be used to assist in analysis of information warfare procedures, processes, and mechanisms, and illuminate future options in defensive information warfare technology and policy.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(1) (1988), and that accordingly this meeting will be closed to the public.

Dated: March 20, 1996.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Defense Science Board FFRDC & UARC Independent Advisory Task Force

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: The Defense Science Board FFRDC & UARC Independent Advisory Task Force will meet on April 9, 1996 at the Institute for Defense Analyses,

1801 N. Beauregard Street, Alexandria, Virginia, in Closed session from 8:00 a.m.-8:30 a.m. and in Open session from 8:30 a.m.-5:00 p.m.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At the closed portion of this meeting the Task Force will receive classified briefings. For further information or if you would like to attend the open session, contact the DSB Secretariat at (703) 695-4157.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(1) (1988), and that accordingly a portion of this meeting will be closed to the public.

Dated: March 20, 1996.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Defense Science Board Task Force on Strategic Mobility

ACTION: Notice of Advisory Committee Meetings.

SUMMARY: The Defense Science Board Task Force on Strategic Mobility will meet in closed session on April 4-5, 1996 at Science Applications International Corporation, McLean, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will engage in a broad review of strategic mobility under a range of scenarios. The review should include the joint and service processes for planning, executing, protecting, and sustaining force deployments. It should also include the resources and activities that provide command and control, communications and information systems in support of strategic mobility.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(1) (1988), and that accordingly

this meeting will be closed to the public.

Dated: March 20, 1996.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Department of the Army

Army Science Board; Notice of Closed Meeting

In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (P.L. 92-463), announcement is made of the following Committee Meeting:

Name of Committee: Army Science Board (ASB).

Date of Meeting: 27 & 28 March 1996.

Time of Meeting: 0900-1500.

Place: Orlando, Florida.

Agenda: The Army Science Board (ASB) Summer Study on "Army Simulation Implementation and Use" will meet for briefings and discussions regarding the development and application of computer based models and simulations, physics based models and recent technological advances afforded by simulation techniques. These meetings will be closed to the public in accordance with Section 552b(c) of title 5, U.S.C., specifically subparagraph (4) thereof, and Title 5, U.S.C., Appendix 2, subsection 10(d). The proprietary matters to be discussed are so inextricably intertwined so as to preclude opening any portion of these meetings. For further information please contact Michelle Diaz at (703) 695-0781.

Michelle P. Diaz,

Acting Administrative Officer, Army Science Board.

BILLING CODE 3710-08-M

Department of the Navy

Notice of Intent To Prepare an Environmental Impact Statement for the Disposal and Reuse of Naval Weapons Industrial Reserve Plant, Calverton, Long Island, NY

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969 as implemented in the Council on Environmental Quality regulations (40 CFR parts 1500-1508), the Department of Navy announces its intent to prepare an Environmental Impact Statement (EIS) for the Disposal and Reuse of Naval Weapons Industrial Reserve Plant (NWIRP), Calverton, Long Island, New York.

The Defense Authorization Act for Fiscal Year 1995 authorizes the Secretary of the Navy to convey the property directly to the Community Development Agency of the Town of Riverhead, New York. The conveyance is subject to the condition that the town use the property for economic redevelopment to replace all or part of the economic activity being lost at the facility. Any part of the facility not conveyed to the Town would be disposed of by the General Services Administration (GSA) in accordance with the Federal Property and Administrative Services Act of 1944.

The Grumman Aerospace Corporation operated a Government Owned/Contractor operated (GOCO) facility on approximately 2,900 acres of the 6,050-acre site until February 1996 when operations ceased. The objective of the EIS is to evaluate the environmental impacts associated with the various reuse alternatives. Environmental issues that will be addressed in the EIS include air quality, water quality, wetland impacts, endangered species impacts, cultural resource impacts, and socioeconomic impacts.

The proposed action to be analyzed in the EIS involves the disposal of land, buildings, and infrastructure for subsequent reuse by the Town of Riverhead. The 6,050-acre site has two aircraft landing runways (7,000 ft and 10,000 ft in length) and buildings with more than 1 million sq. ft of space.

The reuse of NWIRP Calverton has recently been studied by the Town of Riverhead's Joint Planning and Redevelopment Commission and its consultants. The redevelopment/reuse plan, developed by the town's consultants and to be approved by the Riverhead Town Board, will be the basis for the EIS. The proposed reuse, known as the Calverton Business Park, comprises the following uses: theme attraction park(s), hotel/conference center, service retail, golf course, industrial center (2.5 million sq. ft), community park(s), open space, natural areas, aviation use/aircraft maintenance, event grounds, and a commercial/recreation area including a stadium. Two additional alternatives will also be evaluated in the EIS. One reuse alternative will include the construction of a permanent automobile race course incorporating use of one existing runway. Industrial, recreational, and other land uses would be included in this alternative. A third alternative reuse plan will include only residential development on the site limited to residents of 50 years or older. The No Action alternative will also be addressed in the EIS. It is defined as

closing NWIRP, cessation of all GOCO activities, and retention of the land as U.S. Government property. The EIS to be prepared by the Navy will address the following known areas of concern: effects of developed at the facility on the natural and socioeconomic environment, effects of future growth on infrastructure and transportation systems, and the effects of reuse on the facility's historic properties. The EIS will also serve as technical support for the National Historic Preservation Act Section 106 consultation process.

The Navy will hold a scoping meeting to receive comment on significant issues that should be addressed in the EIS. The meeting will be held on Wednesday, April 10, 1996, beginning at 7:00 P.M. at the Ramada Inn located at 1830 Route 25 (at exit 72 of the Long Island Expressway) in Riverhead, NY 11901. Navy representatives will make a brief presentation, then members of the public will be provided an opportunity for comments. It is important that federal, state, and local agencies and interested individuals take this opportunity to identify environmental concerns that should be addressed in the EIS. In the interest of time, speakers will be asked to limit their comments to five minutes.

ADDRESSES: Agencies and the public are encouraged to provide written comments in addition to, or in lieu of, oral comments at the scoping meeting. To be most helpful, comments should clearly describe specific issues or topics which the EIS should address. Written comments must be postmarked by May 1, 1996, and should be mailed to: Commanding Officer, Northern Division, Naval Facilities Engineering Command, 10 Industrial Highway, Lester, Pennsylvania 19113 (Attn: Mr. Robert Ostermueller, Code 202), telephone (610) 595-0759.

Dated: March 21, 1996.
M.D. Schetzlsle,
LT, JAGC, USNR, Alternate Federal Register Liaison Officer.

BILLING CODE 3810-FF-M

DEPARTMENT OF ENERGY

Notice of Reestablishment of The Secretary of Energy Advisory Board

Pursuant to section 9(a)(2) of the Federal Advisory Committee Act and in accordance with title 41 of the Code of Federal Regulations, section 101-6.1015, and following consultation with the Committee Management Secretariat of the General Services Administration,

notice is hereby given that the Secretary of Energy Advisory Board (the Board) has been reestablished for an additional two years.

The Board will continue to provide advice to the Secretary of Energy on the management reforms, research, development, energy, and national security responsibilities, activities, and operations of the Department of Energy.

The Board members are selected to assure well-balanced, geographical representation and on the basis of their professional expertise and diverse experiences. Membership and representation of the Board will continue to be determined in accordance with the requirements of the Federal Advisory Committee Act, section 624(b) of the Department of Energy Organization Act (Pub. L. 95-91), and implementing regulations.

The reestablishment of the Board has been determined to be in the public interest, important and vital to the conduct of the Department's business in connection with the performance of duties established by statute for the Department of Energy. The Board will operate in accordance with the provisions of the Federal Advisory Committee Act (Pub. L. 92-463), the Department of Energy Organization Act (Pub. L. 95-91), the General Services Administration Final Rule on Federal Advisory Committee Management, and other directives and instructions issued in implementation of those acts.

Further information regarding this advisory committee can be obtained from Ms. Rachel M. Samuel at (202) 586-3279.

Issued in Washington, D.C. on March 20, 1996.

Rachel M. Samuel,
Deputy Advisory Committee, Management Officer.
