FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the

proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act, including whether the acquisition of the nonbanking company can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices" (12 U.S.C. 1843). Any request for a hearing must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than April 22, 1996.

GENERAL SERVICES ADMINISTRATION

Placement of Commercial Antennas on Federal Property

AGENCY: General Services Administration.

ACTION: Notice.

SUMMARY: On August 10, 1995, President Clinton signed an Executive Memorandum directing the heads of all departments and agencies to facilitate access to Federal property for the purpose of siting mobile services antennas. The General Services Administration, in coordination with other Government departments and

agencies as well as wireless telecommunications industry representatives, has developed the following procedures in Attachment A. The President's memorandum and these procedures implement the requirements of section 704(c) of the Telecommunications Act of 1996, P.L. 104-104.

FOR FURTHER INFORMATION CONTACT:

James Herbert, Office of Property Acquisition and Realty Services, Public Buildings Service, General Services Administration, 18th & F Streets, NW., Washington, DC 20405, telephone 202-501-0376.

Dated: March 25, 1996.

David J. Barram,

Acting Administrator of General Services.

Attachment A—Government-Wide Procedures for Placing Commercial Antennas on Federal Properties

In accordance with section 704(c) of the Telecommunications Act of 1996, Public Law 104-104, and President Clinton's August 10, 1995, memorandum entitled "Facilitating Access to Federal Property for the Siting of Mobile Services Antennas" the following procedures shall be followed by Executive departments and agencies:

Guiding Principles

1. Requests for the use of property, rights-of-way, and easements by duly authorized providers should be granted absent unavoidable direct conflict with the department's or agency's mission, or the current or planned use of the property, rights-of-way, and easements in question.

2. Upon request, and to the extent permitted by law and where practicable, executive departments and agencies shall make available Federal Government buildings and lands for the siting of mobile services antennas. This should be done in accordance with Federal, State and local laws and regulations, and consistent with national security concerns (including minimizing mutual electromagnetic interactions), public health and safety concerns, environmental and aesthetic concerns, preservation of historic buildings and monuments, protection of natural and cultural resources, protection of national park and wilderness values, protection of National Wildlife Refuge systems, and subject to any Federal requirements promulgated by the agency managing the facility and the Federal Communications Commission, the Federal Aviation Administration, National Telecommunications and

Information Administration, and other relevant departments and agencies.

3. Antennas on Federal buildings or land may not contain any advertising.

4. Federal property does not include lands held by the United States in trust for individual or Native American tribal governments.

5. Agencies shall retain discretion to reject inappropriate siting requests, and assure adequate protection of public property and timely removal of equipment and structures at the end of service.

6. All procedures and mechanisms adopted regarding access to Federal property shall be clear and simple so as to facilitate the efficient and rapid build out of the national wireless communications infrastructure.

7. Unless otherwise prohibited by or inconsistent with Federal law, agencies shall charge fees based on market value for siting antennas on Federal property and may use competitive procedures if not all applicants can be accommodated.

8. The siting of mobile services antennas should not be given priority over other authorized uses of Federal buildings or land.

9. All independent regulatory commissions and agencies are requested to comply with these procedures.

Implementing Actions

1. Each Executive department and agency which operates and controls real property under specific statutory authority is responsible individually for determining the programmatic impact of placing commercially owned antennas on their properties.

2. Each department and agency should review their rules, policies, and procedures for allowing commercial use of their properties and modify them as necessary to assure they fully support the siting of commercial antennas as provided in these procedures.

3. Each department and agency should assure that appropriate officials within local, regional, and national offices who are responsible for the siting of commercial mobile services antennas are aware of and support the President's directives on facilitating access to Federal property.

4. Preliminary decisions on the acceptability of proposed sitings should be rendered as soon as possible but no later than 60 days after receipt of a request. Denials of requests should provide the applicant with an explanation of the reasons for denial. Preliminary approvals should cite all conditions which must be met to render final approval. Final decisions should be rendered in a timely manner

consistent with the degree of complexity of the case.

5. Firms and individuals interested in placing commercial mobile services antennas on Federal properties should contact the department or agency which has custody and control of the property. (Generally, Federal buildings and courthouses are controlled by the General Services Administration; military posts and bases, by the Department of Defense; Veterans' hospitals and clinics, by the Department of Veteran's Affairs; and, National Parks, by the Department of Interior.)

Below is a comprehensive listing of the offices in the headquarters of each property holding department and agency. Individuals and firms interested in placing antennas on specific Federally-owned properties should contact the appropriate office in writing indicating their interests, identify the property, and providing specific information on their proposal. These offices will advise applicants on specific application procedures/criteria, as well as appeals processes and refer them to local site managers to make determinations on suitability and other arrangements for leases, licenses, permits or other legal instruments for the siting of commercial antennas.

In the instances where the identity of the department or agency which has custody and control of a property is unknown, individuals and firms may contact the General Services Administration's Office of Real Property. This office maintains a listing of all properties owned by the Federal Government world-wide and will refer inquirers to the appropriate department or agency. Contact can be made by writing the Office of Real Property (MP), Room 1300, General Services Administration, 18th & F Streets, NW., Washington, DC 20405 or by telephone at (202) 501-0176. To assist in identifying the appropriate department or agency inquirers should provide the state, city/county, building/property name and mailing address of the property in question.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Dietary Supplement Labels Commission; Meetings

AGENCY: Office of Disease Prevention and Health Promotion, HHS.

ACTION: Commission on Dietary Supplement Labels: Notice of Meeting #3; Opportunity to Provide Comments.

SUMMARY: The Department of Health and Human Services (HHS) is (a) providing notice of the second meeting of the Commission on Dietary Supplement Labels, and (b) soliciting oral and written comments.

DATES: (1) The Commission will meet April 26, 1996, from 8:30 a.m. to 4:30 p.m. Pacific Standard Time at the Holiday Inn Fisherman's Wharf, 1300 Columbus Avenue, San Francisco, California 94133; (2) Written comments on the scope and intent of the Commission's objectives may be submitted up to 5:00 p.m. E.S.T. on June 30, 1996.

FOR FURTHER INFORMATION CONTACT: Kenneth D. Fisher, Ph.D., Executive Director, Commission on Dietary Supplement Labels, Office of Disease Prevention and Health Promotion, Room 738G, Hubert H. Humphrey Building, 200 Independence Ave., SW., Washington, D.C. 20201, (202) 205-5968.

SUPPLEMENTARY INFORMATION:

Commission's Task

Public Law 103-417, Section 12, authorized the establishment of a Commission on Dietary Supplement Labels whose seven members have been appointed by the President. The appointments to the Commission by the President and the establishment of the Commission by the Secretary of Health and Human Services reflect the commitment of the President and the Secretary to the development of a sound and consistent regulatory policy on labeling of dietary supplements.

The Commission is charged with conducting a study and providing recommendations for regulation of label claims and statements for dietary supplements, including the use of supplemental literature in connection with their sale and, in addition, procedures for evaluation of label claims. The Commission is expected to evaluate how best to provide truthful, scientifically valid, and non-misleading information to consumers in order that they may make informed health care choices for themselves and their families. The Commission's study report may include recommendations on legislation, if appropriate and necessary.

Announcement of Meeting

The Commission's second meeting will be March 8, 1996, 8:30 a.m. to 4:30 p.m. Central Time. The meeting will be held at the Radisson Hotel Salt Lake City Airport Coventary Room (Utah). The agenda will include (a) oral comments from interested parties and the general public, (b) identification of
