DEPARTMENT OF DEFENSE

Department of the Air Force

Record of Decision (ROD) for the Disposal and Reuse of K. I. Sawyer Air Force Base (AFB), MI

On April 12, 1995, the Air Force signed the ROD for the disposal of K. I. Sawyer AFB. The decisions included in this ROD have been made in consideration of, but not limited to, the information contained in the Final Environmental Impact Statement (FEIS) filed with the Environmental Protection Agency on February 15, 1996.

K. I. Sawyer AFB closed on September 30, 1995, pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (Public Law 100-526) and recommendations of the Defense

Secretary's Commission on Base Realignment and Closure. This ROD documents the K. I. Sawyer AFB disposal decisions.

The decision conveyed by the ROD is to dispose of K. I. Sawyer AFB in a manner that enables development of an airport, a manufacturing and business complex, recreational facilities and residential areas. This allowed for the central theme of the proposed future land use plans discussed in the FEIS to be fully implemented. The environmental findings and mitigation measures contained in the initial ROD remain fully applicable.

Consistent with the community reuse plan, the ROD balances airfield, business, industrial, and a recreational complex with family housing.

Several disposal methods and parcels are involved in the ROD, including public benefit conveyances (PBCs) to the Department of Education (DoEd) and the Department of Interior (DOI). Of a total of 5,215 acres, which includes 2,001 acres of land leased from the State of Michigan, it is anticipated the K. I. Sawyer Base Conversion Authority will acquire a total of 4,952 acres by the Jobs Commission of the State of Michigan in their potential economic development conveyance (EDC)(1,750 acres), Federal Aviation Administration conveyance (1,201 acres), and lease termination (2,001 acres).

The DOI, Parks and Recreation, anticipates requesting 112 acres, and the DoEd anticipates requesting 13 acres for a total of 125 acres as a PBC. The DOI, Bureau of Indian Affairs, has requested 113 acres as a federal transfer. The remaining 25 acres are a restrictive easement which will be extinguished.

The road network is an integral part of all parcels. Primary roads may be conveyed by negotiated sale to an eligible public body. Secondary roadways that fall within a parcel completely will be included as part of the parcel. The utility systems are totally integrated systems, prohibiting their separation among the various parcels. Therefore, disposal of the utility systems will include conditions under which the recipients must provide service to all parcels. Utility easements will be granted as appropriate. It is anticipated all primary roads, the gas and electric system, the water and wastewater systems, and the telephone communications systems, with appropriate easements for maintenance and repair, will be conveyed to the K. I. Sawyer Base Conversion Authority by the Jobs Commission of the State of Michigan through an EDC.

The implementation of the closure and reuse action and associated
