

B. Other Section 1115 Demonstration Proposals

1. New Proposals: The following new proposal was received during the month of February.

Demonstration Title/State: Wisconsin Partnership Program—Wisconsin.

Description: Wisconsin has submitted Medicare section 222 demonstration and Medicaid section 1115 waiver requests to implement the "Wisconsin Partnership Program" in specific counties of the State. This program will test two innovative models of care, one for frail elderly and one for persons with disabilities, utilizing a multi-disciplinary team to manage care. The team is to include the beneficiary, a nurse practitioner, the beneficiary's choice of primary care physician, and a social worker or independent living coordinator. Consumer choice of care, settings and the manner of service delivery is a key component of the program. The demonstration will test the use of consumer-defined quality indicators to measure and improve the quality of service provided to people who are elderly and people with disabilities.

Date Received: February 28, 1996.
