

mean that nonentitled units of general local government in New York could not obtain fiscal year CDBG funds.

Funds are made available to jurisdictions in the State of Hawaii by formula which is set forth at 24 CFR 570.429. Only three jurisdictions in the State of Hawaii are eligible for the HUD-administered CDBG Small Cities Program; the three counties (islands) of Maui, Hawaii, and Kauai. The City of Honolulu is an entitlement city.

HUD Form 4052 is the Performance Assessment Report (PAR) which successful applicants (grantees) are required to submit to HUD on an annual basis in order to report program progress. HUD is statutorily required to monitor program participants for timely program progress and to annually report to Congress. Form 4052 is used in administration of both the Hawaii and New York Small Cities Programs. Failure to have an approved reporting

format would hamper HUD's ability to carry out the required monitoring/reporting responsibilities in New York and Hawaii. The information to be collected under this request is not available through any other source.

There are currently no information collection technologies uniformly on-line and available which would reduce the application and reporting burdens on all affected units of general local government. The information collection requirements have been reduced to the minimum necessary to meet statutory requirements.

HUD will not require participants to duplicate information that has been submitted in electronic formats (including the Consolidated Plan), except where current regulations continue to require paper copies. Where the required information has been submitted in "other official HUD reports", the requirements can be

satisfied by referencing the appropriate section(s) and providing a copy (either electronic and/or hard copy).

Technologies are being developed to achieve a uniform on-line electronic ability to collect performance data as well as disburse payments under current accounting guidelines. This will further reduce duplication of effort by providing localities the means to extract and use data from their own local data sources.

Agency form numbers: HUD Form 4124 & HUD Form 4052.

Members of affected public: The information collected under this request does not include information from individuals. The respondents are "local governments".

Over the next three years there will be 584 estimated total projects in active status under the New York Small Cities Program. An estimated 250 applications (form 4124) for funds were submitted in FY 95. The Small Cities Program for Hawaii provides grants to only three eligible grantees: the counties of Maui, Hawaii, and Kauai. These figures are based on recent experience and field projections of local applicants and the most current estimates of the number of open/active (and not expected to close-out) grants over the next three (3) years.
