

situation in which he finds himself.”. However, the record discloses that the Respondent did not follow this advice and enter the Friary or any other treatment program, and the record contains no evidence that he has since sought such treatment.

Also significant was the Respondent's failure to acknowledge his responsibility to review his DEA renewal application before submission, instead he testified in 1994 that “I don't sit around worrying about these applications.” The Deputy Administrator agrees with the Government attorney that such conduct raises grave doubts as to the Respondent's commitment to precise regulatory compliance in the future, a commitment needed to meet the responsibilities of a DEA registration for the handling of controlled substances.

Therefore, after reviewing the entire record, the Deputy Administrator finds that the public interest is best served by revoking the Respondent's DEA Certificate of Registration and denying any pending application. The Respondent's violations of statutory and regulatory provisions, his admitted past drug abuse and the lack of evidence that the Respondent completed a substance abuse treatment program as recommended by the Alabama Board and treating physicians at the Friary, and his continuing failure to take responsibility for compliance with DEA regulatory requirements, support a finding that the public interest is best served by revoking his registration and denying any pending applications at this time.

Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824, and 28 C.F.R. 0.100(b) and 0.104, hereby orders that DEA Certificate of Registration AM2822876 issued to Terrence E. Murphy, M.D., be, and it hereby is, revoked, and any pending applications for renewal of said registration are denied. This order is effective February 28, 1996.

Dated: January 23, 1996.

**SUPPLEMENTARY INFORMATION:** The License Application Review Plan (LARP) provides guidance to the NRC staff who will review the U.S. Department of Energy's (DOE's) license application to construct a mined geologic repository for the disposal of spent nuclear fuel and other high-level radioactive waste at Yucca Mountain, Nevada. The LARP is intended to ensure the quality and uniformity of the staff reviews and establishes the appropriate review priorities, and presents a well-defined base from which to evaluate proposed changes in the scope and requirements of the staff reviews. Because it is a public document, it will also make available to DOE and other interested parties information on the staff's review process so that they may better understand the review strategies, procedures, and acceptance criteria that the staff will use.

The LARP, Revision 0 was issued in September, 1994. Revision 0 represented the staff's initial efforts in developing the LARP and was comprised of both completed and outlined individual review plans. The LARP was and continues to be, however, a work in progress. This draft version, designated Revision 1, represents the staff's latest efforts in the development of the LARP and includes 12 newly completed review plans. Appendix D provides a status of the development of the individual review plans.

**Federal Prevailing Rate Advisory  
Committee; Open Committee Meeting**

According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that a meeting of the Federal Prevailing Rate Advisory Committee will be held on—Thursday, March 7, 1996.

The meeting will start at 10:45 a.m. and will be held in Room 5A06A, Office of Personnel Management Building, 1900 E Street, NW., Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chairman, five representatives from labor unions holding exclusive bargaining rights for Federal blue-collar employees, and five

representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

These scheduled meetings will start in open session with both labor and management representatives attending. During the meeting either the labor members or the management members may caucus separately with the Chairman to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. 552b(c)(9)(B). The caucuses may, depending on the issues involved, constitute a substantial portion of the meeting.

Annually, the Chairman compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public, upon written request to the Committee's Secretary.

The public is invited to submit material in writing to the Chairman on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on these meetings may be obtained by contacting the Committee's Secretary, Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 5559, 1900 E Street, NW., Washington, DC 20415 (202) 606-1500.

Dated: January 19, 1996.

Committee.*
