Agency: National Oceanic and Atmospheric Administration (NOAA).
Title: Bluefin Tuna Dealer Reports.
Agency Number: NOAA 88-144.
OMB Number: 0648-0239.

Type of Request: Revision of a currently approved collection.

Burden: 1199 hours.

The Act requires the Secretary of Commerce to promulgate regulations adopted by the International Commission for the Conservation of Atlantic Tunas (ICCAT). As a member of ICCAT, the United States is required to take part in the collection of biological statistics for research purposes. BILLING CODE 3510-22-P

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Patent and Trademark Office (PTO).

Title: Rules for Patent Maintenance Fees.

Agency Approval Number: 0651-0016.

Form Numbers: PTO/SB/46, 46, 47, 65, and 66.

Type of Request: Revision of a currently approved collection.

Burden: 22,640 hours.

Number of Respondents: 273,800.

Avg. Hours Per Response: .08 hours for PTO/SB/45/47 and 1 hour for PTO/SB/65/66.

Needs and Uses: The identification of the application serial and patent numbers, the maintenance fee amount and the surcharge amount will be used by the PTO to record the payment of maintenance fees on patents in order to keep the patents in force. The information will be used to prepare a receipt for the patentee and to determine whether or not a maintenance fee has been paid in response to any inquiry from the public. The optional information of the payment year and the small entity status are helpful to determine the amount of the maintenance fee due.

The use of PTO/SB/65/66 forms readily and conveniently indicates to the office that the required elements for the filing of petitions under 37 CFR 1.378 (b) or (c) have or have not been submitted. For example, the above forms include the verified statement and appropriate check boxes (list) for indicating that the required items have been attached to the petition form such as the maintenance fee, small entity status, reason for unintentional or unavoidable delay and surcharge. The top of the form indicates a space for the patent number, issue date, the application serial number and corresponding filing date. This identifying assists PTO in matching the fee with appropriate patent.

Affected Public: Individuals or households, business or other for-profit institutions, not-for-profit institutions, and Federal government.

Frequency: three (3) times, once every four years for payment of maintenance fees and on occasion for petitions to reinstate an expired patent.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Maya A. Bernstein,
(202) 395-3785.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to

Maya Bernstein, OMB Desk Officer,
room 10236, New Executive Office
Building, Washington DC 20503.

Dated: May 30, 1996.

Foreign-Trade Zones Board

[Docket 44-96]

Foreign-Trade Zone 202—Los Angeles, CA Application for Subzone California Steel Industries, Inc. (Steel Mill Products) Fontana, CA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Board of Harbor Commissioners of the City of Los Angeles, California, grantee of FTZ 202, requesting special-purpose subzone status for the steel mill products manufacturing facilities of California Steel Industries, Inc. (CSI), in Fontana, California. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 24, 1996.

CSI is a joint venture of Kawasaki Steel Holdings (USA), Inc., subsidiary of Kawasaki Steel, Ltd. (Japan), and Rio Doce, Ltd., subsidiary of Companhia Vale do Rio Doce (Brazil).

The CSI steel mill (370 acres) is located at 14000 San Bernadino Avenue, Fontana, California, some 65 miles west of the Los Angeles harbor area. The facilities (1000 employees) consist of a hot-roll mill, cold-roll mill, pickling line, galvanizing mill, and pipe mill. They are used to produce hot- and cold-rolled steel sheet, galvanized sheet and iron or steel pipe (HTS #7206, #7208-7210). The primary material inputs are semifinished steel slabs (HTS #7207.12.0050). Currently some 80 percent of the slabs are purchased from foreign sources, though the company is considering the production of slabs on site as a long-term goal. Foreign materials would be admitted in privileged foreign status (19 CFR 146.41). Some 4 percent of the finished steel mill products would be exported.

Zone procedures would exempt CSI from Customs duty payments on the foreign materials used in production for export (replacing duty drawback procedures). On domestic sales, the company would be able to defer

Customs duties until finished products are shipped from the plant. The company is also seeking an exemption from Customs duties on scrap and waste that result from the production process (approx. 4-6%). The application indicates that the savings from zone procedures would help improve the international competitiveness in commodity-grade steel markets of a steel mill located in the western United States.

In accordance with the Board's regulations, a member of the FTZ Staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 5, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to [75 days from the date of publication]).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, 11000 Wilshire Blvd., Room 9200, Los Angeles, California 90024
Office of the Executive Secretary,
Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue, N.W., Washington, DC 20230.

Dated: May 29, 1996.

Executive Secretary.

Revision of Grant of Authority; TransAmerican Natural Gas Corporation (Oil Refinery) Destrehan, LA

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones (FTZ) Board (the Board) authorized subzone status at the oil refinery of TransAmerican Natural Gas Corporation, in Destrehan, Louisiana, in 1988, subject to conditions (Subzone 124A, Board Order 379, 53 FR 11539, 4/7/88);

Whereas, the South Louisiana Port Commission, grantee of FTZ 124, has

requested, pursuant to § 400.32(b)(1)(i), a revision (filed 3/25/96, A(32b1)-3-96; FTZ Doc. 39-96, assigned 5/8/96) of the grant of authority for FTZ Subzone 124A which would make its scope of authority identical to that recently granted for FTZ Subzone 199A at the refinery complex of Amoco Oil Company, Texas City, Texas (Board Order 731, 60 FR 13118, 3/10/95); and, Whereas, the Assistant Secretary for Import Administration, acting for the Board pursuant to § 400.32(b)(1), concurring in the findings and recommendations of the FTZ Staff and Executive Secretary, approves the request;

Now therefore, subject to the Act and the Board's regulations, including § 400.28, Board Order 379 is revised to replace the two conditions currently listed in the Order with the following conditions:

1. Foreign status (19 CFR 146.41, 146.42) products consumed as fuel for the refinery shall be subject to the applicable duty rate.
2. Privileged foreign status (19 CFR 146.41) shall be elected on all foreign merchandise admitted to the subzone, except that non-privileged foreign (NPF) status (19 CFR 146.42) may be elected on refinery inputs covered under HTSUS Subheadings #2709.00.1000-#2710.00.1050 and #2710.00.2500 which are used in the production of:

- products for export; and,
- products eligible for entry under HTSUS # 9808.00.30 and 9808.00.40 (U.S. Government purchases).

3. The authority with regard to the NPF option is initially granted until September 30, 2000, subject to extension.

Signed at Washington, DC, this 29th day of May 1996.

Paul L. Joffe,

Acting, Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

John J. Da Ponte, Jr.,
Executive Secretary.
