BILLING CODE 4510-30-M

[NAFTA-00944]

Dataproducts Corporation; Norcross, GA; Amended Certification Regarding Eligibility To Apply for NAFTA Transitional Adjustment Assistance

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 USC 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on May 15, 1996, applicable to workers of Dataproducts Corporation, Norcross, Georgia. The Notice will soon be published in the Federal Register.

The Department reviewed the certification for workers of the subject firm. New findings show that the Department inadvertently issued the certification to all workers instead of workers producing computer ribbon products, the subject of the petition. The company reports that the workers are separately identifiable. Accordingly, the Department is amending the certification to limit coverage only to the workers at the Norcross plant producing computer ribbon products.

The amended notice applicable to NAFTA—00944 is hereby issued as follows:

All workers of Dataproducts Corporation, Norcross, Georgia, engaged in the production of computer ribbon products who became totally or partially separated from employment on or after April 1, 1995 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, DC, this 20th day of May 1996.

Russell T. Kile,

Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

[FR Doc. 96-14290 Filed 6-5-96; 8:45 am]

BILLING CODE 4510-30-M

[NAFTA-00999]

Zena Enterprises, New York, NY; Notice of Termination of Investigation

Pursuant to Section 250(b)(1) of the Trade Act of 1974, as amended, an investigation was initiated for workers of the subject firm. The Department inadvertently issued a certification on May 8, 1996, irrespective of the fact that the workers were covered under an existing certification. The notice will soon be published in the Federal Register. This notice corrects the above noted inadvertent action.

On April 23, 1996, under petition NAFTA-00721, the Department amended the certification for all workers of R.D. Simpson, Incorporated (Including D & E Laundry) in Cartersville, Georgia, to include an affiliate of the subject firm, Zena Enterprises, New York, New York (NAFTA-00721A). The notice was published in the Federal Register on May 8, 1996 (61 FR 20837).

Therefore, since the subject workers were previously certified, further investigation in NAFTA-00999 would serve no purpose and the investigation has been terminated.

Signed at Washington, DC, this 21st day of May 1996.

Russell T. Kile,

Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

NATIONAL EDUCATION GOALS PANEL

National Education Goals Panel Meeting

AGENCY: National Education Goals Panel.

ACTION: Notice of Meeting.

SUMMARY: This notice sets forth the date and location of a forthcoming meeting of the National Education Goals Panel. This notice also describes the functions of the Panel.

DATES: June 18, 1996 from 9:00 a.m.—12:00 Noon.

ADDRESSES: Marriott at Metro Center, Salon A, 775—Twelfth Street (at E Street), N.W., Washington, D.C. 20005. The Twelfth Street entrance to the hotel is accessible for persons with disabilities.

FOR FURTHER INFORMATION CONTACT: Cindy Dixon, Program Assistant, 1255—22nd Street, N.W., Suite 502,

Washington, D.C. 20037. Telephone: (202) 632-0952.

SUPPLEMENTARY INFORMATION: The National Education Goals Panel, a bipartisan panel of governors, members of the Administration, members of Congress and state legislators, was created to monitor and report annually to the President, Governors, Congress and the nation on the progress of the nation and states toward meeting the National Education Goals adopted by the President and Governors in 1989.

The meeting of the Panel is open to the public. The agenda includes: presentation of a new Goals Panel report, Profile of 1994-95 State Assessments and Reported Results; discussion of the redesign of the National Assessment of Educational Progress (NAEP); presentation of two state assessment systems.

Records are kept of all proceedings and are available for inspection at the Goals Panel office, 1255—22nd Street, N.W., Suite 502, Washington, D.C. 20037.

Dated: May 30, 1996.

Ken Nelson,

Executive Director, National Education Goals Panel.

NATIONAL SCIENCE FOUNDATION

Proposed Collection; Comment Request; Title of Proposed Collection, "Fellowship Applications and Award Forms"

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Science Foundation (NSF) will publish periodic summaries of proposed projects. To request more information of the propose project or to obtain a copy of the data collection plans and instruments, call Herman Fleming, NSF Clearance Officer at (703) 306-1243.

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed project. Section 10 of the National Science Foundation Act, as

amended, states that "The Foundation is authorized to award, within the limits of funds made available * * * scholarships and graduate fellowships for scientific study or scientific work in the mathematical physical, medical, biological, engineering, social, and other sciences at appropriate nonprofit American or nonprofit foreign institutions selected by the recipient of such aid, for stated periods of time."

The Foundation Fellowship Programs are designed to meet the following objectives:

- To assure that some of the Nation's most talented students in the sciences obtain the education necessary to become creative and productive scientific researchers.
- To train or upgrade advanced scientific personnel to enhance their abilities as teachers and researchers.
- To promote graduate education in the sciences, mathematics, and engineering at institutions that have traditionally served ethnic minorities.
- To encourage pursuit of advanced science degrees by students who are members of ethnic groups traditionally under-represented in the Nation's advanced science personnel pool.

The Foundations has the following fellowship award programs:

NSF Graduate Research Fellowships
 Graduate Fellowships
 Minority Graduate Fellowships
 Women in Engineering and Computer and Information Science
 Earth Sciences Postdoctoral Research Fellowships
 Postdoctoral Research Fellowships in Chemistry
 Mathematical Sciences Postdoctoral Research Fellowships
 NSF-NATO Postdoctoral Fellowships and Supporting Engineering
 Minority Postdoctoral Research Fellowships and Supporting Activities
 Postdoctoral Research Fellowships in Biosciences Related to the Environment
 Postdoctoral Research Fellowships in Molecular Evolution
 Ridge Inter-Disciplinary Global Experiments
 Advanced Study Institute Travel Awards
 International Opportunities for Scientists and Engineers
 Japan Research Fellows
 North American Research fellows
 International Research fellows
 Ethics and Values Fellowship Awards

These are annual award programs with application deadlines varying according to the fellowship program. Public burden may also vary according

to program, however it is estimated that each submission is averaged to be 12 hours per respondent.

Send comments to Herman Fleming, Clearance Office, National Science Foundation, 4201 Wilson Boulevard, Suite 485, Arlington, VA 22230. Written comments should be received by August 1, 1996

Dated: May 31, 1996.

Herman G. Fleming,

NSF Clearance Officer.

BILLING CODE 7555-01-M

NUCLEAR REGULATORY COMMISSION

[Docket No. 040-9027]

Consideration of an Amendment Request for Decommissioning the Cabot Corporation Facility in Revere, Pennsylvania and Opportunity for a Hearing

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of Consideration of a License Amendment for the Cabot Corporation Site in Revere, Pennsylvania, and Opportunity for a Hearing.

The U.S. Nuclear Regulatory Commission is considering issuance of a license amendment to Source Materials License No. SMC-1562 issued to Cabot Corporation (the licensee) for the decommissioning of its facility in Revere, Pennsylvania. The licensee requested the amendment in a letter dated April 25, 1996, to incorporate the site decommissioning plan submitted with the request.

The waste from the Revere facility consists of silica slag containing natural uranium and thorium resulting from the past production of niobium metal. There are approximately 23,210 cubic meters of material, about 5 percent of which is radioactive slag. The radioactive slag is mixed in with soil, rubble, and other slag that is not radioactive. The licensee proposes to consolidate material from several areas onsite into one onsite location. The licensee has submitted a risk analysis that purports to demonstrate that the potential radiation dose to the critical population group will be acceptably low.

The NRC will require the licensee to remediate the Revere facility to meet NRC's criteria, and, during the decommissioning activities, to maintain effluents and doses as low as is reasonably achievable.

Prior to the issuance of the proposed amendment, NRC will have made findings required by the Atomic Energy Act of 1954, as amended, and NRC's regulations. These findings will be documented in a Safety Evaluation Report and an Environmental Assessment.

The NRC hereby provides notice that this is a proceeding on an application for a license amendment falling within the scope of Subpart L, "Informal Hearing Procedures for Adjudication in Materials Licensing Proceedings," of NRC's rules and practice for domestic licensing proceedings in 10 CFR Part 2. Pursuant to § 2.1205(a), any person whose interest may be affected by this proceeding may file a request for a hearing in accordance with § 2.2105(c). A request for a hearing must be filed within thirty (30) days of the date of publication of this Federal Register notice.

The request for a hearing must be filed with the Office of the Secretary either:

1. By delivery to the Docketing and Service Branch of the Office of the Secretary at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738; or

2. By mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Attention: Docketing and Service Branch.

In addition to meeting other applicable requirements of 10 CFR Part 2 of the NRC's regulations, a request for a hearing filed by a person other than an applicant must describe in detail:

1. The interest of the requestor in the proceeding;

2. How that interest may be affected by the results of the proceeding, including the reasons why the requestor should be permitted a hearing, with particular reference to the factors set out in § 2.1205(g);

3. The requestor's areas of concern about the licensing activity that is the subject matter of the proceeding; and

4. The circumstances establishing that the request for a hearing is timely in accordance with § 2.1205(c).

In accordance with 10 CFR § 2.1205(e), each request for a hearing must also be served, by delivering it personally or by mail, to:

1. The applicant, Cabot Performance Materials, P.O. Box 1608, County Line Road, Boyertown, Pennsylvania, 19512-1608, Attention Mr. Anthony T. Campitelli; and

2. The NRC staff, by delivery to the Executive Director for Operations, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738, or by
