Agency Information Collection Activities: Proposed Collection; Common Request

ACTION: Notice of information collection under review; public involvement procedures regarding proposals to produce new products or expand the production of existing products.

The proposed information collection is published to obtain comments from the public. Emergency review of this collection has been requested from OMB by June 14, 1996. This approval is only valid for 90 days. Regular review of this proposed collection is also being undertaken at this time. Comments are encouraged and will be accepted for 60 days from the date listed at the top of this page in the Federal Register.

I. Summary

FPI is administered by a board of six directors who are appointed by the President to oversee FPI's operations. The Board of Directors represent Industry, Labor, Agriculture, Retailers & Consumers, the Department of Defense, and the Attorney General. All proposals for the production of new products or the expansion of existing production must be approved by the Board.

The product approval process was articulated by Congress in 1988 revisions to 18 U.S.C. 4122. FPI, in conjunction with private industry, established the Public Involvement Procedures and definitions. These procedures implement the requirements set forth in 18 U.S.C. 4122. The statute requires FPI to "invite such trade associations to submit comments on those plans." In addition, the statute requires that FPI provide industry representatives "a reasonable opportunity . . . to present comments

directly to the board of directors on the proposal." The public involvement procedures allows for input by all interested parties both in writing and through in-person hearings before the Board of Directors. There are several methods through which information is collected. Private Industry may provide comments directly to the research team that is writing the proposal to the Board, the Ombudsman who serves as a liaison between private industry and the Board or they can make comments directly at the Board hearing on the proposed expansion or new product. These comments become part of the public record presented to the Board of Directors on the new product or expansion proposal. As such, they are considered by the Board of Directors in making a decision on an FPI proposal.
