A FY 1994 NOFA published on August 31, 1994 (59 FR 45154) made up to \$500,000 available for Youth Leadership grants. This Notice announces FY 1994 funding of \$1 million for grants to provide technical assistance and training to public housing agencies and Indian housing authorities in the development and training of housing authorities staff and residents to assist them in developing youth programs which focus on the enhancement of youth leadership development based on successful models which develop and build the capacity of young peoples' leadership skills. The FY 1994 awards announced in this Notice were selected for funding consistent with the provisions in the NOFA published in the Federal Register on August 31, 1994 (59 FR 45154) and the Notice of Additional Funding published on January 17, 1995 (60 FR 3434).

#### 2. Special Concerns

None.

#### 3. Criteria for Review and Funding

Competing applications requesting funding under the specific project activity in Section 4 will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Applications that are accepted for review will be assigned to an Initial Review Group (IRG) composed primarily of non-Federal experts. Applications will be recommended for approval or disapproval on the basis of merit. Applications recommended for approval will be assigned scores according to level of merit.

##### 3.1 General Criteria

As published in the Federal Register on July 2, 1993 (Vol. 58, No. 126), SAMHSA's "Peer Review and Advisory Council Review of Grant and Cooperative Agreement Applications and Contract Proposals," peer review groups will take into account, among other factors as may be specified in the application guidance materials, the following general criteria:

- Potential significance of the proposed project;
- Appropriateness of the applicant's proposed objectives to the goals of the specific program;
- Adequacy and appropriateness of the proposed approach and activities;

- Availability of funds.

Additional funding criteria specific to the programmatic activity may be included in the application guidance materials.

#### 4. Specific FY 1996 Activity

Technical Assistance Center for the Evaluation of Mental Health Systems Change.

This activity will be conducted as a cooperative agreement program. Substantive Federal programmatic involvement is required in cooperative agreement programs. Federal involvement will include planning, guiding, coordinating, and participating in programmatic activities (e.g., participation in publication of findings) and on steering committees. Periodic meetings, conferences, and/or communications with the award recipients may be held to review mutually agreed upon goals and objectives and to assess progress. Additional details on the degree of Federal programmatic involvement will be included in the application guidance materials.

- Application Deadline: July 22, 1996.
- Purpose: A cooperative agreement will be awarded to support a Technical Assistance Center (TA Center) for the Evaluation of Mental Health Systems Change. The goal of the TA Center will be to provide technical assistance in the area of evaluation to State and local public entities as well as private nonprofit entities within the States with a primary focus on adult mental health systems. Broadly speaking, the TA Center should accomplish this goal through increasing the capacity of its

customers to conduct evaluations; through direct and indirect technical assistance activities; through encouraging the evaluation of systems implementation strategies and changes at State and sub-State levels that have the potential for providing useful knowledge to organizations considering similar changes in other areas; and through consensus building within States and local communities about "best practices" based on the results of these, and related, evaluations. Funds will be awarded through a cooperative agreement mechanism to allow CMHS staff to coordinate this effort with related technical assistance and information dissemination efforts. These efforts include the CMHS Knowledge Exchange Network, the TA Center for State Mental Health Planning, and the National TA Center for Children's Mental Health.

- Priorities: None.
- Eligible Applicants: Applications may be submitted by public organizations, such as units of State or local governments and by private nonprofit and for-profit organizations such as community-based organizations, universities, colleges and hospitals, including active CMHS Division of Demonstration Program TA Center grantees.
- Grants/Amounts: 1 award estimated at approximately \$600,000 in the first year.
- Catalog of Federal Domestic Assistance Number: 93.119.
- Program Contact: Roger Straw, Ph.D., Division of Demonstration Programs, Center for Mental Health Services, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 11C-26, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-3606.

#### 5. Public Health System Reporting Requirements

This activity is not subject to the Public Health System Reporting Requirements.

#### 6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and to promote the nonuse of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the

physical and mental health of the American people.

#### 7. Executive Order 12372

This activity is not subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100.
