Science Advisory Board Amendment To Previously Published Federal Register Notice and Notification of Public Advisory Committee Meeting; Open Meeting

On June 25, 1996, notice of several meetings of the EPA's Science Advisory Board (SAB) was published in the Federal Register 61 FR 32796. This notice amends section 4 of that notice concerning the July 16-18 meeting of the Drinking Water Committee (DWC). This notice also announces the meeting of the Valuation Subcommittee of the Integrated Risk Project Committee which will meet on July 19, 1996.

1. Drinking Water Committee—Amended Notice of Meeting

This notice amends the statement of purpose and background from section 4 of the Federal Register notice of June 25, 1996 concerning the July 16-18 meeting of the Drinking Water Committee (DWC) at the Holiday Inn Georgetown, 2101 Wisconsin Avenue NW., Washington, D.C. 20007, telephone (202) 338-4600.

As amended, the main purpose of the meeting is to: (a) Evaluate EPA's basis for concluding that protozoan monitoring, required under the Information Collection Rule (ICR), will provide data adequate for supporting a national impact analysis for the Enhanced Surface Water Treatment Rule (ESWTR); (b) discuss the proposals submitted for DWC review in Fiscal Year 1997; (c) discuss emerging requirements regarding testing and evaluation of endocrine disruptors; (d) consider the impacts revisions to the Cancer Guidelines may have on the assessment of waterborne cancer hazards; and, (e) finish drafting the DWC's report on the Agency's Five Year Research Plan for Microbes and Disinfectant By-Products.

Background on the Statistical Evaluation of Pathogenic Parasites: The Agency has promulgated an Information Collection Rule (ICR) which among other things will provide data about the occurrence of the pathogenic parasites *Cryptosporidium* and *Giardia* in the source waters of several hundred water supplies. Information about pathogen occurrence is needed for a Regulatory Impact Analysis of the ESWTR. The

Office of Water (OW) does not believe that current protozoan methods are appropriate for evaluating occurrence at individual sites for the purpose of complying with a regulation. However, OW does think the method is adequate for obtaining data to support a National Impact Analysis.

2. Integrated Risk Project Committee

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Valuation Subcommittee (Committee) of the Integrated Risk Project Committee (IRP) of the Science Advisory Board (SAB) will meet on July 19, 1996, from 8:30 am to no later than 5:00 pm (Eastern Daylight Time) in Room 17 of the Washington Information Center (WIC) of the US EPA, 401 M Street SW., Washington, DC 20460. This meeting is open to the public, however, due to limited space, seating will be on a first-come basis. The purpose of the meeting is to refine the charge to the Committee and to plan the Committee's efforts as part of the larger IRP effort of the SAB.

Background: In a letter dated October 25, 1995, Deputy Administrator Fred Hansen requested the SAB to update the assessment of environmental risks, priorities, and risk reduction opportunities contained in the 1990 SAB report, Reducing Risk: Setting Priorities and Strategies for Environmental Protection (EPA-SAB-EC-90-021). In subsequent discussions with the Deputy Administrator, the SAB has also agreed to provide insights on economic analysis of risk reduction options and ecosystem valuation. In summary, the current charge to the Valuation Subcommittee is to propose a new framework for assessing the value of ecosystems to humans, including ecological services and environmentally mediated health and quality of life values.

FOR FURTHER INFORMATION: Single copies of the information provided to the Committee can be obtained by contacting Ms. Diana Pozun, Staff Secretary, Committee Operations Staff, Science Advisory Board (1400), US EPA, 401 M Street SW., Washington, DC 20460, telephone (202) 260-8414, fax (202) 260-7118, or Internet at: pozun.diana@epamail.epa.gov. Single copies of Reducing Risk, the report of the previous relative risk ranking effort of the SAB, can be obtained by contacting the SAB's Committee Evaluation and Support Staff (1400), 401 M Street, SW., Washington, DC 20460, telephone (202) 260-8414, or fax (202) 260-1889. Anyone wishing to make an oral presentation at the meeting

must contact Mr. Thomas Miller, Designated Federal Official for the Valuation Subcommittee IRP, *in writing* no later than 4:00 pm (Eastern Daylight Time) July 12 1996, at the above address, via fax (202) 260-7118, or via the Internet at: Miller.Tom@epamail.epa.gov. The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. At least 35 copies of any written comments to the Committee are to be given to Mr. Miller no later than the time of the presentation for distribution to the Committee and the interested public. To discuss technical aspects of the meeting, please contact Mr. Miller by telephone at (202) 260-8414.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting.

Dated: June 21, 1996.
 John R. Fowle III,
Acting Staff Director, Science Advisory Board.

FEDERAL COMMUNICATIONS COMMISSION

[DA 96-962]

Telecommunications Services Between the United States and Cuba

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: On June 17, 1996, the Commission approved the application of AT&T Corp. to acquire and operate additional facilities to provide telecommunications services between the United States and Cuba. The services authorized include both switched voice and private line services.

Grant of the application will permit AT&T to continue to provide improved service to Cuba, pursuant to the new service agreement it entered into with its correspondent in Cuba, EMTELCUBA, which became effective upon grant of a previous application. The Commission has authorized AT&T to provide service between the United States and Cuba in accordance with the provisions of the Cuban Democracy Act. This will allow AT&T to help meet the large demand for direct telecommunications services between the United States and Cuba. Under the guidelines established by the Department of State, AT&T is to submit reports indicating the numbers of circuits activated by facility, on or before June 30, and December 31 of each year, and on the one-year anniversary of this notification in the Federal Register.

EFFECTIVE DATE: June 17, 1996.

FOR FURTHER INFORMATION CONTACT: Troy F. Tanner, Attorney, Common Carrier Bureau, (202) 418-1470.

SUPPLEMENTARY INFORMATION:

Adopted: June 17, 1996.

Released: June 20, 1996.

1. Upon consideration of the above-captioned uncontested application, filed by American Telephone and Telegraph Company (AT&T) pursuant to Section 214 of the Communications Act of 1934, as amended, we find that the present and future public convenience and necessity require a grant thereof.

2. Accordingly, *it is ordered* that application File No. I-T-C-96-231 is granted, and AT&T is authorized to:

a. lease from Comsat and operate 24 64-kbps satellite circuits between appropriately licensed U.S. earth stations and an appropriate INTELSAT satellite over the Atlantic Ocean, connecting with similar circuits between the satellite and an earth station in Cuba, furnished by AT&T's correspondent;

b. multiplex the circuits authorized in a., above, through the use of Digital Circuit Multiplexing Equipment, to derive up to 120 circuits from the 30 circuits authorized; and

c. use said facilities to provide AT&T's regularly authorized services between the United States and Cuba.

3. It is further ordered that our authorization of AT&T to provide private lines as part of its authorized services is limited to the provision of such private lines only between the United States and Cuba—that is, private lines which originate in the United States and terminate in Cuba or which originate in Cuba and terminate in the United States. In addition, AT&T may

not—and AT&T's tariffs must state that its customers may not—connect private lines provided over these facilities to the public switched network at either the U.S. or Cuban end, or both, for the provision of international switched basic services, unless authorized to do so by the Commission upon a finding that Cuba affords resale opportunities equivalent to those available under U.S. law, in accordance with *Foreign Carrier Entry Order*, 60 FR 67332, December 29, 1995. The limitations in this paragraph are subject to the exceptions contained in Sections 63.01(k)(6)(i) and 63.17 of the Commission's Rules, 47 CFR §§ 63.01(k)(6)(i) and 63.17. See also *Cable & Wireless et al.*, 11 FCC Rcd 1766 (1996), para. 36.

4. *It is further ordered* that the applicant shall file the annual reports of overseas telecommunications traffic required by Section 43.61 of the Commission's Rules, 47 CFR Section 43.61.

5. It is further ordered that the applicant shall file annual circuit status reports in accordance with the requirements set forth in *Rules for Filing of International Circuit Status Reports*, CC Docket No. 93-157, Report and Order, 10 FCC Rcd 8605 (1995), 60 FR 51366, October 2, 1995.

6. It is further ordered that AT&T shall split 50/50 with ETESCA the \$1.20 per minute accounting rate for the IMTS services.

7. *It is further ordered* That the surcharge agreed to between AT&T and ETESCA for received collect calls shall be no greater than \$1.00 per call.

8. *It is further ordered* That AT&T shall submit reports on or before June 30, and December 31, of each year, and on the one-year anniversary of the notification of the grant of this application in the Federal Register, indicating the number of circuits activated by facility.

9. *It is further ordered* That this authorization is subject to AT&T's obtaining all necessary licenses and authorizations from the Departments of Treasury and Commerce.

10. It is further ordered That this order is subject to revocation without a hearing in the event the Department of State or the Federal Communications Commission determines that the continuation of communications between the United States and Cuba is no longer in the national interest.

11. This order is issued under Section 0.261 of the Commission's Rules and is effective June 17, 1996. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's Rules may be filed within 30 days of the date of

public notice of this order (see Section 1.4(b)(2)).

Federal Communications Commission.

Diane J. Cornell,

*Chief, Telecommunications Division,
International Bureau.*

BILLING CODE 6712-01-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

[FEMA-1120-DR]

Commonwealth of Pennsylvania; Major Disaster and Related Determinations

AGENCY: Federal Emergency
Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This is a notice of the Presidential declaration of a major disaster for the Commonwealth of Pennsylvania (FEMA-1120-DR), dated June 18, 1996, and related determinations.

EFFECTIVE DATE: June 18, 1996.

FOR FURTHER INFORMATION CONTACT: Pauline C. Campbell, Response and Recovery Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-3606.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated June 18, 1996, the President declared a major disaster under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*), as follows:

I have determined that the damage in certain areas of the Commonwealth of Pennsylvania, resulting from flooding on June 12, 1996, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act ("the Stafford Act"). I, therefore, declare that such a major disaster exists in the Commonwealth of Pennsylvania.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes, such amounts as you find necessary for Federal disaster assistance and administrative expenses.

You are authorized to provide Individual Assistance and Hazard Mitigation in the designated areas. Public Assistance may be added at a later date, if requested and warranted. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance or Hazard Mitigation will be limited to 75 percent of the total eligible costs.

The time period prescribed for the implementation of section 310(a), Priority to Certain Applications for Public Facility and Public Housing
