Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: U. S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* Revision.

2. *The title of the information collection:* 10 CFR Part 73—Physical Protection of Plants and Materials

3. *The form number if applicable:* Not applicable.

4. *How often the collection is required:* On occasion. Required reports are collected and evaluated on a continuing basis as events occur.

5. *Who will be required or asked to report:* Persons who possess, use, import, export, transport, or deliver to a carrier for transport, special nuclear material.

6. *An estimate of the number of responses:* 68,643.

7. *The estimated number of annual respondents:* 76.

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 410,602.

9. *An indication of whether Section 3507(d), Pub. L. 104-13 applies:* Not applicable.

10. *Abstract:* 10 CFR Part 73 prescribes requirements for establishment and maintenance of a physical protection system with capabilities for protection of special nuclear material at fixed sites and in transit and of plants in which special

nuclear material is used. The revision reflects an increase in burden because of requirements for the physical fitness, day firing, and vehicle bomb rulemakings that were previously approved by OMB. There was also an adjustment to the burden because of the elimination of the requirement to have licensees submit quarterly log reports.

A copy of the submittal may be viewed free of charge at the NRC Public Document Room, 2120 L Street, NW (Lower Level), Washington, DC. Members of the public who are in the Washington, DC, area can access the submittal via modem on the Public Document Room Bulletin Board (NRC's Advance Copy Document Library) NRC subsystem at FedWorld, 703-321-3339.
