Parties to the proceeding may request disclosure within 5 days of the date of publication of this notice in accordance with 19 CFR 353.22(c)(6). Any interested party may request a hearing within 10 days of the date of publication (19 CFR 353.38(b)). Any hearing, if requested, will be held 44 days after publication of this notice, or the first workday thereafter. Interested parties may submit case briefs within 30 days after the date of publication of this notice (19 CFR 353.38(c)). Rebuttal briefs and rebuttal comments, which must be limited to issues raised in the case briefs, may be filed not later than 37 days after the date of publication. The Department will publish the final results of review, including the results of its analysis of issues raised in any such written comments.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between export price and NV may vary from the percentage stated above. Upon completion of this review, the Department will issue appraisal instructions on each manufacturer/exporter directly to the U.S. Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(c) of the Act: (1) The cash deposit rate for the reviewed firms will be those firms' rates established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the

exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 6.93 percent, the "all others" rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: July 1, 1996.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.

Endangered Species; Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearing and extension of comment period.

SUMMARY: Notice is hereby given that a public hearing on an application from the Oregon Department of Fish and Wildlife at La Grande, OR (ODFW) for a scientific research/enhancement permit has been requested and will take place. The public comment period for the permit application is extended.

DATES: The public hearing is scheduled for July 24, 1996 from 6 p.m. - 9:30 p.m., or until all comments have been heard. The comment period for the permit application is extended through July 29, 1996 to allow concerned parties the opportunity to respond to the testimony presented at the public hearing.

ADDRESSES: The public hearing will be held at the Oregon Department of Transportation Building, Region 5, 3012 Island Avenue, La Grande, Oregon, 97850. The permit application and related documents are available for review in the following offices, by appointment:

Office of Protected Resources, F/PR8, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401); and

Environmental and Technical Services Division, 525 NE Oregon Street, Suite 500, Portland, OR 97232-4169 (503-230-5400).

Send written comments to the Chief, Endangered Species Division, Office of Protected Resources at the address above.

SUPPLEMENTARY INFORMATION: Notice was published on May 20, 1996 (61 FR 25208) that an application had been filed by ODFW (P211J) for a scientific research/enhancement permit under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing ESA-listed fish and wildlife permits (50 CFR parts 217-227). ODFW requests authorization to collect juvenile, threatened, Snake River spring/summer chinook salmon (*Oncorhynchus tshawytscha*) associated with a captive broodstock program for three populations of chinook salmon in the Grande Ronde River Basin. The captive broodstock program has been proposed to forestall the possible extinction of the local populations and to preserve the overall stock structure of Snake River spring/summer chinook salmon. ODFW proposes to collect juveniles for the captive broodstock program annually from tributaries of the Lostine River, Catherine Creek, and the upper Grande Ronde River. ODFW proposes to rear and maintain the ESA-listed fish in hatcheries until mature, spawn the fish, rear and raise the resulting progeny to smolts, and release the offspring in their respective parental streams.

During the public comment period for the permit application, NMFS received the request for a public hearing from the Confederated Tribes of the Umatilla Indian Reservation at Pendleton, OR. The Umatilla Tribes are concerned that the issuance of the permit would be premature because of the experimental nature of captive broodstock programs. They also believe that Rapid River hatchery stock, determined not to be an evolutionarily significant unit by NMFS, should not be omitted from recovery efforts.

Anyone wishing to make a presentation at the public hearing should register upon arrival and be prepared to provide a written copy of their testimony at the time of presentation. Depending on the number of persons wishing to speak, a time limit may be imposed. All statements and opinions summarized in this notice are those of the applicant and/or concerned parties and do not necessarily reflect the views of NMFS.

Special Accommodations

The hearing will be physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Keren Holtz at (503) 230-5424 at least five days prior to the date of the hearing.
