## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 61

[CC Docket No. 95-155]

### Toll Free Service Access Codes

AGENCY: Federal Communications Commission.

ACTION: Final Rule.

**SUMMARY:** This final rule clarifies the Report and Order adopted by the Common Carrier Bureau in January 1996, regarding the reservation of 888 numbers corresponding to 800 numbers in which subscribers have asserted a commercial interest. In this decision the

Commission provides procedures to allow the release, into the general pool of toll free numbers, any 888 number currently in the "unavailable" pool for which the 800 subscriber originally requesting special treatment no longer wishes to assert an interest. Database Service Management, Inc. ("DSMI") will make such release of 888 numbers only after collecting the appropriate authorizations from the Responsible Organization ("RespOrg") and the 800 number customer releasing its 888 number reservation. The release of these numbers will allow the new 888 service orders to be more efficiently filled and equitably allotted.

**EFFECTIVE DATE:** June 25, 1996.

**FOR FURTHER INFORMATION CONTACT:**

Mary DeLuca, (202) 418-2334 Network Services Division, Common Carrier Bureau.

**SUPPLEMENTARY INFORMATION:** 1. This document is a synopsis of the Commission's letter order (CC Docket 95-155, adopted June 24, 1996, and released June 25, 1996). The letter clarifies provisions in the Bureau's Report and Order In the Matter of Toll Free Service Access Codes (CC Docket 95-155, adopted January 24, 1996, and released January 25, 1996, DA 96-69, 61 FR 7738, February 29, 1996). The file is available for inspection and copying during the weekday hours of 9:00 a.m. to 4:30 p.m. in the Commission's Reference Center, room 239, 1919 M Street, NW., Washington, DC, or copies may be purchased from the Commission's duplicating contractor, ITS, Inc., 2100 M Street, NW., Suite 140, Washington, DC 20037, phone (202) 857-3800.

## 2. Paperwork Reduction.

The Federal Communications Commission has submitted the foregoing information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, 44 U.S.C. Section 3507. Persons wishing to comment on this information collection should contact Timothy Fain, Office of Management and Budget, Room 10236, NEOB, Washington, D.C. 20503, (202) 395-0651. For further information, contact Dorothy Conway, Federal Communications Commission, (202) 418-0217.

3. Please note: The Commission has requested emergency review of this collection information request by July 18, 1996, under the provisions of 5 CFR Section 1320.13.

*Title:* Toll Free Service Access Codes—800/888 Number Release Procedures

*OMB Control No.:* None.

*Action:* New Collection.

*Respondents:* Business or other for-profit entities.

*Estimated Annual Burden:* 2,010 respondents; 1 hour per response; 2,010 hours total annual burden.

*Needs and Uses:* The Federal Communications Commission regulates the provision of interstate telecommunications services by common carriers, including common carrier paging systems, pursuant to Sections 1, 4, and 201-229 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154, 201-229. One of the common carrier-offered services is toll free service. This is a telephone service that allows charges for

incoming calls to be paid by the called party (*i.e.*, the 800 subscriber), not the caller. Toll free service is used widely today for both business purposes and personal needs because it provides callers with a free and convenient means of contacting parties holding toll free numbers. In a January 1996, Report and Order, the Commission instructed DMSI to mark as "unavailable," in the toll free database, those 888 numbers which corresponding 800 number customers sought to reserve. However, the Commission did not intend to reserve any 888 number in which an 800 number customer later decided that it no longer wanted to assert an interest. Therefore, the Commission authorized DMSI to release such 888 numbers after collecting the appropriate information from the Responsible Organization or Toll Free Service Provider and the 800 number customer releasing its 888 number reservation.

The public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering the information and maintaining the data. There are approximately 2,010 respondents consisting of the 160 telephone service Responsible Organizations and the estimated 1,850 toll free subscribers that may seek to release their interest in 888 numbers. Therefore the estimated annual burden of this information collection requirement is 2,010 hours. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Federal Communications Commission, Records Management Branch, Room 234, Paperwork Reduction Project, Washington, DC 20554 and to the Office of Management and Budget, Paperwork Reduction Project, Washington, DC 20503.

**Ordering Clauses**

Accordingly, *it is ordered* That, pursuant to authority contained in Sections 1, 4, 5, and 201-205 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154, 155, and 201-205 and § 0.201(d) of the Commission's rules, 47 CFR 2.201(d) DMSI shall follow the directive in this order.

It is *further ordered* That, DMSI shall immediately distribute this letter to all RespOrgs.

It is *further ordered* That this letter shall be effective upon release.

**DEPARTMENT OF TRANSPORTATION****National Highway Traffic Safety Administration****49 CFR Part 571**

[Docket No. 93-54, Notice 3]

RIN 2127-AG25

**Federal Motor Vehicle Safety Standards; Air Brake Systems; Long-Stroke Brake Chambers**

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

**ACTION:** Final rule, response to petitions for reconsideration.

**SUMMARY:** In response to petitions for reconsideration, this document amends the reservoir requirements in Standard No. 121, *Air Brake Systems*, for trucks, buses, and trailers equipped with air brakes. The agency believes that the amendments will improve the braking efficiency of such vehicles and reduce the number of brakes found to be out of adjustment during inspections. It will do this by removing a design restriction that tends to discourage the use of long-stroke brake chambers, a technology with potentially significant safety benefits.

**DATES:** *Effective Date:* The amendments become effective on September 9, 1996.

*Petitions for Reconsideration:* Any petitions for reconsideration of this rule must be received by NHTSA no later than August 26, 1996.

**ADDRESSES:** Petitions for reconsideration of this rule should refer to Docket 93-54; Notice 3 and should be submitted to: Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, S.W., Washington, D.C. 20590.

**FOR FURTHER INFORMATION CONTACT:**

*For non-legal issues:* Mr. Richard Carter, Office of Vehicle Safety Standards, National Highway Traffic Safety Administration, 400 Seventh Street, S.W., Washington, D.C. 20590 (202-366-5274).

*For legal issues:* Mr. Marvin L. Shaw, NCC-20, Rulemaking Division, Office of Chief Counsel, National Highway Traffic Safety Administration, 400 Seventh Street, S.W., Washington, D.C. 20590 (202) 366-2992.
