Notice of Realty Action; Nevada

AGENCY: Bureau of Land Management, DOI.

ACTION: Direct Sale of Public Lands in Esmeralda County, Nevada.

SUMMARY: The following described land in Fish Lake Valley, Esmeralda County, Nevada, has been examined and identified as suitable for disposal by direct sale, at the appraised fair market value, to the adjacent landowners, James Leland and Marlene Wallace, residents of Fish Lake Valley. The sale is authorized under Section 203 and Section 209 of the Federal Land Policy and Management Act (FLPMA) of October 21, 1976 (43 U.S.C. 1713 and 1719):

Mount Diablo Meridian, Nevada

T. 4 S., R. 36 E.,

Sec. 9, NW $\frac{1}{4}$ SW $\frac{1}{4}$ S $\frac{1}{2}$ SW $\frac{1}{4}$.

Comprising 120 acres, more or less.

The land will not be offered for sale until at least 60 days after the date of publication of this notice in the Federal Register.

FOR FURTHER INFORMATION CONTACT: Nicholas Williams, Realty Specialist, Bureau of Land Management, Tonopah Field Station, P.O. Box 911, Building 102 Military Circle, Tonopah, NV, 89049.

SUPPLEMENTARY INFORMATION: The land has been identified as suitable for disposal by the Esmeralda/Southern Nye Resource Management Plan. The land is not needed for any resource program and is not suitable for management by the Bureau or another Federal department or agency. The Esmeralda Board of County Commissioners have been notified of the proposal.

The locatable and salable mineral estates have been determined to have no known value. Therefore, the mineral estate, excluding oil and gas, will be conveyed simultaneously with the

surface estate in accordance with Section 209(b)(1) of Federal Land Policy and Management Act of 1976.

Acceptance of the sale offer will constitute application for conveyance of the available mineral interests. The sale proponent will be required to submit a \$50.00 nonrefundable filing fee for conveyance of the mineral interests specified above with the purchase price for the land. Failure to submit the nonrefundable fee for the mineral estate within the time frame specified by the authorized officer will result in cancellation of the sale. Upon publication of this Notice of Realty Action in the Federal Register, the lands will be segregated from all forms of appropriation under the public land laws, including the mining laws, but not the mineral leasing laws or disposals pursuant to Sections 203 and 209 of FLPMA. The segregation shall terminate upon issuance of a patent or other document of conveyance, upon publication in the Federal Register of a termination of segregation, or 270 days from date of this publication, which ever occurs first.

If allowed, the entry will be subject to the following third party rights: Excepting and Reserving to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States. Act of August 30, 1980 (43 U.S.C. 945).

2. Leasable Minerals. (43 CFR 2430.5(a)).

Subject to:

1. Those rights for powerline purposes granted to Valley Electric Association, its successors or assigns, by right-of-way No. NEV-051579, pursuant to the Act of October 21, 1976, (43 U.S.C. 1701).

2. Those rights for telephone line purposes granted to Nevada Bell, its successors or assigns, by right-of-way No. N-35352, pursuant to the Act of October 21, 1976, (43 U.S.C. 1701).

3. All other valid existing rights.

For a period of 45 days from the date of publication in the Federal Register, interested parties may submit comments to the District Manager, Battle Mountain District, 50 Bastian Way, Box 1420, Battle Mountain, NV 89820. Any adverse comments will be evaluated by the State Director, who may sustain, vacate or modify this realty action and issue a final determination. In the absence of timely filed objections, this realty action will become a final determination of the Department of the Interior.

Minerals Management Service

Outer Continental Shelf, Central Gulf of Mexico, Oil and Gas Lease Sale 157—Extension

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice to extend postsale evaluation period for Central Gulf of Mexico Lease Sale 157.

SUMMARY: This notice extends by 15 working days to August 12, 1996, the postsale evaluation period for the Central Gulf of Mexico Lease Sale 157. Because of the unanticipated and unprecedented response to Sale 157, MMS needs this extension to properly evaluate the bids received and to ensure the receipt of fair value.

DATES: The postsale evaluation period ends on August 12, 1996.

FOR FURTHER INFORMATION CONTACT: Dr. Marshall Rose, Chief, Economic Evaluation Branch, telephone (703) 787-1536.

SUPPLEMENTARY INFORMATION: The MMS published the lease notice for Sale 157 in the Federal Register on March 25, 1996 (61 FR 12078). The time to accept or reject bids is established under the regulations at 30 CFR 256.47. Normally,

the authorized officer must accept or reject the high bids within 90 days after the bid opening. Any bid not accepted within that period is deemed rejected. This regulation was recently amended to allow the authorized officer authority to extend the time period for 15 working days or longer when circumstances warrant (61 FR 34730, dated July 3, 1996). In amending the rule, we noted that recent examples include floods and furloughs; but specifically stated that other circumstances, such as an excessive unanticipated workload, might arise which could warrant the need for a longer time for bid evaluation.

In the Central Gulf of Mexico Sale 157, held April 24, 1996, we received 1,381 bids on 924 tracts, 632 of which passed to Phase 2 for detailed reviews. This unprecedented response by industry in Sale 157 resulted from the enactment of the Outer Continental Shelf Deep Water Royalty Relief Act (Pub. L. 104-58) and other factors, such as higher natural gas and oil prices. Consequently, MMS is unable to conduct and complete the entire bid review process within the 90 days, i.e., by July 22, 1996. Without an extension before the 90 days expire for Sale 157, dozens of high bids received on tracts offered in this sale might be rejected because of our inability to complete the statutorily mandated review for fair market value. The alternative of rejecting high bids not evaluated because of insufficient time does not serve the overall best interest of the companies or the Government. Therefore, we find an extension to assure that adequate time is available to give all high bids a full and appropriate review, to ensure the receipt of fair market value, and ultimately to increase natural gas and oil supplies is warranted and in the public interest. The MMS will complete evaluating all the bids received in this sale by August 22, 1996.

Dated: July 16, 1996.
 Chris C. Oynes,
Regional Director, Gulf of Mexico OCS Region.

Cleetwood Cove Development Concept Plan/Environment Impact Statement, Crater Lake National Park, Oregon

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent to Prepare an Environment Impact Statement.

SUMMARY: Due to water levels dropping in Crater Lake, in June 1992, the National Park Service began studies for the redesign of boat docking facilities at the base of the Cleetwood Cove trail. The studies included the possibility of repair and/or replacement of facilities at the trail head, and the replacement of old and decaying retaining walls along the trail. As the studies progressed, it became clear that the project had potential for significant environmental impacts so a decision was made to prepare an Environmental Impact Statement (EIS) to analyze the various alternatives.

Scoping is the term given to the process by which the scope of issues to be addressed in the EIS is identified. Representatives of Federal, State and local agencies, American Indian tribes, private organizations and individuals from the general public who may be interested in or affected by the proposed EIS are invited to participate in the scoping process by responding to this Notice with written comments. In addition, a letter seeking ideas on issues involved with this project will be
