#### **The Proposal**

The FAA is considering an amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) to amend Class E airspace at Blanding, Utah, to accommodate a new GPS SIAP to the Blanding Municipal Airport. The area would be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9C dated August 17, 1995, and effective September 16, 1995, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### **The Proposed Amendment**

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389; 14 CFR 11.69.

##### **§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9C, Airspace Designations and Reporting Points, dated August 17, 1995, and effective September 16, 1995, is amended as follows:

**Current Good Manufacturing Practice; Proposed Amendment of Certain Requirements for Finished Pharmaceuticals; Extension of Comment Period****AGENCY:** Food and Drug Administration, HHS.**ACTION:** Proposed rule; extension of comment period.

**SUMMARY:** The Food and Drug Administration (FDA) is extending to September 30, 1996, the comment period for the proposed rule that would revise the current good manufacturing practice (CGMP) regulations for finished pharmaceuticals. The proposed rule was published in the Federal Register of May 3, 1996 (61 FR 20104). The proposal would clarify certain manufacturing, quality control, and documentation requirements and would ensure that the regulations more accurately encompass CGMP. The agency is taking this action based on a request for an extension of the comment period.

**DATES:** Written comments by September 30, 1996.**ADDRESSES:** Submit written comments to the Dockets Management Branch (HFA-305), Food and Drug Administration, 12420 Parklawn Dr., rm. 1-23, Rockville, MD 20857.**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:** In the Federal Register of May 3, 1996 (61 FR 20104), FDA published a proposed rule that would clarify certain manufacturing, quality control, and documentation requirements and would ensure that the regulations more accurately encompass CGMP. In addition, the proposed rule would update the requirements for process and methods validation to incorporate guidance previously issued to industry to reflect current practice. The agency proposed these revisions to the CGMP regulations to enhance the integrity of the drug manufacturing process and the safety of drug products. The proposal gave interested persons the opportunity to submit written comments by August 1, 1996.

FDA has received a request from the Nonprescription Drug Manufacturers Association (NDMA) to extend the comment period. NDMA asked that the comment period be extended to permit the nonprescription drug industry to prepare and submit comments to FDA.

FDA has carefully considered this request and has decided to extend the comment period in which interested persons may evaluate the proposed rule and submit comments to the agency. Accordingly, the comment period for submission of comments by any interested person is extended to September 30, 1996.

Interested persons may, on or before September 30, 1996, submit to the Dockets Management Branch (address above) written comments regarding this proposal. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday.
