

association with proposed or final rules that include a Federal mandate that may result in estimated costs of \$100 million or more to the private sector, or to state, local, or tribal governments in the aggregate.

Through submission of this plan revision, the state and any affected local governments have elected to adopt the program provided for under sections 110 and 112 of the Act. These rules may bind state and local governments to perform certain actions and also require the private sector to perform certain duties. To the extent that the rules being proposed for approval by this action will impose new requirements, sources are already subject to these regulations under state law. Accordingly, no additional costs to state or local governments, or to the private sector, result from this action. The EPA has also determined that this proposed action does not include a mandate that may result in estimated costs of \$100 million or more to state or local governments in the aggregate or to the private sector. The EPA has determined that these rules result in no additional costs to tribal governments as regulators.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Hydrocarbons, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Authority: 42 U.S.C. 7401-7671q.

Dated: July 5, 1996.

Approval and Promulgation of Implementation Plans; Tennessee: Approval of Revisions to the Tennessee SIP and the Nashville/Davidson County Portion of the Tennessee SIP Regarding Nitrogen Oxides

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve revisions to the Tennessee State Implementation Plan (SIP) submitted to

EPA by Tennessee, through the Tennessee Department of Air Pollution Control (TDAPC) which add a new chapter to the Nashville/Davidson County and the State portion of the Tennessee SIP for the control of nitrogen oxide (NO_x) emissions. Only the portions of the Tennessee NO_x rule necessary for the approval of Tennessee's ozone redesignation request are being approved in this notice. EPA is granting an exemption to the area under 182(f) of the Clean Air Act (CAA) from NO_x Reasonably Available Control Technology (RACT) requirements in a separate action. The only sources which will be subject to this rule tangentially-fired coal burning boilers which have a heat input capacity in excess of 600 million BTU per hour in the five county Nashville ozone nonattainment area. In the final rules section of this Federal Register, the EPA is approving the exemption request as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by August 28, 1996.

ADDRESSES: Written comments on this action should be addressed to William Denman at the Environmental Protection Agency, Region 4 Air Programs Branch, 345 Courtland Street, NE, Atlanta, Georgia 30365. Copies of documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day. Approval and Promulgation of Implementation Plan; Wisconsin

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve a revision to the Wisconsin State Implementation Plan (SIP) for the general conformity rules. The general conformity SIP revisions enable the State of Wisconsin to implement and enforce the Federal general conformity requirements in the nonattainment or maintenance areas at the State or local level in accordance with 40 CFR part 93, subpart B—Determining Conformity of General Federal Actions to State or Federal Implementation Plans.

DATES: Comments on this proposed action must be received by August 28, 1996.

ADDRESSES: Written comments should be sent to: Carlton T. Nash, Chief, Regulation Development Section, Air Programs Branch (AR-18J), EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604-3590.

FOR FURTHER INFORMATION CONTACT: Michael G. Leslie, (312) 353-6680.

SUPPLEMENTARY INFORMATION: For additional information, see the Direct Final rule which is located in the Rules section of this Federal Register. Copies of the request and the EPA's analysis are available for inspection at the following

address: EPA, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604-3590. (Please telephone Michael G. Leslie at (312) 353-6680 before visiting the Region 5 office.) Authority: 42 U.S.C. 7401-7671q.

Dated: June 24, 1996.

Approval and Promulgation of Implementation Plans; Tennessee: Approval of Revisions to the Tennessee State Implementation Plan Regarding Prevention of Significant Deterioration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is approving revisions to the Tennessee State Implementation Plan (SIP) submitted by the State of Tennessee on September 1, 1993, and June 10, 1996. These revisions pertain to the Construction Permit chapter. The purpose of these revisions is to correct certain deficiencies to satisfy the requirements of the Clean Air Act (CAA) concerning Prevention of Significant Deterioration (PSD).

In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by August 28, 1996.

ADDRESSES: Written comments on this action should be addressed to Mr. Scott M. Martin at the EPA Regional Office listed below.

Copies of the documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

Approval and Promulgation of Implementation Plans; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to correct a previous action published on February 29, 1996, that approved and incorporated multiple amendments to Missouri rule 10 CSR 10-6.110 into the State Implementation Plan (SIP) (see 61 FR 7714). Specifically, this action corrects the EPA's inadvertent SIP approval of section 5 (Emission Fees) of Missouri rule 10 CSR 10-6.110 entitled, "Submission of Emission Data, Emission Fees, and Process Information." In the final rules section of the Federal Register, the EPA is approving the correction as a direct final

rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments on this proposed rule must be received in writing by August 28, 1996.

ADDRESSES: Comments may be mailed to Joshua A. Tapp, Environmental Protection Agency, Air Planning and Development Branch, 726 Minnesota Avenue, Kansas City, Kansas 66101.

FOR FURTHER INFORMATION CONTACT: Joshua A. Tapp at (913) 551-7606.

SUPPLEMENTARY INFORMATION: See the information provided in the direct final rule which is located in the rules section of the Federal Register

Dated: July 5, 1996.

Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; State of Washington

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rulemaking.

SUMMARY: EPA invites public comment on its proposed approval of two related State Implementation Plan (SIP) revisions submitted by the Washington Department of Ecology (Washington). Washington has submitted a SIP revision to redesignate the Vancouver, Washington, carbon monoxide (CO) nonattainment area, which is located within the southern portion of Clark County, Washington, from nonattainment to attainment. Under the Clean Air Act as amended in 1990 (CAA), designations can be revised if sufficient data is available to warrant such revisions. In this action, EPA is
