In addition to publishing this notice in the Federal Register, we are sending it directly to the States, to the U.S. Department of Agriculture, and to other parties who have previously expressed concern for minor uses. They should be receiving the notice at approximately the same time it is published. We hope that this extraordinary notification effort, and the deferral of cancellations for the most sensitive registrations, will serve to prevent any avoidable loss of critical minor use pesticides.

Because so many registrations are involved, it would be impractical to list those which have been canceled in this notice. Complete lists of registrations canceled for non-payment of the maintenance fee will, however, be available for reference during normal business hours in the OPP Public Docket, Room 1128, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington VA, and at each EPA Regional Office. Product-specific status inquiries may be made by telephone by calling toll-free 1-800-444-7255.
