**SUPPLEMENTARY INFORMATION:** In 1986, Congress enacted the Emergency Planning and Community Right-to-Know Act (EPCRA). Section 313 of EPCRA requires certain businesses to submit reports each year on the amounts of toxic chemicals their facilities release into the environment or otherwise manage. The purpose of this requirement is to inform the public, government officials, and industry about the chemical management practices of specified toxic chemicals.

Current EPCRA section 313 reporting requirements apply to facilities classified in the manufacturing sector (Standard Industrial Classification codes 20 through 39), that have 10 or more full-time employees, and that manufacture, process, or otherwise use one or more listed section 313 chemicals above certain threshold amounts.

EPA has been in the process of evaluating industry groups for potential addition under EPCRA section 313. EPA is proposing to add seven industry groups to the list of industries subject to EPCRA section 313 reporting requirements (61 FR 33588). This public meeting is being scheduled in order to provide a forum for dialogue to be shared by EPA, potentially affected industry groups, and the public regarding the basis of EPA's proposed action, options provided, and potential impacts and benefits. This meeting is being held specifically to discuss concerns regarding the potential impacts of the proposal on small entities, including small businesses and small local governments. The previously scheduled public meetings may also serve as a forum for these discussions (61 FR 33619).

Oral statements will be scheduled on a first-come first-serve basis by calling Cassandra Vail at (202) 260-0675. All statements will be part of the public record and will be considered in the development of any rule amendment.

Dated: July 30, 1996.

## Worker Protection Standard; Notice of Public Meetings

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of meetings.

**SUMMARY:** EPA is holding a series of public meetings to solicit information from workers, growers, and others regarding regulations designed to protect agricultural workers and pesticide handlers. The first meeting was held in Winter Haven, Florida on February 22, 1996. The meetings are a part of EPA's commitment to monitor and evaluate the impact and performance of the Worker Protection regulations. The public meetings are designed to provide an opportunity for those directly affected by the regulations to relay their experiences after the regulations' first full year of implementation. By reaching out to those on the frontlines and for whom these regulations are intended to provide public health protection, EPA will better understand how the program is working and where meaningful improvements should be made. The meetings are open to the public.

**DATES:** The following is the schedule for the remaining public meetings:

August 7, 1996, Portageville, Missouri

August 21, 1996, Tipton, Indiana

The date and location for a public meeting in Puerto Rico will be announced at a later date. There will not be a public meeting scheduled in Washington, DC as was previously noted.

**ADDRESSES:** The August 7, 1996 meeting will be held at the University of Missouri Delta Research Center, Highway T, Portageville, Missouri.

The August 21, 1996 meeting will be held at the Tipton County Fair Grounds, 1200 South Main Street, Tipton, Indiana.

In general, registration begins at 5 p.m., and the public meetings begin at 7 p.m. Please call the contacts listed below to verify the schedule for each meeting.

**FOR FURTHER INFORMATION CONTACT:** By mail: Jeanne Heying (7506C), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Telephone number: (703) 305-7164, Fax: (703) 308-2962, e-mail: heying.jeanne@epamail.epa.gov., or EPA WPS representatives in regions hosting public meetings.

Indiana meeting: Don Baumgartner, (312) 886-7835.

Missouri meeting: Glen Yager, (913) 551-7296 or Kathleen Fenton, (913) 551-7874.

Puerto Rico meeting: Fred Kozak, (908) 321-6769.

## SUPPLEMENTARY INFORMATION:

### I. Background

In 1992, EPA issued final regulations governing the protection of employees on farms, forests and nurseries, and greenhouses from occupational exposures to agricultural pesticides. The WPS covers both workers in areas treated with pesticides, and employees who handle (mix, load, apply, etc.) pesticides. More specifically, the provisions of the Standard are intended to:

*Inform employees about the hazards of pesticides:*

-By requiring provisions for basic safety training, posting and distribution of information about the pesticides.

*Eliminate exposure to pesticides:*

-By prohibiting against the application of pesticides in a way that would cause exposure to people.

-By requiring time-limited restrictions for workers to return to areas following the application of pesticides.

-By requiring provisions for workers and handlers to wear proper protective clothing/equipment.

*Mitigate exposures that occur:*

-By requiring arrangements for the supply of soap, water, and towels in the case of pesticide exposure.

-By requiring provisions for emergency assistance.

### II. Information Sought by EPA

EPA believes that agricultural workers, handlers, and growers are best able to provide unique insights on the effects of the WPS requirements. Their input will be supplemented by data generated from other sources during the course of EPA's longer-term evaluation effort. As a follow-up to the public meetings, EPA will develop a summary of information gained. These tools will be used to develop strategies for improving the administration of the WPS. The Agency is specifically interested in hearing public comment, or receiving written comment, on the following topics.

1. Assistance from regulatory partners and others involved with the WPS.

2. Usefulness of available assistance.

3. Understanding the WPS requirements.

4. Success in implementing the requirements.

5. Difficulties in implementing the requirements.

6. Suggestions to improve implementation.

### III. Registration to Make Comments

Persons who wish to speak at the public meeting are encouraged to

register at the meeting location. The Agency encourages parties to submit data to substantiate comments whenever possible. All comments, as well as information gathered at the public meetings will be available for public inspection from 8 a.m. to 4:30 p.m., Monday through Friday (except legal holidays) at the Public Response and Program Resource Branch, Field Operations Division, Room 1132, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Information submitted as part of any comment may be claimed as confidential by marking any or all of that information as Confidential Business Information (CBI). Information so marked will not be disclosed except in accordance with the procedures set forth in 40 CFR part 2. A copy of the comment that does not contain CBI must be submitted for inclusion in the public record.

Information not marked confidential may be disclosed publicly by the Agency without prior notice to the submitter. The Agency anticipates that most of the comments will not be classified as CBI, and prefers that all information submitted be publicly available. Any records or transcripts of the open meetings will be considered public information and cannot be declared CBI.

#### IV. Structure of the Meeting

EPA will open the meeting with brief introductory comments. EPA will then invite those parties who have registered to present their comments. EPA anticipates that each speaker will be permitted 5 minutes to make comments. After each speaker, Agency and state representatives may ask the presenter questions of clarification. The Agency reserves the right to adjust the time for presenters depending on the number of speakers.

Members of the public are encouraged to submit written documentation to EPA at the meeting to ensure that their entire position goes on record in the event that time does not permit a complete oral presentation.

Any information may be delivered to Jeanne Heying at the address stated earlier in this Notice.
