NATIONAL SCIENCE FOUNDATION

Proposed Collection: Comment Request

Title of Proposed Collection

National Science Foundation Proposal Evaluation Process.

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Science Foundation (NSF) will publish periodic summaries of proposed projects. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, call Herman Fleming, NSF Clearance Officer at (703) 306-1243.

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project Proposal Evaluation Process

The missions of the NSF are to: increase the Nation's base of scientific and engineering knowledge and strengthen its ability to support research in all areas of science and engineering; promote innovative science and engineering education programs that can better prepare the Nation to meet the challenges of the future; and promote international cooperation in science and engineering. The Foundation is also committed to ensuring the Nation's supply of scientists, engineers and science educators. In its role as leading Federal supporter of science and engineering, NSF also has an important role in national policy planning.

The Foundation fulfills this responsibility by initiating and supporting merit-selected research and education projects in all the scientific and engineering disciplines. This support is made primarily through grants, contracts, and other agreements awarded to approximately 2,800 colleges, universities, academic consortia, nonprofit institutions, and small businesses.

The Foundation relies heavily on the advice and assistance of external advisory committees, ad-hoc proposal reviewers, and to other experts to ensure
