**Fact Finding Investigation No. 22 Possible Rate Malpractices in Specified United States-Foreign Trades; Amendment to Order of Investigation**

On August 8, 1994, the Commission instituted this nonadjudicatory investigation into the practices of common carriers and other persons with respect to untariffed transportation activity and the possible payment of rebates and any other devices or means of providing, or allowing persons to obtain, transportation at less or different compensation than the rates and charges shown in applicable tariffs or service contracts. The Commission's Order of Investigation specified that the scope of the fact finding would be limited to trades between the United States and Europe, the Far East, South America, Central America, and the Caribbean. Investigative Officers named in the Order were Wm. Jarrel Smith, Jr., the former Director of the Commission's Bureau of Hearing Counsel, Vern W. Hill, the former Deputy Director of that Bureau, and three attorneys then assigned to the Bureau of Hearing Counsel.

Since the commencement of this proceeding, Mr. Smith has retired and the Bureau of Hearing Counsel has been merged with the Bureau of Investigations to form the Bureau of Enforcement. Mr. Hill is now the Director of the Bureau of Enforcement and the other Investigative Officers named in the Commission's Order of Investigation are attorneys assigned to that Bureau. In view of Mr. Smith's departure, and the reorganization of the Commission's enforcement personnel, the Commission is amending its Order of Investigation to name the current Director and attorneys assigned to the Bureau of Enforcement as Investigative Officers.

The Commission also has decided to remove the geographic limits on this investigation to permit inquiry into malpractices in any U.S. foreign trade. Recent reductions in the Commission's enforcement personnel, coupled with indications that malpractices are increasing in many trades, require increased efficiency in our investigatory and enforcement functions. The compulsory process and other powers made available to Investigative Officers in this fact finding proceeding should assist in achieving that goal.

Therefore, it is ordered, That pursuant to sections 8, 10, 11 and 12 of the Shipping Act of 1984, 46 U.S.C. app. 1707, 1709, 1710, and 1711, and part 502, Subpart R of Title 46 of the Code of Federal Regulations, 46 CFR 502.281,

*et seq.*, the Commission's Order of Investigation served August 8, 1994 in this nonadjudicatory investigation is hereby amended as follows:

1. In the first ordering paragraph, delete the words, "in the trades between United States ports and point and ports and points in Europe, the Far East, South America, Central America or the Caribbean" and insert, in lieu thereof, the words, "in U.S. foreign trades."

2. In the second ordering paragraph, delete the first sentence and insert, in lieu thereof, "That the Investigative Officers shall be Vern W. Hill, Charles L. Haslup, III, Paul J. Kaller, Peter J. King, Joseph B. Slunt, and Martha C. Smith of the Commission."

It is further ordered, That notice of this Order be published in the Federal Register.

By the Commission.

Joseph C. Polking,

*Secretary.*

**GENERAL SERVICES ADMINISTRATION**

**Notice of Availability; Draft Environmental Impact Statement (DEIS) Development of a Clifton Road Campus Annex Centers for Disease Control and Prevention Atlanta, Georgia**

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR 1500-1508), as implemented by General Services Administration (GSA) Order PBS P 1095.4B, GSA announces the availability of the Draft Environmental Impact Statement (DEIS) for a 45 day comment period, for the long-term development, over a twenty year horizon, of a campus annex (West Campus) to house the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. Your comments should be addressed directly to GSA. The 45-day comment period will begin with the publication of this Notice in the Federal Register.

The DEIS examined the short and long term impacts on the natural and built environments of developing and operating a mix of laboratory, office, and support space at the proposed West Campus. The DEIS also examined measures to mitigate unavoidable adverse impacts of the proposed action. The Main CDC Campus occupies 27.6 acres, and is bounded by Clifton Road to the north, Michael Street to the south and east, and Clifton Way to the west. CDC currently occupies approximately

884,000 gross square feet in 17 buildings, housing some 1,900 personnel. Approximately 60 percent of gross square footage consists of laboratory space, the remainder being office, administrative, and facility support space. There are approximately 1,800 parking spaces on site.

To meet CDC's known facility replacement needs, and to provide future expansion space, GSA proposes to acquire and develop approximately 17.6 acres bounded by Clifton Road to the north Clifton Way to the east, and Michael Street to the south and west (West Campus). The maximum anticipated development over a twenty year planning horizon is approximately 633,000 additional gross square feet of laboratory, office, and support space, and 1,521 additional parking spaces.

GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, undertake no site acquisition and development at all.
- Full Acquisition of 17.6 acres and full development of the proposed West Campus Site, previously described. This is the GSA/CDC preferred alternative and the proposed action.
- Limited Expansion by acquisition of less than the full 17.6 acres and development and expansion on a portion of the 17.6 acres and on the existing campus.
- On site consolidation and no additional site acquisition, with development occurring on the existing government-owned CDC Campus site.

As part of the public scoping process, GSA encourages you to provide comments on the DEIS in writing at the following address: Mr. George Chandler or Mr. Phil Youngberg, GSA/PBS Portfolio Management 4PT, 401 West Peachtree Street, NW, Suite 3010, Atlanta, GA 30365 or, FAX your comments to GSA at 404-331-4540. *Comments should be postmarked no later than October 7, 1996.*

GSA intends to conduct a Public Meeting during the 45-day comment period to solicit comments on the DEIS, and to address general questions and concerns. GSA will place a Notice of this and all subsequent public meetings and document releases concerning the proposed action in the *Atlanta Journal-Constitution* approximately two weeks prior to the event. GSA will notify persons and organizations on our mailing list. Persons who wish to be added to the mailing list should write or FAX GSA as indicated in this Notice.

Dated: August 8, 1996.

*Regional Environmental Officer, 4PT.*

#### **SUPPLEMENTARY INFORMATION:**

##### **Proposed Project**

Pretest for 1997 Medical Expenditure Panel Survey—Insurance Component (MEPS-IC). AHCPR intends to conduct a survey of establishments in 1997 to collect information from employers concerning employer-sponsored health insurance. This survey will be an integration of two previous surveys, now components of MEPS-IC. The two surveys, which collected similar information, are: 1.) the 1987 Health Insurance Plans Survey (HIPS) sponsored by AHCPR, and 2.) the National Employer Health Insurance Survey (NEHIS) sponsored by AHCPR, NCHS (National Center for Health Statistics), HCFA (Health Care Financing Administration). Due to the integration of HIPS and NEHIS survey operations into MEPS-IC, updating of
