Public Meeting of the Sanitary Sewer Overflow Advisory Subcommittee

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) is convening a public meeting on September 9-10, 1996. This meeting is open to the public without need for advance registration. The Sanitary Sewer Overflows (SSO) Advisory Subcommittee will discuss identification of approaches for key issues and the overall SSO strategy.

DATES: The SSO meeting will be held on September 9-10, 1996. The September 9 meeting will begin promptly at 10:00 a.m. EST and end at approximately 5:00

p.m. On September 10, the meeting will begin at 8:30 a.m. and end at approximately 4:00 p.m.

ADDRESSES: The meeting will be held at the Holiday Inn Historic-District, 625 First Street, Alexandria, Virginia. The Holiday Inn's telephone number is (703) 548-6300.

FOR FURTHER INFORMATION: Contact Charles Vanderlyn, Office of Wastewater Management, at (202) 260-7277.

Dated: August 9, 1996.
 Michael B. Cook,
Director, Office of Wastewater Management, Designated Federal Official.

Science Advisory Board; Notification of Public Advisory Committee Meetings; Open Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that several committees of the Science Advisory Board (SAB) will meet on the dates and times described below. All times noted are Eastern Time. All meetings are open to the public. Due to limited space, seating at meetings will be on a first-come basis. For further information concerning specific meetings, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office.

1. Executive Committee

The Executive Committee of the EPA Science Advisory Board will meet on Tuesday and Wednesday, September 17-18, 1996. The meeting will convene at 8:30 a.m. in the Administrator's Conference Room 1103—West Tower of the U.S. Environmental Protection Agency Headquarters Building at 401 M Street SW, Washington, DC 20460, and adjourn no later than 5:30 p.m. The meeting is open to the public, however, seating is limited and available on a first come basis.

At this meeting, the Executive Committee will receive updates from its committees and subcommittees concerning their recent and planned activities. As part of these updates, some committees will present draft reports for Executive Committee review and approval. Expected drafts include:

1. Executive Committee's "Lookout Panel" Committee-of-the-Whole activity; Commentary on the First Lookout Panel Session: Forecasting Future Water Environmental Issues.

2. Ecological Processes and Effects Committee; Report on the Biocriteria for Lakes and Reservoirs.

3. Integrated Human Exposure Subcommittee; Report on OPPE's Cumulative Exposure Model.

Other items on the agenda will likely include:

1. Interaction with advisory boards in other agencies.

2. Discussion with the Deputy Director of the Office of International Affairs on an environmental security initiative.

3. Conducting a second session of the Executive Committee serving as a Lookout Panel. Substantive input for this exercise will be provided by the Millennium Project.

For Further Information

Any member of the public wishing further information concerning the meeting or who wishes to submit comments should contact Dr. Donald G. Barnes, Designated Federal Official for the Executive Committee, Science Advisory Board (1400), U.S. EPA, Washington, DC 20460, phone (202)-260-4126; fax (202)-260-9232; or via the INTERNET at: barnes.don@epamail.epa.gov. Copies of the draft meeting agenda and available draft reports listed above can be obtained from Ms. Priscilla Tillery-Gadson at the above phone and fax numbers.

2. Ecological Processes and Effects Committee

The Ecological Processes and Effects Committee (EPEC) of the Science Advisory Board (SAB) will meet on September 19-20, 1996, at the Environmental Protection Agency's Washington Information Center (WIC), 401 M Street, SW, Washington, DC 20460, in Conference Room 17. The meeting will begin at 8:30 a.m. on September 19 and at 8:00 a.m. on September 20, and end no later than 5:00 p.m. on each day.

The main purpose of the meeting is to: 1) review and approve subcommittee reports, including the draft report, Structural Marsh Management: Ecological Impacts and Evaluation Criteria, prepared by the Marsh Management Subcommittee; and 2) review the Agency's proposed guidelines for ecological risk assessment.

Background

(1) Structural Marsh Management: the Marsh Management Subcommittee was established in 1994 to review the state of the science underlying structural marsh management (SMM), the use of

structures (such as canal plugs, weirs, gates, culverts, levees and spoil banks) to manipulate local hydrology in coastal and Great Lakes marshes. Over a two-year period, the Subcommittee conducted two public meetings, a site visit to coastal Louisiana, and a writing session, and has prepared a draft report on the ecological consequences of SMM. The draft report also suggests criteria for evaluating proposed SMM projects, minimum monitoring requirements and priority research topics.

Single copies of the draft report can be obtained by contacting Ms. Constance Valentine, Science Advisory Board (1400), U.S.EPA, 401 M Street, SW, Washington, DC 20460, telephone (202) 260-8414, FAX (202) 260-7118, or via the Internet at Valentine.Connie@EPAMAIL.EPA.GOV.

(2) Proposed Guidelines for Ecological Risk Assessment: The Agency's Risk Assessment Forum has developed proposed guidelines for ecological risk assessment in order to improve the quality and consistency of EPA's risk assessments, as well as to inform the scientific community and the public. The proposed guidelines are a result of a series of efforts, begun by the Forum in 1989, including a series of colloquia to identify issues and development of the Framework for Ecological Risk Assessment, illustrative case studies, and issue papers highlighting important principles. The draft proposed guidelines have been reviewed by scientists and risk managers both within and outside of the Agency.

The proposed guidelines will be printed in the Federal Register for public comment in September, concurrent with their review by EPEC. Copies of the draft guidelines are NOT available from the Science Advisory Board. For additional information, contact Dr. William van der Schalie, EPA Office of Research and Development, 401 M Street, SW., Washington, DC 20460, telephone (202) 260-4191.

Additional Information

Members of the public desiring additional information about the meeting, including an agenda, should contact Ms. Constance Valentine, Staff Secretary, Science Advisory Board (1400F), US EPA, 401 M Street, SW., Washington DC 20460, by telephone at (202) 260-6552, fax at (202) 260-7118, or via The INTERNET at: Valentine.Connie@EPAMAIL.EPA.GOV.

Anyone wishing to make an oral presentation at the meeting should contact Stephanie Sanzone, Designated Federal Official for EPEC, no later than 4:00 p.m., September 6, 1996, at (202)

260-6557 or via the Internet at Sanzone.Stephannie@epamail.epa.gov. The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. At least 35 copies of any written comments to the Committee are to be given to Ms. Sanzone no later than the time of the presentation for distribution to the Committee and the interested public. See below for additional information on providing comments to the SAB.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will be limited to no more than five minutes per speaker and no more than fifteen minutes total. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting.

Dated: August 19, 1996.

Donald G. Barnes,
Staff Director, Science Advisory Board.

TSCA Section 8(d) Amendments; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: As part of its regulatory reinvention initiative, EPA is reviewing its reporting requirements under section 8(d) of the Toxic Substances Control Act (TSCA). The Agency's goal is to streamline the reporting requirements while enhancing its ability to protect human health and the environment. EPA invites all interested parties to attend a public meeting to discuss possible amendments to the section 8(d) of TSCA model rule which requires reporting of health and safety studies
