

on the responses. A summary of those responses is shown on Table C.

An environmental evaluation meeting was also held on June 24, 1993, to identify environmental concerns and issues and discuss how best to address those concerns.

Numerous newspaper articles, newsletters, and radio public service announcements have been aired to provide public information. Public meetings with the news media in attendance were held to gain input and inform the public.

A public meeting in the morning and a sponsors meeting in the afternoon were held December 2, 1993, to determine the desirability of pursuing a planning authorization and review the preliminary plan. The sponsors felt that cost shared management practices were essential to get adequate water quality improvement. Potential alternatives and the responsibilities of each sponsor and NRCS were stressed in discussions. The SCDs have the right of eminent domain under authority established by state law. If needed, they are willing to fulfill their agreements to see that a plan is formulated and implemented.

The public and sponsors encouraged NRCS to go forth with the request for planning. Potential practices and alternatives were reviewed to identify what may be needed. A revised application was developed and approved by the sponsors to slightly change the watershed size and sponsors in January 1994.

The sponsors reviewed the preauthorization report in March 1994 and concurred with the report. However, the sponsors requested cost share on management practices. NRCS, agreed to pursue cost sharing for management practices. The preauthorization report was transmitted to the WNTC in Portland for technical review in April 1994. A review by the WNTC was completed on June 30, 1994. Comments were incorporated, and on July 28, 1994, the SCD boards reviewed WNTC comments on the Preauthorization Plan, and agreed to continue their support of the plan even though cost sharing for management practices were not approved.

The SCD boards have met regularly and provided positive leadership to the furthering of conservation and improvement of the watershed. Ongoing water quality, quantity and management practices are being installed by a combination of landowner, district and state funds. The two district boards cooperated in getting a 319 demonstration project, approved in February 1994, to show the value of surge irrigation and irrigation water

management on six fields in the watershed area.

On September 26, 1994 the watershed was approved for planning. A meeting was held in December 1994 with field and area staffs, the State Water Resources Planning staff, and sponsors to review the Plan of Work and develop assignments to complete the watershed plan. A scoping meeting and environmental assessment meeting was held at this time.

The Watershed Plan was developed and reviewed with the sponsors at their board meetings in May, 1995. They requested that NRCS have a public meeting to present the plan to all interested publics. On June 1, 1995, a public meeting was held in Lamar, Colorado. It was the consensus of those present to move forward into inter-agency review.

Specific consultation was conducted with the State Historic Preservation Officer concerning cultural resources in the watershed.

Public meetings were held throughout the planning process to keep all interested parties informed of the study progress and to obtain public input to the plan and environmental evaluation.

Agency consultation and public participation to date has shown no unresolved conflicts related to the project plan.

#### Conclusion

The Environmental Assessment summarized above indicates that this federal action will not cause significant local, regional, or national impact on the environment. Therefore, based on the above findings, I have determined that an environmental impact statement for the Limestone-Graveyard Creeks Watershed Plan is not required.

Dated: August 19, 1996.

#### Limestone-Graveyard Creeks; Environmental Impact Statement

**AGENCY:** Natural Resources Conservation Service (NRCS), USDA.

**ACTION:** Notice of finding of no significant impact.

**SUMMARY:** Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); and the NRCS Regulations (7 CFR Part 650); the NRCS, U.S. Department of Agriculture, gives notice that an environmental impact

statement is not being prepared for the Limestone-Graveyard Creeks Watershed, Bent and Prowers Counties, Colorado.

**FOR FURTHER INFORMATION CONTACT:** Duane L. Johnson, State Conservationist, 655 Parfet Street, E200C, Lakewood, CO 80215-5517. (303) 236-2886, Ext. 202.

**SUPPLEMENTARY INFORMATION:** The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these finds, Duane L. Johnson, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project purpose is a plan for watershed protection. The planned works of improvement include accelerated technical assistance for implementing land treatment with practices such as conservation tillage, irrigation water management and enduring practices to reduce deep percolation to improve water quality.

The Notice of Finding of No Significant Impact (FONSI), has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Stuart N. Simpson.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the Federal Register.

(This activity is listed in the Catalog of Federal Domestic under No. 10.904, Watershed Protection and Flood Prevention and is subject to the provisions of Executive Order 12372, which required intergovernmental consultation with State and local officials)

#### COMMISSION ON CIVIL RIGHTS

##### Agenda and Notice of Public Meeting of the California Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting of the California Advisory Committee to the Commission will convene at 2:00 p.m.

and adjourn at 5:00 p.m. on Wednesday, September 11, 1996, at the Embassy Suites (The Board), 8425 Firestone Boulevard, Downey, California. The purpose of the meeting is to discuss release and dissemination of a report and the Commission hearing in Los Angeles and to plan future Advisory Committee activities.

Persons desiring additional information, or planning a presentation to the Committee, should contact Committee Chairperson Dr. Fernando Hernandez, 310-696-0104, or Philip Montez, Director of the Western Regional Office, 213-894-3437 (TDD 213-894-3435). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least five (5) working days before the scheduled date of the meeting.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, August 21, 1996.

#### Agenda and Notice of Public Meeting of the Oklahoma Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting of the Oklahoma Advisory Committee to the Commission will convene at 6:30 p.m. and adjourn at 8:30 p.m. on Monday, September 23, 1996, at the Doubletree Hotel, 616 West 7th Street, Tulsa, Oklahoma 74127. The purpose of the meeting is to plan future projects.

Persons desiring additional information, or planning a presentation to the Committee, should contact Melvin L. Jenkins, Director of the Central Regional Office, 913-551-1400 (TDD 913-551-1414). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least five (5) working days before the scheduled date of the meeting.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, August 22, 1996.

#### DEPARTMENT OF COMMERCE

##### Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* 1997 Economic Census Covering the Construction Industry Sector.

*Form Number(s):* CC-1508, 1608, 1718, 1728, 1738, 1748, 1758, 1768, 1778, 1788, and 1798.

*Agency Approval Number:* NA

*Type of Request:* New collection.

*Burden:* 286,000 hours.

*Number of Respondents:* 130,000.

*Avg Hours Per Response:* 2.2 hours.

*Needs and Uses:* The economic census is the major source of data about the structure and functioning of a large segment of the United States' economy and features unique industry and geographic detail. It provides essential information for many users, including the government, industry, business and the general public. The Census of Construction (CCI) collects information from contractors of all types of construction—more than 2.3 million establishments classified in the North American Industry Classification System (NAICS). The construction industry sector of the economic census comprises establishments primarily engaged in the construction of buildings and other structures, additions, alterations, reconstruction, installation, and maintenance and repairs.

The economic census will produce basis statistics by industry for number of establishments, value of construction work done, payroll, employment, selected costs, depreciable assets, and capital expenditures. It also will yield a variety of subject statistics, including estimates of type of construction work done, kind of business activity and other industry-specific measures.

Among the important statistics produced by the CCI are estimates of the value of construction work done during the covered year. The Federal Government uses the information from the economic censuses as an important part of the framework for the national accounts, input-output measures, key economic indexes, and other estimates that serve as the factual basis for economic policy making, planning and administration. State governments rely on the economic censuses for comprehensive economic data on geographical areas in order to make

decisions concerning policy making, planning and administration. Finally, industry, business and the general public use data from the economic censuses for economic forecasts, market research, benchmarks for their own sample-based surveys, and business and financial decision making.

*Affected Public:* Businesses or other for-profit institutions.

*Frequency:* One time.

*Respondent's Obligation:* Mandatory.

*OMB Desk Officer:* Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Jerry Coffey, OMB Desk Officer, Room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 26, 1996.

Linda Engelmeier,  
*Acting Departmental Forms Clearance Officer, Office of Management and Organization.*

BILLING CODE 3510-16-M

#### Foreign-Trade Zones Board

[Docket 64-96]

##### Foreign-Trade Zone 72—Indianapolis, IN; Application for Subzone Status, Fujitsu Ten Corporation of America Plant (Automotive Audio Products and Electronic Components), Rushville, IN

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Indianapolis Airport Authority, grantee of FTZ 72, requesting special-purpose subzone status for the automotive audio products and electronic components manufacturing plant of Fujitsu Ten Corporation of America (FTCA), located in Rushville, Indiana. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on August 19, 1996.

The FTCA plant (95,000 sq.ft. On 32 acres) is located at 616 Conrad Harcourt Way in Rushville (Rush County), Indiana, some 40 miles east of Indianapolis. The plant (354 employees) is used to produce (1) automotive audio products, including electronic tuning
