OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 950

RIN 3206-AG50

Solicitation of Federal Civilian and Uniformed Service Personnel for Contributions to Private Voluntary Organizations

AGENCY: Office of Personnel Management.

ACTION: Final rule; correction.

SUMMARY: This document clarifies the final regulations governing the Combined Federal Campaign (CFC) which were published on November 24, 1995, (60 FR 57889). Included in those regulations are the eligibility criteria and public accountability standards for participating charitable organizations.

EFFECTIVE DATE: November 24, 1995.

FOR FURTHER INFORMATION CONTACT: Jeffrey C. Lee, 202-606-2564.

SUPPLEMENTARY INFORMATION:

Background

The final regulations that are the subject of this correction, superseded 5 CFR 950 on the effective date and affect organizations applying for participation in the Combined Federal Campaign.

Need for Correction

As published, the final regulations regarding the public accountability standard for public and government support may mislead an otherwise eligible organization which actually has appropriate funding sources from applying and/or participating in the CFC. The correcting language sets forth the proper accountability process, and allows for the correct computation of funding sources to determine if the organization meets CFC standards. In addition, § 950.501(b) refers to a section which was eliminated from the

proposed regulations and combined with § 950.501 of the final regulations. Applicant charitable organizations will benefit from these clarifications.

MERIT SYSTEMS PROTECTION BOARD

5 CFR Part 1201

Practices and Procedures

AGENCY: Merit Systems Protection Board.

ACTION: Final rule.

SUMMARY: The Merit Systems Protection Board (the Board) is amending appendices II and III to its rules at 5 CFR part 1201 to reflect a realignment of the geographical jurisdictions of its regional and field offices, effective immediately, and to announce the closing of its St. Louis Field Office as of April 1, 1996.

EFFECTIVE DATE: February 7, 1996.

FOR FURTHER INFORMATION CONTACT: Darrell L. Netherton, Director of Regional Operations, (202) 653-5805.

SUPPLEMENTARY INFORMATION: The Board is amending appendices II and III to its rules at 5 CFR part 1201 to reflect a realignment of the geographical jurisdictions of its regional and field offices, effective immediately, and to announce the closing of its St. Louis Field Office as of April 1, 1996. This realignment is a continuation of the Board's efforts to streamline its operations and will enable the Board to continue to respond to the needs of its customers while maximizing the use of its financial and human resources.

The realignment results in the following changes:

(1) The San Francisco Regional Office is redesignated the Western Regional Office. The amendment also reflects the new address and facsimile number of this office. The Denver Field Office, previously under the Dallas Regional Office, is realigned with the Western Regional Office. The geographic areas covered by the Western Regional Office and its Denver and Seattle field offices now constitute the Western Region.

(2) The Chicago Regional Office is redesignated the Central Regional Office and gains jurisdiction over the geographic areas formerly under the St. Louis Field Office, except for its jurisdiction in Tennessee as described in item 4 below. The Dallas Regional Office is redesignated as a field office. The geographic areas covered by the Central Regional Office and its Dallas Field Office now constitute the Central Region.

(3) The Philadelphia Regional Office is redesignated the Northeastern Regional Office. The geographic areas covered by the Northeastern Regional Office and its Boston and New York field offices now constitute the Northeastern Region.

(4) The Atlanta Regional Office gains jurisdiction over the area of Tennessee west of the Tennessee River and now has jurisdiction over the entire state of Tennessee. The geographic areas covered by the Atlanta Regional Office now constitute the Atlanta Region.

(5) There is no change to the jurisdiction of the Washington Regional Office. The geographic areas covered by the Washington Regional Office now constitute the Washington Region.

(6) The St. Louis Field Office will close as of April 1, 1996.

Because appeals and related matters must be filed with the regional or field office having geographic jurisdiction, appellants, agencies, and other interested parties should carefully review the amended regional and field office jurisdictions in appendix II to part 1201 and the approved hearing locations in appendix III to part 1201. (The approved hearing locations in appendix III are listed in alphabetical order by state, and alphabetically by city within each state.) For the convenience of its customers, the Board is republishing appendices II and III to part 1201 in their entirety.

Effective as of the date of this notice, all new appeals from the geographic areas formerly covered by the St. Louis Field Office should be filed with the Central Regional Office in Chicago (except those from Tennessee west of the Tennessee River, which should be filed with the Atlanta Regional Office). The St. Louis Field Office will continue to process its pending caseload until the office closes and cases in process are turned over to the Central Regional Office. Parties with cases pending before judges in the St. Louis Field Office should continue to make any required filings and direct any inquiries to the St. Louis Field Office until otherwise advised by the judge assigned to their case.

The Board is publishing this rule as a final rule pursuant to 5 U.S.C. 1204(h).

List of Subjects in 5 CFR Part 1201

Administrative practice and procedure, Civil rights, Government employees.

Accordingly, the Board amends 5 CFR part 1201 as follows:

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 95-AGL-9]

Realignment of Jet Route J-588

AGENCY: Federal Aviation
 Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment alters Jet Route J-588 between the state of Michigan and Canada. This action is necessary because the Stirling, ON, Canada, Very High Frequency Omnidirectional Range (VOR) has been decommissioned. Altering J-588 will ensure continuity for aircraft transitioning along that jet route to and from the United States and Canada.

EFFECTIVE DATE: 0901 UTC, April 25, 1996.

FOR FURTHER INFORMATION CONTACT: Patricia P. Crawford, Airspace and Obstruction Evaluation Branch (ATP-240), Airspace—Rules and Aeronautical Information Division, Air Traffic Rules and Procedures Service, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-3075.

SUPPLEMENTARY INFORMATION:

History

On October 5, 1995, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) to alter Jet Route J-588 from the Sault Ste Marie, MI, VOR to the Stirling, ON, Canada, VOR (60 FR 52133). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Except for editorial changes, this amendment is the same as that proposed in the notice. Jet routes are published in paragraph 2004 of FAA Order 7400.9C dated August 17, 1995, and effective September 16, 1995, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be published subsequently in the Order.

The Rule

This amendment to part 71 of the Federal Aviation Regulations alters Jet Route J-588 from the Sault Ste Marie, MI, VOR to the Stirling, ON, Canada, VOR. The Stirling VOR was decommissioned in July 1995. To ensure that continuity exists along J-588

for aircraft transitioning to and from the United States and Canada, the jet route will be realigned with the Campbellford, ON, Canada, VOR.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71, as follows:

PART 71—[AMENDED]

1. The authority citation for part 71 is revised to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp. p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9C, Airspace Designations and Reporting Points, dated August 17, 1995, and effective September 16, 1995, is amended as follows:
