BILLING CODE 6717-01-M

[Docket No. RP96-363-000]

**Colorado Interstate Gas Company;
Notice of Filing**

September 4, 1996.

Take notice that on August 30, 1996, Colorado Interstate Gas Company (CIG) tendered for filing a notice of termination of gathering services for the North Wamsutter and Echo Springs Gathering Areas located in Sweetwater and Carbon Counties, Wyoming.

CIG avers that CIG and Williams Gas Processing-Wamsutter Company (Williams-Wamsutter) have a facilities sales agreement dated December 30, 1993, as amended, that relates to these facilities. CIG states that these facilities will be abandoned by transfer to Williams-Wamsutter. CIG requests that the effective date of the termination of service be September 30, 1996.

Any person desiring to be heard or to make any protest with reference to said application should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. RP96-357-000]

**Columbia Gas Transmission
Corporation; Notice of Proposed
Changes in FERC Gas Tariff**

September 4, 1996.

Take notice that on August 30, 1996, Columbia Gas Transmission Corporation (Columbia) tendered for filing as part of its FERC Gas Tariff, Second Revised

Volume No. 1, the following tariff sheets to become effective as indicated:

Effective September 1, 1996

Fourteenth Revised Sheet No. 25
Fourteenth Revised Sheet No. 26
Fourteenth Revised Sheet No. 27
Fifteenth Revised Sheet No. 28
Ninth Revised Sheet No. 29
Ninth Revised Sheet No. 30

Effective October 1, 1996

Fifteenth Revised Sheet No. 25
Fifteenth Revised Sheet No. 26
Fifteenth Revised Sheet No. 27
Sixteenth Revised Sheet No. 28

Columbia states that this filing constitutes its Mid-Cycle filing pursuant to Section 36.2 of the General Terms and Conditions (GTC) of its FERC Gas Tariff, Second Revised Volume No. 1. GTC Section 36, "Transportation Costs Rate Adjustment (TCRA)", enables Columbia to adjust its TCRA rates prospectively to reflect estimated current costs. In this filing, Columbia proposes to adjust its current Operational TCRA and current Stranded TCRA rates.

Columbia states that its filing includes projected costs in the amount of \$15,051,499 for the Operational Account No. 858 contracts, which represents a decrease of \$265,584 from the projected levels established in Docket No. RP96-165, and which are based upon the rates of the applicable pipeline companies at October 1, 1996, and the respective determinants associated with those contracts.

Columbia, states that by this filing, it is also proposing to make an out-of-cycle adjustment so as to eliminate the current stranded demand rates effective September 1, 1996, since it will have fully recovered the stranded TCRA demand costs provided for under its Customer Settlement approved in Docket No. GP94-2, et al., as of August 31, 1996. Elimination of the current stranded demand rate effective September 1, 1996, will allow Columbia's customers to avoid a deferral of over-recoveries of stranded costs.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.

Louis D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. TM97-2-34-001]

**Florida Gas Transmission Company;
Notice of Proposed Changes in FERC
Gas Tariff**

September 4, 1996.

Take notice that on August 29, 1996, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, effective October 1, 1996, the following tariff sheets:

Substitute Seventeenth Revised Sheet No. 8A
Substitute Tenth Revised Sheet No. 8A.01
Substitute Ninth Revised Sheet No. 8A.02
Substitute Fifteenth Revised Sheet No. 8B
Substitute Eighth Revised Sheet No. 8B.01

FGT states that on August 22, 1996, FGT made a filing in Docket No. TM97-2-34-000 (August 22 Filing) to make changes to the Fuel Reimbursement Charge Percentage (FRCP) and the Unit Fuel Surcharge (UFS) pursuant to Section 27 of the General Terms and Conditions (GTC) of FGT's Tariff. FGT states that the tariff sheets filed with the August 22 Filing were to supersede the tariff sheets filed on August 21, 1996 in Docket No. TM97-1-34-000 (August 21 Filing) which proposed changes to the ACA Charge pursuant to the Annual Charges Billing for Fiscal Year 1996. The ACA charge reflected in the August 21 Filing, and carried forward to the August 22 Filing in the instant docket, was inadvertently calculated from the wrong Unit Charge Factor in the Commission's Annual Charge Billing. FGT is filing herein substitute tariff sheets to reflect the correct ACA charge on the above referenced tariff sheets. No information regarding the FRCP on the UFS has been changed from that filed in the August 22 Filing in Docket No. TM94-2-34-000.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426 in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make

protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. RP96-366-000]

**Florida Gas Transmission Company;
Notice of Proposed Changes in FERC
Gas Tariff**

September 4, 1996.

Take notice that on August 30, 1996, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1 and Original Volume No. 3, the tariff sheets listed on Appendix A to the filing, proposed to become effective on October 1, 1996.

FGT states that the proposed changes would increase revenues from jurisdictional service by approximately \$27.4 million for the pre-expansion system, and by approximately \$8.2 million for the Phase III system over the first twelve months, both based on the twelve-month period ended April 30, 1996, as adjusted.

FGT states that this rate filing is made to effectuate changes in the rates and terms applicable to FGT's services under Rate Schedules FTS-1, FTS-2, SFTS, NNTS, and ITS-1, the forms of service agreements thereunder, and the General Terms and Conditions. FGT states that the changes reflected in the tariff sheets, FGT asserts, are also required to make certain operational and administrative changes to FGT's Tariff, including provisions regarding shipper balancing.

Further, FGT states it is eliminating Rate Schedules PTS-1 and PRS and the related forms of service agreements pursuant to the terms of the Settlement dated June 16, 1993 in Docket No. RS92-16-000, et al. In addition, FGT states it is transferring the rate provisions and other terms and conditions of Western Division transportation service, currently included in Rate Schedules FTS-1 and ITS-1, to new Rate Schedules FTS-WD and ITS-WD.

FGT's proposed rates are based on a cost of service of \$159.5 million for the pre-expansion system and \$159.2 million for the Phase III system. FGT states that its filing with respect to the Phase III system reflects the adjustment to common equity and the \$18.75 million reduction to Account No. 101, Gas Plant in Service, provided by the Stipulation and Agreement of

Settlement filed on July 30, 1996 in Docket No. FA94-15-000, which is pending Commission approval.

FGT states that the overall return for the pre-expansion system is 12.19% (reflecting a 9.70% cost of debt and a 14.50% return on common equity) and, for the Phase III system, is 10.50% (reflecting an 8.53% cost of debt and a 14.00% return on common equity). The depreciation component of FGT's cost of service computations for the pre-expansion system reflects an increase in the depreciation rate applicable to FGT's Onshore Transmission Plant from 2.5% to 3.56%. FGT states that, although it is proposing no change in the twenty-five year depreciable life of the Phase III system, FGT has adjusted the depreciation schedule utilizing a levelized rate methodology as provided for by the Phase III Settlement. Such adjusted depreciation schedule reflects the overall higher depreciation expense resulting from the fact that the actual construction costs of the Phase III system were greater than estimated.

In addition, FGT is requesting authorization herein to secure third party storage from Bay Gas Storage Company, Ltd. (Bay Gas) to be utilized to provide No Notice service, including the expanded availability and flexibility of such service as proposed (including customer-requested increased winter quantities). FGT respectfully requests that the Commission grant whatever authorization is deemed necessary by December 1, 1996, so that FGT may proceed with the acquisition of such storage under the terms of its letter of intent with Bay Gas.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Project No. 1494-120]

**Grand River Dam Authority; Notice of
Availability of Final Environmental
Assessment**

September 4, 1996.

A final environmental assessment (FEA) is available for public review. The FEA is for an application to upgrade six of the project's generating units for the Pensacola Hydroelectric Project, Project No. 1494-120. The FEA finds that approval of the application would not constitute a major federal action significantly affecting the quality of the human environment. The Pensacola Hydroelectric Project is located on the Grand (Neosho) River in Craig, Delaware, Mayes, and Ottawa Counties, Oklahoma.

The FEA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the FEA can be viewed at the Commission's Public Reference Room, Room 2A, 888 First Street, N.E., Washington, D.C. 20426. Copies can also be obtained by calling the project manager listed below. For further information, please contact the project manager, Robert J. Fletcher, at (202) 219-1206.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. TM97-1-51-000]

**Great Lakes Gas Transmission Limited
Partnership; Notice of Proposed
Changes in FERC Gas Tariff**

September 4, 1996.

Take notice that on August 30, 1996, Great Lakes Gas Transmission Limited Partnership (Great Lakes) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheet to become effective October 1, 1996.

Sixth Revised Sheet No. 7

Great Lakes states that the above-referenced tariff sheet is being filed to reflect the new ACA rate to be charged pursuant to the Annual Charges Adjustment Clause provisions established by the Commission in Order No. 472, issued May 29, 1987. The new ACA rate to be charged by Great Lakes was established by FERC notice given on July 29, 1996 and is to be effective October 1, 1996.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426, in accordance with Section
