

FGT will notify its customers of any such subsidization by a posting on its Electronic Bulletin Board (EBB). FGT is also amending the Tariff language to clarify that FGT is not required to modify existing facilities, nor construct new facilities. Because FGT is filing to revise its Tariff in accordance with the Commission's August 5 Order, FGT states there is no reason for the Commission to exercise its NGA Section 5 authority to require FGT to do so.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC, 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**Midwestern Gas Transmission Company; Notice of Revised Filing**

September 10, 1996.

Take notice that on September 5, 1996, Midwestern Gas Transmission Company (Midwestern) tendered for filing to become part of its FERC Gas Tariff, Second Revised Volume No. 1 Substitute Sixth Revised Sheet No. 5.

Midwestern states the purpose of the filing is to reflect a \$.0004 decrease to its currently effective Annual Charge Adjustment (ACA) surcharge resulting in an ACA surcharge of \$.0019 to its commodity rates for the period October 1, 1996 through September 30, 1997. Midwestern requests an effective date of October 1, 1996.

Midwestern further states that on August 30, 1996 it submitted for filing its ACA surcharge. In that filing, Midwestern reported a \$.0001 per Dth decrease in the ACA surcharge, resulting in an ACA surcharge of

\$.0022/Dth. Midwestern has subsequently learned it inadvertently used the FERC unit charge factor for fiscal year 1996 of \$.00231 instead of the unit charge factor for fiscal year 1997 of \$.00203. Substitute Sixth Revised Sheet No. 5 reflects a revised ACA surcharge of \$.0019/Dth which is a \$.0003/Dth decrease to the surcharge filed August 30. The \$.0019 gives effect of the Commission's prior year adjustment of (\$3,234) and a Btu conversion factor of 1.03351 applied to the 1997 unit charge factor of \$.00203.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations.
