DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Parts 100 and 165

[CGD 96-047]

Safety Zones, Security Zones, and Special Local Regulations

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary rules issued.

SUMMARY: This document provides required notice of substantive rules adopted by the Coast Guard and temporarily effective between July 1, 1996 and September 18, 1996, which were not published in the Federal Register. This quarterly notice lists temporary local regulations, security zones, and safety zones, which were of limited duration and for which timely publication in the Federal Register was not possible.

DATES: This document lists temporary Coast Guard regulations that became effective and were terminated between July 1, 1996 and September 18, 1996, as well as several regulations which were not included in the previous quarterly list.

ADDRESSES: The complete text of these temporary regulations may be examined

at, and is available on request, from Executive Secretary, Marine Safety Council (G-LRA), U.S. Coast Guard Headquarters, 2100 Second Street, SW., Washington, DC 20593-0001.

FOR FURTHER INFORMATION CONTACT:

Commander Stephen J. Darmody, Executive Secretary, Marine Safety Council at (202) 267-1477 between the hours of 8 a.m. and 3 p.m., Monday through Friday.

SUPPLEMENTARY INFORMATION: District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety needs of the waters within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. Safety zones may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. Security zones limit access to vessels, ports, or waterfront facilities to prevent injury or damage. Special local regulations are issued to enhance the safety of participants and spectators at regattas and other marine events. Timely publication of these regulations in the Federal Register is often precluded when a regulation responds to an emergency, or when an event occurs without sufficient advance notice. However, the affected public is informed of these regulations through Local Noticers to Marines, press releases, and other means. Moreover,

actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the regulation. Because mariners are notified by Coast Guard officials on-scene prior to enforcement action, Federal Register notice is not required to place the special local regulation, security zone, or safety zone in effect. However, the Coast Guard, by law, must publish in the Federal Register notice of substantive rules adopted. To discharge this legal obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary special local regulations, security zones, and safety zones. Permanent regulations are not included in this list because they are published in their entirety in the Federal Register. Temporary regulations may also be published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. These safety zones, special local regulations and security zones have been exempted from review under E.O. 12866 because of their emergency nature, or limited scope and temporary effectiveness.

The following regulations were placed in effect temporarily during the period July 1, 1996 and September 18, 1996, unless otherwise indicated.

Stephen J. Darmody,

Commander, U.S. Coast Guard, Executive Secretary, Marine Safety Council.

QUARTERLY REPORT

BILLING CODE 4910-14-M

LIBRARY OF CONGRESS**Copyright Office****37 CFR Part 201**

[Docket No. 93-2B]

Digital Audio Recording Devices and Media; Verification of Statements of Account**AGENCY:** Copyright Office, Library of Congress.**ACTION:** Extension of comment period.

SUMMARY: The Copyright Office is extending the comment period in its consideration of interim regulations that provide for the verification of the information contained in digital audio recording technology (DART) Statements of Account filed with the Office.

DATES: The extended deadline for comments is October 16, 1996, and for reply comments is November 18, 1996.

ADDRESSES: If sent by mail, fifteen copies of written comments should be addressed to Marilyn J. Kretsinger, Acting General Counsel, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, D.C. 20024. Telephone: (202) 707-8380. Telefax: (202) 707-8366. If by hand, fifteen copies should be brought to: Office of the General Counsel, Copyright Office, James Madison Memorial Building, Room LM-407, First and Independence Avenue, S.E., Washington, D.C. 20540.

FOR FURTHER INFORMATION CONTACT: Marilyn J. Kretsinger, Acting General Counsel, Telephone: (202) 707-8380 or Telefax: (202) 707-8366.

SUPPLEMENTARY INFORMATION: On June 18, 1996, the Copyright Office published interim regulations providing for the verification of the information contained in digital audio recording technology (DART) Statements of Account filed with the Office. 61 FR 30808 (June 18, 1996). To allow interested parties more time to submit comments, the Office is extending the comment period from September 16, 1996, to October 16, 1996, and the deadline for reply comments from October 16, 1996, to November 16, 1996.

Dated: September 18, 1996.

Marilyn J. Kretsinger,
Acting General Counsel.

BILLING CODE 1410-30-U

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 51**

[FRL-5610-4]

Minor Amendments to Inspection/Maintenance Program Requirements**AGENCY:** Environmental Protection Agency.**ACTION:** Direct final rule.

SUMMARY: This rule changes a provision of the federal vehicle inspection and maintenance (I/M) rules relating to motorist compliance enforcement mechanisms for pre-existing programs. The current rule limits the use of pre-existing enforcement mechanisms, other than denial of vehicle registration, to those geographic areas previously subject to the I/M program. This rule change allows states to employ such effective pre-existing enforcement mechanisms as sticker enforcement in any area in the state adopting an I/M program. This amendment is consistent with the relevant requirements of the Clean Air Act. These changes will not result in any change in health and environmental benefits.

DATES: This rule will take effect November 22, 1996 unless EPA receives adverse comments on a parallel proposal of this action, published elsewhere in this Federal Register, by October 23, 1996. Should EPA receive such comments, EPA will publish a subsequent document in the Federal Register withdrawing this direct final rule prior to the effective date. Anyone wishing to submit comments on the parallel proposal should do so at this time.

ADDRESSES: Materials relevant to this rulemaking are contained in the Public Docket No. A-91-75. The docket is located at the Air Docket, Room M-1500 (6102), Waterside Mall SW, Washington, DC 20460. The docket may be inspected between 8:30 a.m. and 12 noon and between 1:30 p.m. until 5:30 p.m. on weekdays. A reasonable fee may be charged for copying docket material. Electronic copies of the preamble and the regulatory text of this rulemaking are available on the Office of Air Quality Planning and Standards (OAQPS) Technology Transfer Network Bulletin Board System (TTN BBS) and the Office of Mobile Sources' World Wide Web cite, <http://www.epa.gov/OMSWWW/>.

FOR FURTHER INFORMATION CONTACT: Leila Cook, Office of Mobile Sources, National Vehicle and Fuel Emissions Laboratory, 2565 Plymouth Road, Ann Arbor, Michigan, 48105. Telephone (313) 741-7820.

SUPPLEMENTARY INFORMATION:**Regulated Entities**

Entities potentially regulated by the minor amendment to the I/M rule are those which adopt, approve, or fund I/M programs. Regulated categories and entities include:

Category	Examples of regulated entities
Local government.	Local air quality agencies.
State government.	State air quality agencies responsible for I/M programs.
Federal government	EPA.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. This table lists the types of entities that EPA is now aware that could potentially be regulated by this I/M amendment. Other types of entities not listed in the table could also be regulated. To determine whether your organization is regulated by this action, you should carefully examine the applicability criteria of 40 CFR 51.361 of the I/M rule. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed in the preceding **FOR FURTHER INFORMATION CONTACT** section.

Under the Clean Air Act as amended in 1990 (the Act), 42 U.S.C. 7401 *et seq.*, the U.S. Environmental Protection Agency (EPA) published in the Federal Register on November 5, 1992 (40 CFR part 51, subpart S) rules relating to motor vehicle inspection and maintenance (I/M) programs (hereafter referred to as the I/M rule; see 57 FR 52950). EPA here amends those rules to broaden the geographic area in which pre-existing enforcement mechanisms can be employed.

Section 182(c)(3) of the Act establishes the statutory requirements for enhanced I/M programs. Subsection (c)(3)(C)(iv) requires the use of vehicle registration denial enforcement mechanisms except in certain cases. The statute allows the use of alternative enforcement mechanisms that are demonstrated to be more effective than vehicle registration denial for any program in operation before enactment of the 1990 amendments of the Act.

In the 1992 I/M rules, EPA interpreted this statutory requirement to allow the use of pre-existing alternative enforcement mechanisms only in the same geographic area where the prior program had been implemented using that alternative 40 CFR 51.361. That regulation did not provide for the use of alternative enforcement mechanisms in
