### Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act, including whether the acquisition of the nonbanking company can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices" (12 U.S.C. 1843). Any request for a hearing must be accompanied by a statement of the reasons a written

presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than October 18, 1996.

### GENERAL SERVICES ADMINISTRATION

#### Intent To Prepare an Environmental Impact Statement (EIS) for the Lease Construction and Consolidation of the Immigration and Naturalization Service (INS) Miami, Dade County, FL

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR parts 1500-1508), as implemented by General Services Administration (GSA) Order PBS P 1095.4B, GSA announces its intent to prepare an EIS for the lease construction and consolidation the INS in Miami.

The EIS will examine the short and long term impacts on the natural and built environments of developing and operating a consolidated INS facility at 9300-9499 NW 41st Street, Miami, FL 33172. Potential impact assessment will

include but not limited to public facilities & infrastructure, parking, traffic, and community & economic issues.

The EIS will also examine measures to mitigate unavoidable adverse impacts of the proposed action. Concurrent with NEPA implementation, GSA will also implement its consultation requirements under Section 106 of the National Historic Preservation Act to identify potential impacts to existing historic or cultural resources.

The proposed action is to lease a newly constructed building for the INS consolidation on the vacant parcel of land consisting of approximately 7.31 acres at 9300-9499 NW 41st Street, Miami, FL 33172. The proposed facility will consist of an office building containing a total area of approximately 214,600 occupiable square feet (osf), along with supporting site improvements and 868 parking spaces. The subject site fronts for 390 feet along NW 41st Street and spans most of the area back to Dressels Canal (approximately 1150 feet south from 41st Street at the deepest point). The proposed facility would accommodate the INS by consolidating the District Office, the Asylum Office, and the Executive Office of Immigration Review (EOIR). The Krome Detention Center is a high-security containment facility located in Western Dade county and its location, function, and purpose will be unchanged as a result of the proposed action.

GSA has identified and screened from consideration, over 20 alternatives to the proposed action since 1993. GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, take no action and continue to house the INS at its current locations.
- Lease construction of a consolidated facility of 214,600 osf at the proposed site at 9300-9499 NW 41st Street, Miami, Florida 33172. This is the GSA preferred alternative.

As part of the public scoping process, GSA solicits your comments in writing at the following address: Mr. Phil Youngberg, Regional Environmental Officer (4PT), General Services Administration (GSA), 401 West Peachtree Street, NW, Suite 3010, Atlanta, GA 30365, or FAX: Mr. Phil Youngberg at 404-331-4540. Comments

should be received no later than October 21, 1996. All comments must be in writing.

GSA intends to conduct a Public Scoping Meeting to solicit comments, and to address general questions concerning the proposed action and NEPA. GSA will place a Public Notice of this and all subsequent public meetings and in the Miami Herald approximately two weeks prior to the event. GSA will also notify persons and organizations by direct mail.

Dated: September 16, 1996.

**Proposed Data Collections Submitted for Public Comment and Recommendations**

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Wilma

Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

**Proposed Projects**

1. An Assessment of Violence Prevention Technical Assistance Efforts for State and Local Health Departments—New—This project is assessing the needs of state and local health departments for technical assistance from the Centers for Disease Control and Prevention in violence prevention. The assessment will determine what the health departments are currently doing in violence prevention; identify violence prevention efforts for which they currently lack resources or technical expertise; identify technical assistance they have already received from CDC; determine what technical assistance in violence prevention they wish from CDC and in what priority they place these needs; and recommend to CDC how to modify and use the needs assessment developed in this project for future assessments.

The assessment is focusing on violence committed by youth and violence against women and partners, children and the elderly, but also includes other areas of violence prevention in which the state and local health departments are interested. The study includes the 50 state health departments and a sample of the health departments of the largest cities or metropolitan areas in the United States.

Data will be collected primarily by telephone interviews, preceded by mailed requests for data and written materials, along with a list of topics to be covered in the interviews. Analyses will address variation in the needs, resources, and priorities for technical assistance in violence prevention by region, size of place or state, demographic makeup of the population served, age of extant violence prevention efforts and other characteristics of the programs. Recommendations will be made regarding ways in which CDC can most effectively provide technical assistance in violence prevention to different types of state and local health departments, especially in view of the priorities set by the health departments. There are no cost to the respondents.
