DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ES-020-1310-00]

Notice of Intent To Prepare a Planning Analyses/Environmental Assessment

AGENCY: Bureau of Land Management (BLM), Interior.

SUMMARY: The Jackson District Office, Eastern States, through a third party contractor (John Chance & Associates), will prepare a Planning Analyses/Environmental Assessment (PA/EA) for consideration of leasing Federal mineral estate for oil and gas exploration and development. The mineral estate is located on the Louisiana Army Ammunition Plant (LAAP). Consent to lease has been obtained from the Department of Defense, the Surface Managing Agency.

This notice is issued pursuant to Title 40 Code of Federal Regulations (CFR) 1501.7 and Title 43 CFR 1610.2(c). The planning effort will follow the procedures set forth in 43 CFR Part 1600.

The public is invited to participate in this PA/EA process by assisting with the identification of issues and criteria to be addressed in the PA/EA.

DATES: Comments relating to the identification of issues and criteria for the PA/EA will be accepted for 30 days from the date of publication of this notice.

ADDRESSES: Send written comments to John E. Chance & Associates, Inc., Attention Steve Ellsworth, 200 Dulles Drive, Lafayette, Louisiana.

FOR FURTHER INFORMATION CONTACT: Clay W. Moore, National Environmental Policy Act Coordinator, BLM, Jackson District, 411 Briarwood Drive, Suite 404, Jackson, MS 39206, (601) 977-5400.

SUPPLEMENTARY INFORMATION: The 15,341 acre LAAP is located approximately 15 miles east of Shreveport, Louisiana and five miles west of Minden, Louisiana in Webster Parish. The entire facility is under non-competitive oil and gas lease application. The BLM has responsibility to consider applications to lease Federal mineral estate for oil and gas exploration and development.

Preliminary examination of the LAAP has identified the following issues: (1) The installation mission prohibits drilling within all fenced-in areas around various military facilities and drilling is not allowed in contaminated areas, (2) Wetland, floodplain and riparian areas are present on the LAAP; (3) Suitable habitat for the endangered Red Cockaded Woodpecker (RCW) is

present, however, active RCW colonies were not located. A cultural resources survey and a threatened and endangered (T&E) species survey has been completed on the LAAP; (4) Federally designated Wild and Scenic Rivers or Wilderness areas are not located on the LAAP; (5) Lands classified as Farm Lands (prime or unique) are not present on the LAAP, (6) Areas of Critical Environmental Concern (this classification is reserved for lands administered by the BLM) are not located on the LAAP.

The issues noted above could change as a result of input from the public or State and Federal agencies.

Bruce E. Dawson,

District Manager, Jackson.
