

Pilotage Rules and Orders (46 CFR part 402) from the Coast Guard to the SLSDC. It also changes the title of 46 CFR chapter III, in which parts 401 and 402 are contained, from "COAST GUARD (GREAT LAKES PILOTAGE), DEPARTMENT OF TRANSPORTATION" to "SAINT LAWRENCE SEAWAY DEVELOPMENT CORPORATION (GREAT LAKES PILOTAGE), DEPARTMENT OF TRANSPORTATION." If any revisions are needed in the remainder of Chapter III, specifically the Great Lakes Pilotage Uniform Accounting System (46 CFR part 403) and Great Lakes Pilotage Ratemaking (46 CFR part 404), they will be made in a Great Lakes Pilotage Rate Methodology rulemaking, which will be published in the Federal Register shortly.

Since this rule relates to departmental management, organization, procedure, and practice, notice and public comment are unnecessary. For the same reason, good cause exists for not publishing this rule at least 30 days before its effective date, as is ordinarily required by 5 U.S.C. 553(d). Because the transfer of Great Lakes Pilotage responsibility has already occurred, it is necessary to reflect the redesignation in the Code of Federal Regulations immediately. Accordingly, this rule is effective on the date of its publication in the Federal Register.

46 CFR Part 401

Administration practice and procedure, Coast Guard, Great Lakes, Navigation (water).

46 CFR Part 402

Coast Guard, Great Lakes, Navigation (water).

Accordingly, 46 CFR chapter III is amended as follows:

CHAPTER III—[AMENDED]

1. The heading of chapter III is revised to read as follows:

49 CFR Part 199

[Docket No. PS-102, Notice No.1]

Control of Drug Use and Alcohol Misuse in Natural Gas, Liquefied Natural Gas, and Hazardous Liquid Pipeline Operations Alcohol Misuse Prevention Program

AGENCY: Research and Special Programs Administration, DOT.

ACTION: Availability of guidelines and interpretations.

SUMMARY: This notice provides information on how to obtain copies of guidance and interpretation documents RSPA has issued to assist operators in complying with part 199.

ADDRESSES: Copies of the documents referenced in this notice may be obtained by writing or telephoning the Transportation Safety Institute, Research and Special Programs Administration, DTI-60, 6500 South MacArthur Boulevard, Oklahoma City, OK 73169; (405) 954-4643.

FOR FURTHER INFORMATION CONTACT: Ms. Catrina Pavlik, Drug/Alcohol Program

Analyst, Office of Pipeline Safety, Research and Special Programs Administration, Department of Transportation, Room 2335, 400 Seventh Street, SW., Washington, DC 20590-0001; (202) 366-6199.

TEXT SUPPLEMENTARY INFORMATION: On November 21, 1988, RSPA published a final rule (53 FR 47084) entitled "Control of Drug Use in Natural Gas, Liquefied Natural Gas, and Hazardous Liquid Pipeline Operations." On February 15, 1994, RSPA published a final rule (59 FR 7430) entitled "Alcohol Misuse Prevention Program." The rules require pipeline operators to have an anti-drug program and alcohol misuse prevention program. The anti-drug program includes pre-employment, post-accident, random, and reasonable cause drug testing, and an Employee Assistance Program (EAP) for education and training regarding the effects and consequences of drug use. The alcohol misuse prevention program includes post-accident, reasonable suspicion alcohol testing, and the provision of resources for evaluating, resolving problems, and education associated with the misuse of alcohol.

Since publication of the November 1988 and February 1994 final rules, RSPA has received numerous requests for interpretations of 49 CFR part 199 subpart A and subpart B. In September 1989, RSPA issued "Guidelines for Implementing an Anti-Drug Program For Pipeline Personnel" (correction issued June 13, 1990), and in April 1990, issued "Additional Guidelines For Implementing An Anti-Drug Program For Pipeline Personnel." In September 1994, RSPA issued "Implementation Guidelines for the Alcohol Misuse Prevention Program in the Pipeline Industry." Also in April 1990, a compilation of questions and answers was issued entitled, "Most Frequently Asked Questions Concerning the Implementation of 49 CFR 199" ("Questions"). Although these documents have been widely distributed, RSPA believes it is important to publish a notice in the Federal Register of their availability from the Office of Pipeline Safety at the address noted above under **ADDRESSES**.

Issued in Washington, DC on February 9, 1996.

Associate Administrator, Office of Pipeline Safety.
