BILLING CODE 6717-01-M

**[Docket No. CP97-67-000]**

**Trunkline LNG Company; Notice of Application**

November 1, 1996.

Take notice that on October 25, 1996, Trunkline LNG Company (Trunkline), P.O. Box 1642, Houston, Texas 77251-1642, filed an application with the Commission on Docket No. CP97-67-000 pursuant to Section 7(c) of the Natural Gas Act (NGA) for a certificate of public convenience and necessity authorizing the purchase of a leased 1,750 horsepower compressor unit, all as more fully set forth in the application which is open to the public for inspection.

Specifically, Trunkline proposes to purchase an electric-driven 1,750 horsepower compressor unit, currently leased by Trunkline, which was acquired as a replacement for a gas-driven 1,000 horsepower compressor unit it had leased pursuant to authority granted by the Commission in its order dated November 14, 1989 in Docket Nos. CP87-418-000 and CP89-1499-000.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 22, 1996, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.211) and the Regulations under the National Gas Act (18 CFR 157.10). All protests with the Commission will be

considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed certificate are required by the public convenience and necessity. If a motion for leave to intervene is timely filed or if the Commission on its own motion believes that a formal hearing is required, further notice or such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Trunkline to appear or be represented at the hearing.

Lois D. Cashell,  
Secretary.

#### [Project No. 11566-001-ME]

#### **Consolidated Hydro Maine, Inc.; Notice of Site Visit and Scoping Meeting Pursuant to the National Environmental Policy Act of 1969**

November 1, 1996.

On August 19, 1996, the Federal Energy Regulatory Commission (Commission) issued a letter accepting the Consolidated Hydro Maine, Inc.'s application for initial license for the Damariscotta Mills Hydro Project, located on the Damariscotta River in Lincoln County, Maine. Initially, the

site visit and scoping meetings were scheduled for October 22 and 23. However, these meetings were cancelled due to inclement weather.

The purpose of this notice is to reschedule the site visit and scoping meetings and to: (1) Advise all parties as to the proposed scope of the staff's environmental analysis, including cumulative effects, and to seek additional information pertinent to this analysis; and (2) advise all parties of their opportunity for comment.

#### Scoping Process

The Commission's scoping objectives are to:

- identify significant environmental issues;
- determine the depth of analysis appropriate to each issue;
- identify the resource issues not requiring detailed analysis; and
- identify reasonable project alternatives.

The purpose of the scoping process is to identify significant issues related to the proposed action and to determine what issues should be addressed in the environmental document to be prepared pursuant to the national Environmental Policy Act of 1969 (NEPA). The document entitled "Scoping Document I" (SDI) will be circulated shortly to enable appropriate federal, state, and local resource agencies, developers, Indian tribes, nongovernmental organizations (NGO's), and other interested parties to effectively participate in and contribute to the scoping process. SDI provides a brief description of the proposed action, project alternatives, the geographic and temporal scope of a cumulative effects analysis, and a list of preliminary issues identified by staff.

#### Project Site Visit

The applicant and the Commission staff will conduct a site visit of the Damariscotta Mills Hydro Project on November 18, 1996, at 1:00 p.m. They will meet at the project powerhouse, located on Rt. 215 in Newcastle. All interested individuals, NGO's and agencies are invited to attend. All participants are responsible for their own transportation and should bring a hard hat. For more details, interested parties should contact Kevin Webb, the applicant contact, at (508) 681-1900 (ext. 1225), prior to the site visit date.

#### Scoping Meetings

The Commission staff will conduct two scoping meetings. All interested individuals, organizations, and agencies are invited to attend and assist the staff in identifying the scope of
