

October 18, 1993, the Department published in the Federal Register (58 FR 53709) the notice of initiation of the administrative review for EL FPDs from Japan for the period September 1, 1992 through August 31, 1993. On August 25, 1994, the Department published in the Federal Register a notice of revocation of the antidumping duty order on EL FPDs from Japan pursuant to a mandamus order to enforce judgment issued by the United States Court of International Trade (the CIT) in *Hosiden Corporation v. United States*, 861 F. Supp. 115 (CIT August 12, 1994) (see Electroluminescent High Information Content Flat Panel Displays and Display Glass Therefor from Japan, Amendment of Notice of Court Decision and Revocation of Antidumping Duty Order, 59 FR 43809). On July 31, 1996, the Department published a notice in the Federal Register that rescinded the revocation of the antidumping duty order and reinstated the administrative review of the order on EL FPDs from Japan for the period September 1, 1992 to August 31, 1993, pursuant to a May 31, 1996 decision by the United States Court of Appeals for the Federal Circuit that held that the mandamus order was contrary to law and, thus, vacated the CIT's mandamus order (see *Hosiden Corp., et al. v. United States*, Appeal No. 95-1027 (Fed. Cir. May 31, 1996)).

Termination of Review

On September 30, 1996, Planar, the sole interested party that requested the review, filed with the Department a withdrawal of its request for review pursuant to 19 CFR 353.22(a)(5). Section 353.22(a)(5) of the Department's regulations provides that the Department may permit a party that requests a review to withdraw its request not later than 90 days after the date of publication of the notice of initiation of the review. This regulation also permits the Department to extend the time limit for withdrawal of a request for review if it is reasonable to do so.

In this case, the administrative review has not substantially progressed due to the CIT's mandamus order (now vacated) that the Department take no further action with respect to any administrative review of the order on EL FPDs from Japan. Because of the unusual circumstances surrounding this case and because there is no undue burden on the parties or the Department, the Department has determined that it is reasonable to grant the withdrawal request by Planar at this time. Therefore, in accordance with § 353.22(a)(5) of our regulations, we

have terminated this administrative review.

The Department will instruct the U.S. Customs Service to liquidate all unliquidated entries of EL FPDs from Japan entered, or withdrawn from warehouse, for consumption between September 1, 1992 and August 31, 1993, at the cash deposit rate in effect at the time of entry.

This notice serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with § 353.34(d) of the Department's regulations. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 751 of the Tariff Act of 1930, as amended (19 U.S.C. 1675), and 19 CFR 353.22(a)(5).

Dated: November 4, 1996.

Barbara R. Stafford,

Deputy Assistant Secretary for AD/CVD Enforcement.

Gray Portland Cement and Clinker From Japan: Final Results of Changed Circumstances Antidumping Duty Administrative Review, and Revocation in Part of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of changed circumstances antidumping duty administrative review, and revocation in part of antidumping duty order.

SUMMARY: On August 5, 1996, the Department published a notice of initiation of a changed circumstances antidumping duty administrative review and preliminary results of review with intent to revoke, in part, the antidumping duty order on gray portland cement and clinker from Japan. We are now revoking this order in part, with regard to New Super Fine Cement, based on the fact that domestic parties have expressed no interest in the importation or sale of New Super Fine Cement imported from Japan.

EFFECTIVE DATE: November 19, 1996.

FOR FURTHER INFORMATION CONTACT:

Amy S. Wei or Zev Primor, Office of AD/CVD Enforcement, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-5253.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

Background

On April 9, 1996, Surecrete, Inc., (Surecrete) requested that the Department conduct a changed circumstances administrative review to determine whether to partially revoke the order with regard to imports of New Super Fine Cement from Japan. The order with regard to imports of other types of gray portland cement and clinker is not affected by this request. In addition, on April 15, 1996, the Ad Hoc Committee of Southern California Producers of Gray Portland Cement (petitioner) informed the Department in writing that it did not object to the changed circumstances review and had no interest in the importation or sale of New Super Fine Cement produced in Japan.

We preliminarily determined that petitioner's affirmative statement of no interest constituted changed circumstances sufficient to warrant a partial revocation of this order. Consequently, on August 5, 1996, the Department published a notice of initiation and preliminary results of changed circumstances antidumping duty administrative review and intent to revoke this order in part (61 FR 40607). We gave interested parties an opportunity to comment on the preliminary results of this changed circumstances review. We received no comments.

Scope of Review

The merchandise covered by this changed circumstances review is New Super Fine Cement from Japan. This changed circumstances administrative review covers all manufacturers/exporters of cement meeting the

following specifications of New Super Fine Cement: (1) a median grain size of less than three microns; and (2) a maximum grain size of approximately ten microns. This cement is not feasible for use in concrete production.

Final Results of Review; Partial Revocation of Antidumping Duty Order

The affirmative statement of no interest by petitioners in New Super Fine Cement from Japan constitutes changed circumstances sufficient to warrant partial revocation of this order. Therefore, the Department is partially revoking the order on gray portland cement and clinker from Japan with regard to cement which meets the specifications of New Super Fine Cement from Japan, in accordance with sections 751 (b) and (d) and 782(h) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 353.25(d)(1). This partial revocation applies to all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after August 18, 1995.

The Department will instruct the U.S. Customs Service (Customs) to proceed with liquidation, without regard to antidumping duties, of all unliquidated entries of New Super Fine Cement from Japan entered, or withdrawn from warehouse, for consumption on or after August 18, 1995. The Department will further instruct Customs to refund with interest any estimated duties collected with respect to unliquidated entries of New Super Fine Cement from Japan entered, or withdrawn from warehouse, for consumption on or after August 18, 1995, in accordance with Section 778 of the Act.

This notice also serves as a reminder to parties subject to administrative protection orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances administrative review, partial revocation of the antidumping duty order and notice are in accordance with sections 751 (b) and (d) and 782(h) of the Act and sections 353.22(f) and 353.25(d) of the Department's regulations.

Dated: November 13, 1996.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.

Large Electric Motors From Japan, Revocation of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of revocation of antidumping duty order.

SUMMARY: The Department of Commerce (the Department) is notifying the public of its revocation of the antidumping duty order on large electric motors from Japan because it is no longer of any interest to domestic interested parties.

EFFECTIVE DATE: November 19, 1996.

FOR FURTHER INFORMATION CONTACT: Elizabeth Urfer or Michael Panfeld, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230, telephone (202) 482-4052.

SUPPLEMENTARY INFORMATION:

Background

The Department may revoke an antidumping duty order if the Secretary concludes that the duty order is no longer of any interest to domestic interested parties. We conclude that there is no interest in an antidumping duty order when no interested party has requested an administrative review for five consecutive review periods and when no domestic interested party objects to revocation (19 CFR § 353.25(d)(4)(iii)).

On December 4, 1995, the Department published in the Federal Register (60 FR 62071) its notice of intent to revoke the antidumping duty order on large electric motors from Japan (December 24, 1980). Additionally, as required by 19 CFR § 353.25(d)(4)(ii), the Department served written notice of its intent to revoke this antidumping duty order on each domestic interested party on the service list. Domestic interested parties who might object to the revocation were provided the opportunity to submit their comments not later than the last day of the anniversary month. Objections or requests for review were originally due December 31, 1995. However, due to the partial government shutdown from December 6, 1995, through January 6,

1996, the time frame to either object or request a review was extended 22 days. Such requests for review or objections to our intent to revoke were therefore due by January 22, 1996.

In this case, we received no requests for review for five consecutive review periods. Furthermore, no domestic interested party, as defined under § 353.2(k)(3), (k)(4), (k)(5), or (k)(6) of the Department's regulations, has expressed timely opposition to revocation. Based on these facts, we have concluded that the antidumping duty order on large electric motors from Japan is no longer of any interest to interested parties. Accordingly, we are revoking this antidumping duty order in accordance with 19 CFR § 353.25(d)(4)(iii).

Scope of the Order

Imports covered by the revocation are shipments of large electric motors from Japan. This merchandise is currently classifiable under Harmonized Tariff Schedules (HTS) item numbers 8501.53.40, 8501.53.60, and 8501.53.80. The HTS numbers are provided for convenience and customs purposes. The written description remains dispositive.

This revocation applies to all unliquidated entries of large electric motors from Japan entered, or withdrawn from warehouse, for consumption on or after December 1, 1995. Entries made during the period December 1, 1994, through November 30, 1995, will be subject to automatic assessment in accordance with 19 CFR § 353.22(e). The Department will instruct the Customs Service to proceed with liquidation of all unliquidated entries of this merchandise entered, or withdrawn from warehouse, for consumption on or after December 1, 1995, without regard to antidumping duties, and to refund any estimated antidumping duties collected with respect to those entries. This notice is in accordance with 19 CFR § 353.25(d).

Dated: November 6, 1996.

Barbara R. Stafford,

Deputy Assistant Secretary for AC/CVD Enforcement.
