SUMMARY: Notice is hereby given that the BLM proposes to amend the Cascade Resource Management Plan (RMP) to allow for transfer of certain public lands listed below and to classify them as suitable for Indemnity School Land Selection by the State of Idaho.

Boise Meridian, Idaho

T. 17 N., R. 4 E.,

Sec. 21: S $\frac{1}{2}$ SE $\frac{1}{4}$,Sec. 33: E $\frac{1}{2}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$,Sec. 35: NE $\frac{1}{4}$ SE $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$.

The protest shall be in writing and filed with the BLM Director at the address provided above. If no protests are submitted within the 30 days, the plan amendment will be approved.

For a period of 45 days from the publication of this notice, interested parties may submit comments regarding the indemnity selection and proposed transfer of lands to the State of Idaho. Comments are to be submitted to the District Manager at the address provided

above. Any objections will be reviewed by the State Director who may sustain, vacate, or modify this proposed realty action. In the absence of any planning protests or objections regarding the indemnity selection, this proposed realty action will become the final determination of the Department of Interior.

This NOA/NORA supplements the notice published August 19, 1996, on pages 42912 and 42913 of the Federal Register. The original NOA/NORA identified the three parcels listed above as not suitable for indemnity selection. This determination was based on a recommendation to ensure protection of sensitive and candidate species's habitat by retaining it under federal management. Further consideration has indicated that the subject habitat would be adequately protected under State management, and transfer of the lands would not contribute to potential listing of any sensitive or candidate species as threatened or endangered. Therefore, the lands listed above have been examined, and through the public supported land use planning process have been determined to be suitable and are hereby classified for disposal via the indemnity selection by the State of Idaho pursuant to Sections 2275 and 2276 of the Revised Statutes, as amended (43 U.S.C. 851, 852). The land will not be transferred until 45 days after the date of publication of this notice in the Federal Register.

This Decision is in accordance with the Endangered Species Act of 1973 (Pub. L. 93-205, 87 Stat. 884, 16 U.S.C. 1531), E.O. No. 11593, National Historic Preservation Act of 1966 (80 Stat. 915, 16 U.S.C. 470 et seq.), as amended, National Environmental Policy Act of 1969 (P.L. 91-190, 83 Stat. 852; 42 U.S.C. 4321), Federal Land Policy and Management Act of October 21, 1976 (Pub. L. 94-579, 90 Stat. 2743 Section 102(8)), and Section 7 of the Taylor Grazing Act (43 U.S.C. 315, 315a-315r). This Classification action meets the criteria in, and is made pursuant to 43 CFR 2410.1(a)-(d), and 2450.

The purpose of this indemnity selection is to satisfy a portion of the debt owned to the State of Idaho by the federal government for school endowment lands not available for transfer to the State at the time of statehood. The reservations, terms, and conditions applicable to the conveyance are:

Excepting and Reserving to the United States:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States pursuant to the Act

of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945).

2. Those rights for an access road granted to Boise Cascade Corporation by Right-of-Way IDI-22101, under the Federal Land Policy and Management Act of October 21, 1976.

Dated: November 21, 1996.

Jerry L. Kidd,

Acting District Manager.

Extension of Time Requested for Decision From OMB

AGENCY: Department of the Interior, National Park Service, Big Cypress National Preserve.

ACTION: Notice.

SUMMARY: On October 25, 1996, the National Park Service published a Notice and Request for Comments in the Federal Register (F.R. 61(208): 55313-55314) stating that the National Park Service (NPS) and Virginia Polytechnic Institute and State University propose to conduct a survey of the current amount and distribution of Off-Road Vehicle

(ORV) use within the Big Cypress National Preserve. The goal is to learn about this use with respect to vehicle type, recreation activity type, and management unit location of use. Results will be used by park planners, park managers, and members of the public in considering alternative ORV management options.

Under the provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the NPS in the October 25 Federal Register notice stated that it was requesting OMB to process the Information Collection Request (ICR) under the emergency processing provision by November 15, 1996 and that it was inviting public comment on the Proposed ICR for thirty days from the date of publication of the October 25 Federal Register notice.

In this notice, the NPS is reporting that it has amended its request to OMB to process this ICR under the emergency processing provision by requesting a decision date of no later than November 25, 1996. This revised decision date closely coincides with the published 30 day period during which the NPS accepted public comments about the proposed ICR.
