BILLING CODE 6718-04-P

44 CFR Part 67

[Docket No. FEMA-7168]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the

communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation

Directorate, 500 C Street, SW., Washington, DC 20472, (202) 646-2756.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other

Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42

U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
Alabama	Oneonta (City) Blount County.	Dry Creek	Approximately 0.4 mile downstream of Pocoda Drive.	None	*785
			At U.S. Route 231	None	*850

Maps available for inspection at the Oneonta City Hall, 202 Third Avenue East, Oneonta, Alabama.

Send comments to The Honorable Danny G. Hicks, Mayor of the City of Oneonta, City Hall, 202 Third Avenue East, Oneonta, Alabama 35121.

Florida	Monroe County (Unincorporated Areas).	Gulf of Mexico	Approximately 600 feet northwest of intersection of Evergreen Avenue and Evergreen Terrace.	*9	*13
			Approximately 370 feet northwest of intersection of Evergreen Avenue and Evergreen Terrace.	*9	*11
		Torch Ramrod Channel ..	Approximately 700 feet north of the intersection of Mariposa Road and Lesronde Drive along Lesronde Drive.	*11	*8
			Approximately 1,000 feet north of the intersection of Mariposa Road and Lesronde Drive along Lesronde Drive.	*11	*10

Maps available for inspection at the Monroe County Growth Management Building, 2798 Overseas Highway, Marathon, Florida.

Send comments to Mr. James Roberts, Monroe County Administrator, 5100 College Road, Wing 2, Room 212, Key West, Florida 33040.

Massachusetts ...	Nantucket (Town) Nantucket County.	Atlantic Ocean	At Great Point	*15	*10
			Approximately 0.2 mile from Great Point.	None	*7
			At the shoreline approximately 160 feet south of the intersection of Clifford Street and Nonatum Avenue.	*23	*9
			Approximately 150 feet east of the intersection of Adams Street and Nobadeer Avenue.	*10	*7
			At the southern portion of Miacomet Pond.	*7	*8
			At Hummock Pond	*8	*7
			Nantucket Sound	Head of the Harbor northern portion	*8
