**Southern Natural Gas Company;  
Notice of Request Under Blanket  
Authorization**

December 11, 1996.

Take notice that on November 25, 1996, Southern Natural Gas Company (Southern), P.O. Box 2563, Birmingham, Alabama 35202-2563, filed in the above docket, a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act for authorization to relocate certain delivery point facilities including metering and appurtenant facilities where it serves Mississippi Valley Gas Company (MVG). Such relocation is proposed to be performed by Southern under Southern's blanket certificate issued in Docket No. CP82-406-000, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Specifically, Southern proposes to relocate the existing meter at its existing Clayton Village Delivery Point which is currently located at the end of MVG's 2" Clayton Village Line. It stated that Southern proposes to relocate the facilities to a site at or near Mile Post 7.500 on Southern's 6-inch Starkville Lateral Line in Oktibbeha County, Mississippi. The estimated cost of the relocation of the delivery point facilities is approximately \$3,500. The new location will be more accessible to Southern's general operations in this area of its system.

Southern states that it will continue to transport gas to Clayton Village Delivery Point pursuant to its Rate Schedule FT

and its Rate Schedule IT. MVG does not propose to add or change any transportation demand to its firm service as a result of the relocation of the delivery point. Southern states that the installation of the proposed facilities will have no adverse impact on its peak day deliveries or firm requirements.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity is deemed to be authorized effective on the day after the time allowed for filing a protest.

If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
