

Gettysburg National Military Park, Pennsylvania.

The Visitor Center/Museum Facilities will be the gateway to the park. The visitors' experiences in these facilities will prepare them to understand and appreciate fully the Gettysburg Battlefield. The facilities will include the park's main visitor center, a history museum, a bookstore for sale of interpretive materials, a gallery for the display of the world-famous Gettysburg cyclorama painting, housing the park's extensive collections of artifacts and archives, and administrative office space. NPS envisions this facility as an educational, enriching, enlightening and entertaining destination where park visitors can learn about the Gettysburg Campaign. The museum will tell the story of the battle in its broad context of the Civil War and American History, and of its legacy and enduring importance to the American people. At the end of their stay at the facility, visitors should want to visit the battlefield, participate in related programs and activities in the community, and learn more about the era of the Civil War. The Visitor Center/Museum Facilities building program includes site rehabilitation, the removal of the existing Cyclorama Building, and removal of most of the existing Visitor Center. A very small visitor contact station will be developed somewhere in the vicinity of the existing centers.

NPS considers the most proposals received will suggest, as part of the overall cooperative arrangements, general NPS operation and maintenance of the Visitor Center/Museum Facilities, including, as is done now, collection of interpretive fees by NPS and general NPS operation of its programs.

Proposals, however, may also suggest other strategies to operate and maintain cooperatively the Visitor Center/Museum Facilities. Such strategies may include a blend of public and private management and operation or other solutions that provide the park with needed facilities and services while limiting NPS financial participation.

No specific site for the Complex has been proposed or selected. Sites both inside and outside the park's boundary will be considered under the Site Evaluation Criteria set forth below so long as it is within the area of consideration.

NPS intends that the general scope of the Visitor Center/Museum Facilities will be the same no matter where the Complex is located. However, a cooperator's Related Facilities may be broader in scope if located outside of Park boundaries as discussed below. Whatever the location, however, NPS

wishes to provide a fitting setting in which to honor the events comprising the Gettysburg Campaign and to serve its visitors. Therefore, the Complex must convey an image compatible with the mission and purpose of NPS.

In preparation for the selection of a proposal, NPS has completed a Draft Development Concept Plan. The Draft Development Concept Plan describes objectives and options for the Visitor Center/Museum Facilities and selects a preferred option. The Draft Development Concept Plan has been reviewed by the public and NPS and NPS has an environmental assessment of its impacts. Although it is the general desire of NPS that proposals will suggest implementation of the preferred alternative of the Draft Development Concept Plan (Option D), the NPS Goals, which are incorporated by reference in the Proposal Evaluation Criteria, are the controlling goals for this RFP. They are significantly more general than the description of Option D. Proposals are not required to adhere to Option D. Proposals may suggest any alternative or modifications to Option D that are consistent with the NPS Goals, including, but not limited to, modifications to Option D's descriptive building program for the Visitor Center/Museum Facilities.

NPS believes that most proposals received will include suggestions for Related Facilities. However, NPS points out that potential cooperators do not have to propose Related Facilities. Potential cooperators may submit proposals regarding only the cooperative.

SUPPLEMENTARY INFORMATION: The Secretary will consider and evaluate all proposals received as a result of this notice. Any proposal must be postmarked or hand delivered on or before close of business April 11, 1997 to be considered and evaluated.

Dated: December 6, 1996.

John A. Latschan,
Superintendent, Gettysburg NMP/Eisenhower NHS.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Importer of Controlled Substances; Notice of Correction

As set forth in the Federal Register (FR Doc. 96-20162) Vol. 61, No. 154 at page 41427, dated August 8, 1996, B.I. Chemical, Inc., 2820 N. Normandy Drive, Petersburg, Virginia 23805, made application to the Drug Enforcement Administration (DEA) for registration as an importer for certain basic classes of controlled substances.

By letter dated September 5, 1996, B. I. Chemicals, Inc. requested that the following controlled substances be deleted from their application:

Drug	Schedule
Acetylmethadol (9601)	I
Oxycodone (9143)	II
Hydrocodone (9193)	II
Levorphanol (9220)	II
Meperidine (9230)	II
Methadone (9250)	II
Thebaine (9333)	II

Therefore, the above listed controlled substances are hereby deleted from B.I. Chemicals, Inc.'s application for registration as an importer.

Dated: October 21, 1996.
 Gene R. Haislip,
*Deputy Assistant Administrator, Office of
 Diversion Control, Drug Enforcement
 Administration.*
 [FR Doc. 96-32608 Filed 12-23-96; 8:45 am]
BILLING CODE 4410-09-M

Manufacturer of Controlled Substance; Notice of Registration

By Notice dated August 21, 1996, and published in the Federal Register on August 30, 1996, (61 FR 45986), Celgene Corporation, 7 Powder Horn Drive, Warren, New Jersey 07059, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer of the basic classes of controlled substances listed below:

Drug	Schedule
2,5-Dimethoxyamphetamine (7396).	I

Drug	Schedule
Amphetamine (1100)	II

No comments or objections have been received. DEA has considered the factors in Title 21, United States Code, Section 823(a) and determined that the registration of Celgene Corporation to manufacture the listed controlled substances is consistent with the public interest at this time. Therefore, pursuant to 21 U.S.C. 823 and 28 C.F.R. 0.100 and 0.104, the Deputy Assistant Administrator, Office of Diversion Control, hereby orders that the application submitted by the above firm for registration as a bulk manufacturer of the basic classes of controlled substances listed above is granted.

Dated: November 19, 1996.
 Gene R. Haislip,
*Deputy Assistant Administrator, Office of
 Diversion Control, Drug Enforcement
 Administration.*

BILLING CODE 4410-09-M

Manufacturer of Controlled Substances; Notice of Registration

By Notice dated August 21, 1996, and published in the Federal Register on August 30, 1996, (61 FR 45986), Ciba-Geigy Corporation, Pharmaceuticals Division, Regulatory Compliance, 556 Morris Avenue, Summit, New Jersey 07901, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer by methylphenidate (1724), a basic class of controlled substance listed in Schedule II.

No comments or objections have been received. DEA has considered the factors in Title 21, United States Code, Section 823(a) and determined that the registration of Ciba-Geigy Corporation to manufacture methylphenidate is consistent with the public interest at this time. Therefore, pursuant to 21 U.S.C. 823 and 28 CFR 0.100 and 0.104, the Deputy Assistant Administrator, Office of Diversion Control, hereby orders that the application submitted by the above firm for registration as a bulk manufacturer of the basic class of controlled substance listed above is granted.

Dated: November 19, 1996.
