In accordance with sections 353.22(a) and 355.22(a) of the regulations, an interested party as defined by section 353.2(k) may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 19 C.F.R. 355.22(a) of the Department's Interim Regulations (60 FR 25137 (May 11, 1995)), an interested party must specify the individual producers or exporters covered by the order for which they are requesting a review. Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends or the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin, and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room B-099, U.S. Department of Commerce, Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping Compliance, Attention: Pamela Woods, in room 3065 of the main Commerce Building. Further, in accordance with section 353.31(g) or 355.31(g) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the Federal Register a notice of "Initiation of Antidumping (Countervailing) Duty Administrative Review," for requests received by March 31, 1996. If the Department does not receive, by March 31, 1996, a request for review of entries covered by an order or finding listed in this notice and for the period identified

above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute, but is published as a service to the international trading community.

Dated: February 28, 1996.

Joseph A. Spetrini,

Deputy Assistant Secretary for Compliance.

Elemental Sulphur From Canada; Final Results of Antidumping Finding Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Finding Administrative Review.

SUMMARY: On July 24, 1995, the Department of Commerce (the Department) published the preliminary results of its 1991-92 administrative review of the antidumping finding on elemental sulphur from Canada (60 FR 7872). The review covers 15 manufacturers/exporters of the subject merchandise to the United States and the period December 1, 1991 through November 30, 1992 (the POR). We gave interested parties an opportunity to comment on our preliminary results. Based on our analysis of the comments received, we have made changes, including corrections of certain clerical errors, in the margin calculation for Husky Oil Ltd. (Husky). These changes have resulted in a change in the best information available (BIA) rates assigned to Mobil Oil Canada, Ltd. and Petrosul International (Petrosul) for this review. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margins for each of the reviewed firms are listed

below in the section entitled "Final Results of Review."

EFFECTIVE DATE: March 4, 1996.

FOR FURTHER INFORMATION CONTACT: Thomas O. Barlow or Michael Rill, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, Washington, D.C. 20230; telephone: (202) 482-0410 or -4733, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 24, 1995, the Department published in the Federal Register the preliminary results of review (60 FR 6872) of the period December 1, 1991 through November 30, 1992. Pennzoil, a domestic producer, and two exporters, Husky and Mobil, requested a public hearing which was held on September 27, 1995. The Department has now conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Tariff Act).

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute and to the Department's regulations are references to the provisions as they existed on December 31, 1994.

Scope of the Review

The period of review (POR) is December 1, 1991 through November 30, 1992. Imports covered by this review are shipments of elemental sulphur from Canada. This merchandise is classifiable under Harmonized Tariff Schedule (HTS) subheadings 2503.10.00, 2503.90.00, and 2802.00.00.

The HTS subheading is provided for convenience and for U.S. Customs purposes. The written description of the scope of this order remains dispositive as to product coverage.

Verification

As provided in section 776(b) of the Tariff Act, we conducted sales and cost verifications of Husky and Mobil and verified information provided by these respondents by using standard verification procedures, including on-site inspection of the producer's facilities, the examination of relevant
