Title of Proposal: Survey of Vouchered-out Households.

Description of the need for the information and proposed use: Currently, HUD's Office of Property Disposition is in the process of disposing, through demolition, several privately-owned multifamily assisted properties which have been acquired by the Department as a result of foreclosure or deteriorating safety and social conditions. Prior to disposing of these properties, eligible resident households are provided with Section 8 housing vouchers to obtain alternative housing. In order to gain insight into the transformation of project-based programs to tenant-based assistance, the Department proposes to study several of these vouchered-out projects. Specifically, the Department is interested in learning more about housing and neighborhood outcomes for renter households who receive a voucher to leave multifamily assisted housing for residence in unassisted housing. The results of this study will have a direct bearing on the Department's policies for re-locating households from distressed assisted housing.

Members of affected public: 200 households who received a voucher to leave assisted housing will be interviewed concerning their experiences in obtaining alternative housing with a voucher.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: Information will be collected through one-time telephone interviews with 200 members of households who moved from assisted housing to private housing with a voucher. These interviews will last an average of .417 hours (25 minutes) for a total respondent burden of 83.4 hours (200 X .417).

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: February 27, 1996.
