

279, 42 U.S.C. 1437l note) ("OCRA") requires PHAs to identify certain distressed public housing developments that will be required to be assessed. Households in occupancy would be offered tenant-based or project-based assistance (that can include other public housing units) and would be relocated—if sufficient housing will not be maintained, rehabilitated, or replaced on the current site—to other decent, safe, sanitary, and affordable housing which is, to the maximum extent practicable, housing of their choice. After residents are relocated, the distressed developments (or affected buildings) for which no reasonable means of revitalization exists will be removed from the public housing inventory.

On September 26, 1996, at 61 FR 50632, the Department published a notice to implement section 202 of OCRA. The notice established the standards for conducting the assessments and the conversion plan. It also set forth certain timeframes for meeting those standards. The timeframes set in that notice were amended by publication of a notice in the **Federal Register** on December 26, 1996, at 61 FR 68048, in order to be equitable to all of the housing authorities to be assessed. This notice further amends the timeframes by extending the March 31, 1997 deadline for accomplishing Standard D until June 30, 1997. Based on further analysis and the public comments received on the September 26, 1996 notice, an interim rule will be issued in the near future which will further address Standard D, as well as respond to the public comments received.

Dated: March 20, 1997.

Kevin Emanuel Marchman,

Acting Assistant Secretary for Public and Indian Housing.

Bureau of Land Management

[WO-640-1820-00 24 1A]

**Call for Nominations for Resource
Advisory Councils**

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice of Resource Advisory
Council Call for Nominations.

SUMMARY: The purpose of this notice is to solicit public nominations for each of the Bureau of Land Management (BLM) Resource Advisory Councils that have member terms expiring this year. The Councils provide advice and recommendations to BLM on land use planning and management of the public lands within their geographic areas. Public nominations will be considered for 45 days after the publication date of this notice.

The Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by BLM. Section 309 of FLPMA directs the Secretary to select 10 to 15 member citizen-based advisory councils that are established and authorized consistent with the requirements of the Federal Advisory Committee Act (FACA). As required by the FACA, Resource Advisory Council members appointed to the council must be balanced and representative of the various interests concerned with the management of the public lands. These include three categories:

Category One—holders of federal grazing permits, representatives of energy and mining development, timber industry, off-road vehicle use and developed recreation;

Category Two—representatives of environmental and resource conservation organizations, archaeological and historic interests, and wild horse and burro groups;

Category Three—representatives of State and Local government, Native American tribes, academicians involved in natural sciences, and the public-at-large.

Individuals may nominate themselves or others. Nominees must be residents of the State or States in which the council has jurisdiction. Nominees will be evaluated based on their education,

training, and experience of the issues and knowledge of the geographical area of the Council. Nominees should have demonstrated a commitment to collaborative resource decision making. All nominations must be accompanied by letters of reference from represented interests or organizations, a completed background information nomination form, as well as any other information that speaks to the nominee's qualifications.

Simultaneous with this notice, BLM State Offices will issue press releases providing additional information for submitting nominations, with specifics about the number and categories of member positions available for each council in the State. Nominations for Resource Advisory Councils should be sent to the appropriate BLM offices listed below.
