Overview of this information collection:

(1) Type of Information Collection: Revised collection.

(2) Title of the Form/Collection: Department Annual Report

(3) Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form: COPS 1103-0031. Office of Community Oriented Policing Services, U.S. Department of Justice.

(4) Affected public who will be asked or required to respond, as well as a brief abstract: Primary: State, Local or Tribal Governments. Other: None. Other: None.

The information collection is used to determine grantee progress on its COPS Hiring grant. Completion of such report is a condition of all COPS hiring programs. The COPS Office achieves the goals hiring of the crime bill by offering the Universal Hiring grant program. It is designed to assist with the implementation of community policing by providing funding for up to \$75,000 of the salaries and benefits of newly hired officers for a three year period. Throughout the grant period, law enforcement agencies are expected to plan, in good faith, to retain the funded positions through full local funding.

As the COPS Office's grants mature, it is important that it monitor the progress of this good faith planning for retention. Thus, the COPS Office has expanded its Department Annual Report by adding a question specific to retention planning. The remainder of the information collected under the previously approved¹ Department Annual Report will remain the same: questions aimed at collecting the minimum information

necessary to monitor the progress of law enforcement agencies as successfully hiring their COPS funded officers and implementing community policing as they indicated they would in their grant application. With the anticipated OMB approval of the revised Department Annual Report, the COPS Office will retire its predecessor from dissemination to its grantees.

The information collected in the Department Annual Report will continue to be collected once per year so long as the law enforcement agency receives COPS program hiring monies. The Instruments will be mailed to the grantees with instructions and a sample completed Progress Report Document.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 10,000 responses; 1.3 hours per response. The information will be collected one time per year from each respondent.

(6) An estimate of the total public burden (in hours) associated with the collection: 38,000 annual burden hours.

If additional information is required contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street, NW, Washington, DC 20530.
