

the Federal Reserve System, Washington, DC 20551.

Proposal to approve under OMB delegated authority the extension for three years, with revision, the following report:

1. Report title: Consolidated Report of Condition and Income for Edge and Agreement Corporations
Agency form number: FR 2886b
OMB control number: 7100-0086
Frequency: Quarterly
Reporters: Edge and agreement corporations

Annual reporting hours: 3,619
Estimated average hours per response: 11.6

Number of respondents: 39 banking corporations, 39 investment corporations

Small business are not affected.

General description of report: This information collection is mandatory (12 U.S.C. 602 and 625) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: This report collects balance sheet and income data from Edge and agreement corporations. Information collected on the FR 2886b is used to help plan and target the scope of examinations of Edge corporations and to evaluate applications. Data from the FR 2886b are also used to monitor aggregate institutional trends, such as growth in assets and the number of offices, changes in leverage, and the types and locations of customers. The significant revisions to the report consist of changing reporting to a fully consolidated basis, instead of the consolidation of only branch operations; collecting new information on mutual funds and annuity sales; adding two line items: "Trading assets" and "Trading liabilities;" changing the reporting of current items "Claims on affiliates" and "Liabilities to affiliates" from a net to a gross basis; revising the reporting of securities, income and expenses, changes in capital reserve accounts, and off-balance-sheet items to be more consistent with the collection of similar data on the Report of Condition for Foreign Subsidiaries of U.S. Banking Organizations (FR 2314; OMB No. 7100-0073); revising "Claims on and Liabilities to Affiliates" to include related U.S. banks other than the parent bank; revising "Past Due and Nonaccrual Loans and Lease Financing Receivables" to include past due information on other assets; and exempting nonbanking Edge corporations from reporting seven supporting schedules.

Proposal to approve under OMB delegated authority the extension for

three years, without revision, of the following reports:

1. Report title: Senior Loan Officer Opinion Survey on Bank Lending Practices

Agency form number: FR 2018

OMB control number: 7100-0058

Frequency: Up to six times per year

Reporters: Large U.S. commercial banks and large U.S. branches and agencies of foreign banks

Annual reporting hours: 1,008

Estimated average hours per response: 2.0

Number of respondents: 84

Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. 248(a), 324, 335, 3101, 3102, and 3105) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: The FR 2018 is conducted generally by means of telephone interview by a Federal Reserve Bank officer having indepth knowledge of the area of bank lending practices, with a senior loan officer at each respondent bank. The reporting panel consists of sixty large domestically chartered commercial banks, distributed fairly evenly across Federal Reserve Districts, and twenty-four large U.S. branches and agencies of foreign banks. The survey seeks primarily qualitative information pertaining not only to current price and flow developments but also to evolving techniques and practices in banking. A significant fraction of the questions in each survey consists of unique questions on topics of timely interest. There is the option to survey other types of respondents (such as other depository institutions, bank holding companies, or corporations) should the need arise. The FR 2018 is a very important tool for monitoring and understanding the evolution of lending practices at banks and developments in credit markets generally.

2. Report title: Senior Financial Officer Survey

Agency form number: FR 2023

OMB control number: 7100-0223

Frequency: Up to four times per year

Reporters: Commercial banks, other depository institutions, corporations or large money-stock holders

Annual reporting hours: 240

Estimated average hours per response: 1.0

Number of respondents: 60

Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. 225a, 248(a), and 263); confidentiality will be determined on a case-by-case basis.

Abstract: The FR 2023 requests qualitative and limited quantitative

information about liability management and the provision of financial services from a selection of sixty large commercial banks or, if appropriate, from other depository institutions of corporations. Responses are obtained from a senior officer at each participating institution through a telephone interview conducted by Federal Reserve Bank or Board staff. The survey is conducted when major informational needs arise that cannot be met from existing data sources. The survey does not have a fixed set of questions; each survey consists of a limited number of questions directed at topics of timely interest.
