

the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 65 is amended to read as follows:

PART 65—[AMENDED]

1. The authority citation for part 65 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 65.4 [Amended]

2. The tables published under the authority of § 65.4 are amended as follows:

State and county	Location	Dates and name of newspaper where notice was published	Chief executive officer of community	Effective date of modification	Community No.
Indiana:					
Allen (FEMA Docket No. 7191).	Town of Grabill	February 18, 1997, February 25, 1997, Journal Gazette.	Ms. Joanne Sauder, Grabill Town Council, P.O. Box 321, Grabill, Indiana 46741.	July 9, 1996	180499 D
Allen (FEMA Docket No. 7191).	Unincorporated areas	February 18, 1997, February 25, 1997, Journal Gazette.	Mr. Jack McComb, Allen County Commissioner, City/County Building, 1 East Main Street, Room 220, Fort Wayne, Indiana 46802.	May 26, 1997.	180302 D

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance.")

Dated: April 2, 1997.

BILLING CODE 6718-03-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained

by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Frederick H. Sharrocks, Jr., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2796.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone

areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Executive Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

Summary of Report and Order

1. The amended rules respond to petitions filed by the American Radio Relay League, Inc., and the National Conference of Volunteer-Examiner Coordinators. The amended rules also reflect action on proposals made by the Commission on its own motion.

2. The amended rules increase the eligibility requirement for an amateur service club station license to four persons in order to improve the effectiveness of the amateur service licensing process.

3. The amended rules permit a VE team to select a VE session manager to organize activities at an examination session and to conduct liaison functions with the coordinating VEC.

4. In order to provide greater operational flexibility for amateur radio operators, the amended rules allow the station identification to include a self-assigned indicator before, after, or both before and after, the assigned call sign.

5. Finally, the amended rules authorize the licensee of an amateur station operating in conjunction with a self-determined special event to substitute for its assigned call sign a self-selected call sign from the block of one-by-one call signs.

6. In view of the opposition expressed in the comments, the Commission declined to give examination credit for licenses formerly held.

7. The amended rules are set forth below.

8. Pursuant to Section 605(b) of the Regulatory Flexibility Act (RFA) the Commission certifies that the amended rules will not have a significant economic impact on a substantial number of small entities because the amateur stations that are the subject of this proceeding are not authorized to transmit communications for a pecuniary interest.

9. Authority for this action is contained in Sections 4(i) and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i) and 303(r).

10. A copy of the RFA certification will be provided to the Chief Counsel for Advocacy of the Small Business Administration.
